Good Evening Councils

I Mrs. Fannie E. Simmons of 16415
old Spanish Trl. Des Allemands, are
one of the adjacent Homeowners also
I am not able to attend this meeting,
but I am opposed to the rezoning
of the Property, and I am opposed to
the special Permit to allow a
Cemetery behind the Home of my
Daughter Carolyn Simmons. Please
consider how we all feel about
this problem, we do hope that you all
consider deny both of these request.

Mrs. Fannie E. Simmons

We the undersigned adjacent property owners are 1) **opposed** to the rezoning of the property along the rear of our property for the ultimate goal of constructing a cemetery, and 2) **opposed** to the special use permit to allow the cemetery in the proposed zoning district if the rezoning is approved. The zoning regulations were established to protect adjacent property owners, not to provide the applicant what they are requesting when it detrimentally affects the adjacent property. We strongly request that you deny both of these request. Put yourself in our position. Would you want a cemetery to be allowed next to your house when you and your neighbors are opposed to it?
