RE: Project No. P090201-2
Canal #10 Drainage Improvements
(Matherne Drive to Pine Street)
WCD 3204 (020) Signed Substantial Completion

Dear Mr. Saleh:

Attached is the signed substantial completion form for the above-referenced project.

Per our conversation last week, we have agreed to repair the one driveway panel at 134 Bayou Estates South. The repair of this driveway completes all punch list items. Please note that our first notice of this item was when we received the initial draft of the substantial completion form from you on January 23.

Per our discussion, you agree that all work on the project was completed in accordance with the plans and specifications. We are therefore, requesting a letter of final acceptance of the work. The letter of final acceptance must be recorded to begin the 45 day clear lien period, at which time we can then record the L&P.

Thank you very much for your cooperation. If there are any questions, please feel free to contact me. We await your reply.

Sincerely,

Wallace C. Drennan, Inc.
