Efficient roadway system

An architectural rendering of the North Terminal Curbside roadway system. The scene shows a modern, multi-story terminal building with a large glass facade and a prominent white overhang. In the foreground, a paved roadway with white crosswalks and bollards is shown. A dark grey sedan is parked on the left. Several people are walking on the sidewalk, some with luggage. A man in a suit with a briefcase is in the foreground, and a woman in a white top and grey skirt is walking towards the camera. In the background, a white van and other vehicles are visible. The sky is blue with a few clouds and a small airplane flying in the distance.

North Terminal Access Long-Term Plan
