

**2025-3-ORD requested by Matthew Jewell, Parish President / Dept. of Planning & Zoning to amend Section XX.E.1 of the St. Charles Parish Zoning Ordinance of 1981, as amended, to add general standards for new and replacement water supply systems to the Flood Damage Prevention Ordinance.**

**Mr. Albert** – continuing, this is the second item on our CAV visit that we have to correct. This is something we deal with in other places in the ordinance this refers to I and I infiltration of storm water going into the various systems. I have support from Director of Water Works on this we talked to them and confirmed the language is in line with exactly what we doing now we just need to make sure it is in our flood hazard election ordinance, flood damage prevention ordinance.

The public hearing was open and closed, no one spoke for or against.

Commissioner Price made a motion, seconded by Commissioner Folse.
