Said Tract is located in Section 25, T-13S, R-21E of St. Charles Parish, Louisiana.

The area of this tract being give is 5.532 Acres.

Being the land described in a Consent Judgment of Expropriation, to the herein Grantor, dated November 19, 1992, and recorded at Registry No. 170029, in Deed Book 459, page 292, of the Conveyance Records of the Parish of St Charles, Louisiana ("Grantor's Land").

The lands included in and covered by this Grant of Servitude shall include, in addition to the above described lands, all land, if any, contiguous or adjacent to or adjoining the above described land that is owned by Grantor by whatever means, including but not limited to prescription, possession, reversion, or unrecorded instrument upon which the Pipeline Facilities, the Right-of-Way, and/or any Temporary Workspace are located.

The Right-of-Way herein granted shall be a total width of thirty feet (30'), extending fifteen feet (15') on either side of the centerline of the existing pipeline, and as generally depicted on Exhibit "A" attached hereto and made a part hereof.

Grantor also grants to Grantee, its successors and assigns, a temporary servitude for the use as temporary work space ("Temporary Workspace") adjacent to both sides of the Right-of-Way to facilitate the construction, installation, inspection, maintenance, alteration, repair, protection, replacement (including changing the size of and substitution), and removal of the Pipeline Facilities which is generally shown on Exhibit "A" and described as "Temporary Workspace". The Temporary Workspace will expire and revert back to Grantor twenty-four (24) months after the Pipeline Facilities are again placed in service.

Grantor reserves for itself, its successors and assigns, the right to use and enjoy the Right-of-Way for such purposes as do not unreasonably interfere with the rights granted herein, provided, however, such rights shall not include the right to construct, maintain or permit to be constructed or maintained any house, structure, pond, reservoir, or obstruction on, over, or under the Right-of-Way. Grantor shall not substantially change the grade over the Right-of-Way.

Grantor and Grantee agree that the above mentioned consideration includes payment for all damages for the construction of the Pipeline Facilities, including any severance damages to Grantor's Land. Grantee shall have the right, but not the obligation, to clear, and keep cleared, all trees, brush, undergrowth and other obstructions from the Right-of-Way without additional compensation to Grantor. Grantee shall not pay or be liable for any other or additional compensation or damages related to the initial construction or removal of trees, brush, undergrowth and other obstructions from the Right-of-Way. Grantee agrees to reimburse Grantor, or its designated agent or tenant as their respective interests may appear, for actual damages to growing crops, grasses, shrubbery, or fences on the Right-of-Way caused by Grantee's exercise of its rights hereunder, in connection with the subsequent construction, operation, inspection, maintenance, alteration, repair, protection, modification (including changing the size of and substitution) of the Pipeline Facilities.

The servitude granted herein shall extend to and include the free and full right of ingress and egress over and across said Grantor's Land and other adjacent lands owned or leased by Grantor to and from said Right-of-Way for Grantee's exercise at any time, and from time to time, of the rights granted herein. To the extent Grantee determines it practicable, such ingress and egress

should be over such roads or ways as may exist at the time of each particular exercise of Grantor's rights hereunder.

To the maximum extent permitted by Law, Grantee will indemnify and hold harmless Grantor from and against any and all Liabilities to the extent and only to the extent such liabilities are caused by the exercise of Grantee's rights under this agreement in connection with: (i) bodily injury (including death) of any person and (ii) damage to the Grantor's real property or any personal property owned by Grantor. Grantee intends the foregoing indemnity and hold harmless obligations to apply to the extent that such Liabilities are caused by the negligence or willful misconduct of Grantee. As used in this paragraph "Law" means all applicable federal, state and local codes, constitutions, decrees, directives, laws, licenses, ordinances, injunctions, orders, permits, regulations, requirements, rules and statutes; and "Liabilities" means all actions, claims, causes of action, costs, demands, damages, expenses, fines, lawsuits, liabilities, losses, obligations and penalties, including court costs, defense costs, settlement costs and reasonable attorneys' fees. Grantee's indemnity and hold harmless obligations to Grantor under this paragraph shall not include any special, indirect, consequential or punitive losses or damages resulting from the exercise of Grantee's rights under this agreement, including, without limitations, loss or use, loss of profit or business interruptions, however same may be caused and regardless of the sole or concurrent negligence of any party.

This Grant of Servitude shall include, and Grantee shall have, all other rights and benefits necessary or convenient for the full enjoyment of the use of the rights herein granted, including but not limited to: the rights to limit access to the Right-of-Way; to remove, clear and to keep clear, at any time in Grantee's sole and absolute discretion and with no additional compensation to Grantor, all buildings, walls or similar structures, above or below ground swimming pools, decks, pipelines and conduits, septic systems, leach fields, wells, rocks, trees, brush, limbs and any other structures or obstructions in or on the Right-of-Way which might interfere with the use of the Right-of-Way or the free and full right of ingress and egress; and to do any other lawful activities which are incidental to or helpful for the intended uses of the Right-of-Way set forth above.

Grantor shall not change the grade of, excavate, fill or flood the Right-of-Way, or interfere with the vegetative maintenance activities to the extent deemed necessary by Grantee.

The rights, title and privileges herein granted may, in whole or in part, be sold, leased, assigned, pledged, and mortgaged, and shall be binding upon and inure to the benefit of the parties hereto, their respective heirs, executors, administrators, successors, assigns and legal representatives.

The failure of Grantee to exercise any rights herein conveyed in any single instance shall not be considered a waiver of such rights and shall not bar Grantee from exercising any such rights in the future, or if necessary, seeking an appropriate remedy in conjunction with such rights. The parties irrevocably agree to waive their right to a trial by jury.

Grantor understands and agrees that any person securing this grant is without authority from Grantee to make any agreement with respect to the subject matter not herein expressed and this Grant of Servitude represents the entire agreement between the parties.

IN WITNESS WHEREOF, the GRANTOR herein has duly executed this Grant of Servitude on the date of the acknowledgment below. If this Grant of Servitude is executed by more than one Grantor, each Grantor shall be deemed to have executed this Grant of Servitude on the date of his, her or its respective acknowledgment below.
