- **Expiring October 2022**

River Parish Maintenance – per our discussion today, the lease term of 11/2/2021-2/1/2022 can be extended with an unlimited option and does not require a letter to do so. I have also noted written termination is required 30 days in advance. I will leave this on our lease list until I hear from Administration this lease has been terminated. Please advise how this is being renewed and how long this has been renewed. Legal recommends written renewal although not required by agreement. **Renewed through October 31, 2022. Need renewal letter if continuing to extend.**

- **Expiring November 2022**
