# The Genius 3D Mammography Exam FAQs

## Why should I get a Genius 3D mammography exam?

- 1. Better, earlier cancer detection compared to 2D alone. The 3D mammogram includes both the 2D and the 3D images with no additional compression to the breast.**
- 2. Greater accuracy means better breast cancer detection and a reduced chance of additional screenings.**
- 3. Reduces unnecessary callbacks by up to 40%**
- 4. 3D finds on average, 20-65% more invasive cancers than conventional mammography alone.**
