Subject: Compression Air Brakes Ordinance Support

All,
As residents of the Boutte/Mozella/Paradis area, we would like to express our support for the proposed ordinance (attached) addressing the unnecessary use and resulting excessive noise from the use of truck air brakes in our area. Posting of limitations of use will be consistent with restrictions in surrounding areas (I310, DesAllemands) and help improve the quality of life for all nearby residents.

Thank you for your consideration of this ordinance.

Sincerely,
Greg and Phoebe Cellos
