RE: East Bank Water Treatment Plant Hurricane Ida Repairs

St. Charles Parish Waterworks Department

SCP Project No. WWKS-109

Dear Mr. Gorden,

The purpose of this letter is to provide an additional extension to hold prices for another 30 days beyond the most recent bid extension of October 27, 2023.

In accordance with the requirements of the contract, bid prices submitted for this project on September 14, 2022 are required to be held for 45 days until contracts are finalized for the project. Due to additional funding agency requirements beyond the control of St. Charles Parish, our company voluntarily agreed to extend bid prices a second time to December 24, 2023 through a November 25, 2023 letter.

Please feel to contact our office should you have any questions.

Sincerely,

PINTAIL CONTRACTING SERVICES, LLC

Jeffery Lemoine
