Subj: Planning and Zoning

Due to my heavy work schedule I am resigning as planning and zoning commission for district IV. It has been my great pleasure to have served as commissioner for the past 7 years. I have meet and served with some really special people. I feel a person who can devote more time to the needs of St. Charles parish is needed. I plan to make the August 6 meeting which will give you ample time to choose a replacement.. Again it has been my great pleasure to have represented district IV and served with you as our councilman.
Please forward to all commissioners
Stan Foster
