RE: Exterior Vehicle Wash Wastewater General Permit Coverage Notice
Louisiana Pollutant Discharge Elimination System (LPDES)

Dear Mr. Connor:

Your application received November 3, 2009, for Sparkles Mobile Detailing, operating at various locations, statewide, has been processed and determined to be complete.

This facility/operation, if qualified under the conditions of the permit and unless notified otherwise by this Office, is authorized to discharge under the terms and conditions imposed by Louisiana's LPDES General Permit for Exterior Vehicle Wash Wastewater. Therefore, pursuant to the Louisiana Environmental Quality Act (LA R.S. 30:2001, et seq.), LPDES general permit authorization number **LAG759764** has been issued for the covered discharges.

LAG759764 and the Agency Interest Number **167726** should be referenced in all future correspondence with this office related to this permit.

Please note that the permit requires you to notify the Water Permits Division in writing of any future change in ownership of the facility or if circumstances change that result in the addition or elimination of permitted outfalls or a change in the composition of the effluent from any outfall that you identified in the NOI (see permit Part I.A).

In accordance with **Part I, Section C**, monitoring results shall be reported on a Discharge Monitoring Report Form (DMR) per the schedule specified. A copy of the form to be used is attached. Copies of DMRs and all other correspondence should be sent to the Enforcement Division of the Office of Environmental Compliance at the address indicated in the attached CURRENT ADDRESSES LIST.

Your facility will be assessed an Annual Maintenance and Surveillance Fee in the amount of **\$317.00**, to be invoiced separately by the agency. Annual fee amounts are subject to adjustment at a later date by promulgation of changes in the Louisiana Administrative Code. Pursuant to LAC 33.IX.1309.I, LAC 33.IX.6509.A.1 and LAC 33.I.1701, you must pay any past due fees to the Department. Therefore, you are encouraged to verify your facility's fee status by contacting LDEQ's Office of Management and Finance, Financial Services Division at (225) 219-3863. **Any past due fees must be remitted via a check to the Louisiana Department of Environmental Quality within thirty (30) days after the effective date of authorization under the permit.** Failure to pay the full amount due in the manner and time prescribed could result in applicable enforcement actions as prescribed in the Environmental Quality Act, including, but not limited to revocation or suspension of the applicable permit, and/or a civil penalty against you.

Attached for your use is a copy of the permit. This permit can also be accessed on the LDEQ web site at: <http://www.deq.louisiana.gov> - LPDES Water Discharge General Permits. **Please note that Section II of your NOI describes the outfalls which are authorized at the facility.**

If you have questions concerning the general permit, please call Debbie Bissett at (225) 219-3107 in the Municipal and General Water Permits Section of the Water Permits Division.

Sincerely,

Tom Killeen, Environmental Scientist Manager
Municipal and General Water Permits Section
