RE: **Request for Traffic Incident Report
Intersection of Fifth St and Vial St, Norco**

In a memorandum dated May 5, 2010 from Councilman Marcus Lambert, Councilman District VI (copy attached), the Department of Public Works (DPW) was asked to provide a recommendation for installation of a "STOP" sign(s) at the above mentioned intersection. One of the criteria for the reduction is the number of traffic incidents within the past twelve months on the intersection being considered.

In order for this office to make an informed recommendation, DPW requests from your office a listing of all traffic incidents at the above mentioned street, within the past twelve months. Any help you can give us would be greatly appreciated.

Should you have any questions or comments, please call me at 783-5102.
