2024-0165

INTRODUCED BY: MICHELE DEBRULER, COUNCILWOMAN, DISTRICT VII
ORDINANCE NO. 24-5-9

An ordinance to provide for the installation of **"ALL-WAY STOP"** signs at the intersection of Cove Pointe Drive and Cove Glen Lane, in Ashton Plantation Subdivision in Luling.

WHEREAS, the St. Charles Parish Code of Ordinances, Chapter 15 Motor Vehicles and Traffic provides for the installation of traffic control signs; and,

WHEREAS, the installation of "All-Way Stop" signs will significantly reduce the possibility of accidents at this intersection by mitigating the risk navigating at the intersection on Cove Pointe Drive and Cove Glen Lane; and,

WHEREAS, it is the desire of the Parish Council to authorize the installation of **"ALL-WAY STOP"** signs at the intersection of Cove Pointe Drive and Cove Glen Lane, in Ashton Plantation Subdivision in Luling due to safety concerns.

THE ST. CHARLES PARISH COUNCIL HEREBY ORDAINS:

SECTION I. That there is hereby established **"ALL-WAY STOP"** signs at the intersection of Cove Pointe Drive and Cove Glen Lane, in Ashton Plantation Subdivision in Luling.

SECTION II. That the Department of Public Works is hereby authorized to erect and maintain said **"ALL-WAY STOP"** signs.

The foregoing ordinance having been submitted to a vote, the vote thereon was as follows:

YEAS: MOBLEY, FONSECA, WILSON, SKIBA, PILIE, COMARDELLE,
O'DANIELS, FISHER, DEBRULER
NAYS: NONE
ABSENT: NONE

And the ordinance was declared adopted this 20th day of May, 2024, to become effective five (5) days after publication in the Official Journal.

INTRODUCED BY: MATTHEW JEWELL, PARISH PRESIDENT
(DEPARTMENT OF PUBLIC WORKS)

ORDINANCE NO. 24-5-10

An ordinance to approve a purchase and/or expropriate a 10,275 square foot perpetual drainage servitude designated as P-100 and a 1,432 square foot temporary construction servitude designated as T-100 over property owned by Cristina & Lauricella, Inc., for the Montz Pump Station and Drainage Modification Project.

WHEREAS, the community of Montz, St. Charles Parish, Louisiana has a history of drainage problems; and,

WHEREAS, hydrology and engineering analyses were completed in the Montz watershed area, which produced recommendations to improve the drainage in said area by constructing pump stations, cleaning canals, modifying, and constructing additional drainage ditches and berms; and,

WHEREAS, it is necessary for St. Charles Parish to acquire the identified real estate interest from landowners in order for St. Charles Parish to construct, operate, and maintain the Montz Pump Station and Drainage Modification Project to protect the property owners in the Montz community; and,

WHEREAS, properties are more particularly described on the drawing by Riverlands Surveying Company dated October 24, 2023 and revised on March 15, 2024, attached hereto and made a part hereof; and,

WHEREAS, the fair market value of the required real estate interest that needs to be acquired, as established by a licensed MAI appraiser, is \$14,977.40.

THE ST. CHARLES PARISH COUNCIL HEREBY ORDAINS:

SECTION I. That the purchase and/or expropriation of a 10,275 square foot perpetual drainage servitude designated as P-100 and a 1,432 square foot temporary construction servitude designated as T-100 is hereby approved and accepted in the not to exceed value of \$14,977.40.

SECTION II. That the Parish President is hereby authorized to execute any and all documents necessary to complete said purchase and/or expropriation on behalf of St. Charles Parish.

INTRODUCED BY: MATTHEW JEWELL, PARISH PRESIDENT

ORDINANCE NO. 24-5-11

An ordinance approving and authorizing the execution of a Professional Services Agreement with DRC Emergency Services, LLC and Lemoine Disaster Recovery, L.L.C. for Disaster Recovery Services for St. Charles Parish.

WHEREAS, St. Charles Parish may from time to time experience massive destruction wrought by the impact of a hurricane, violent storm, tornadoes, flooding and/or other emergency events; and,

WHEREAS, it may be necessary to provide massive disaster recovery services to preserve and protect the health, safety and welfare of the citizens and property of St. Charles Parish; and,

WHEREAS, St. Charles Parish issued a Request for Proposals for these type of disaster recovery services to select qualified contractors to perform these services in a manner that achieves federal reimbursement; and,

WHEREAS, the Request for Proposals was publicly advertised and sealed proposals were received; and,

WHEREAS, all proposals have been reviewed and evaluated in accordance with the Award Criteria set for in the Request for Proposals and it is recommended that two non-exclusive contracts be issued; and,

WHEREAS, St. Charles Parish recommends that a non-exclusive contract be awarded to DRC Emergency Services, LLC; and,

WHEREAS, St. Charles Parish recommends that a non-exclusive contract be awarded to Lemoine Disaster Recovery, L.L.C.

THE ST. CHARLES PARISH COUNCIL HEREBY ORDAINS:

SECTION I. That two non-exclusive Professional Services Agreements, one between St. Charles Parish and DRC Emergency Services, LLC and the other between St. Charles Parish and Lemoine Disaster Recovery, L.L.C. are hereby approved and accepted.

SECTION II. That the Parish President is hereby authorized to execute said Agreements on behalf of St. Charles Parish, along with any other documents as the Parish President deems necessary to carry out the intent of this ordinance.

The foregoing ordinance having been submitted to a vote, the vote thereon was as follows:

YEAS: MOBLEY, FONSECA, WILSON, SKIBA, PILIE, COMARDELLE,
 O'DANIELS, FISHER, DEBRULER

**PROFESSIONAL SERVICES AGREEMENT
DISASTER RECOVERY SERVICES**

THIS AGREEMENT made and effective as of the ____ day of _____ 2024 by and between ST. CHARLES PARISH acting herein by and through its President, who is duly authorized to act on behalf of said Parish, hereinafter called the OWNER, and DRC EMERGENCY SERVICES, LLC, an Alabama limited liability company with its primary place of business at 111 Veterans Memorial Blvd., Suite 401, Metairie, LA 70005, acting herein by and through its duly authorized representative, Kristy Fuentes, hereinafter called CONTRACTOR.

Whereas the Owner desires to employ a Contractor to perform **Disaster Recovery Services for St. Charles Parish** (hereinafter sometimes identified as "Services"), following any declared emergency disaster.

1.0 PURPOSE

- 1.1 St Charles Parish intends to secure one or more pre-position contracts for the provision and performance of Disaster Recovery Services in St. Charles Parish, State of Louisiana. These contracts would be activated should a hurricane, tornado, ice storm, or other emergency event impact St Charles Parish and require response beyond the capability of local resources which includes additional products, services and personnel resources. It is critical that these support operations are up and operating as soon as possible once a need has been identified.
- 1.2 This contract shall not be considered exclusive, and St Charles Parish retains the right to obtain similar services from additional vendors.
- 1.3 St Charles Parish, at its sole discretion, may expand the scope of services to include additional requirements.
- 1.4 St Charles Parish may seek reimbursement by the Federal Emergency Management Agency (FEMA) as part of Disaster Recovery or another declared emergency for the awarded contract. It is imperative that the Contractor examine and become familiar with the Public Assistance Program established by FEMA. Contractor shall comply with all Federal Regulations Contract Requirements shown in Attachments.

2.0 GENERAL TERMS

- 2.1 The Owner agrees to employ the Contractor and the Contractor agrees to perform work and services required for the Services described above. Contractor will conform to the requirements of the Owner and to the standards of the agencies participating with the Owner in the Services requested. The Contractor will coordinate all work between the Owner and all participating agencies and

regulating agencies, if needed. CONTRACTOR is authorized to begin work upon execution of this contract. The Owner may terminate the Contract by written notification and without cause per Section 13.0 during any phase of the requested services.

- 2.2 This Agreement shall be effective for an initial Three (3) year term beginning June 1, 2024, and expiring May 31, 2027, and can be extended by written mutual agreement of the parties for up to three (3) additional one (1) year terms. The unit prices can be adjusted upward or downward on each yearly anniversary of the contract to reflect the change in the cost of doing business, as measured by fluctuations in the Consumer Price Index (CPI), applicable to New Orleans – Baton Rouge area, published by the U.S. Department of Labor, Bureau of Labor Statistics. (If this CPI computation is discontinued during the remainder of the term of this contract, then a similar type of index which is published and available during the remainder of the term of this contract shall be applied, upon the mutual agreement of both parties.) On or before ninety (90) days prior to the anniversary date, and each succeeding year thereafter the CONTRACTOR will compute the most recent percent increase or decrease in the CPI, which is then available and the unit prices, as previously adjusted, will be further adjusted if necessary. The CONTRACTOR shall furnish the PARISH at that time with a copy of the CPI upon which It bases its calculation. However, in no event shall any increase or decrease in the unit prices for any one year exceed five (5%) percent. The unit prices, as adjusted, shall automatically become effective on the first day of the next anniversary, each year thereafter.
- 2.3 The Contractor shall at all times during this Agreement maintain all applicable valid Louisiana contracting licenses necessary for the performance of the work and services.
- 2.4 St Charles Parish reserves the right to increase or decrease quantities at the unit price. St Charles Parish shall not obligate itself to contract for or accept more than their actual requirements during the period of the contract, as determined by actual needs and availability of appropriated funds.
- 2.5 All work shall be under the direction of the Owner, and all plans, specifications, etc. shall be submitted to the Owner and all approvals and administration of this contract shall be through the Owner.

3.0 SERVICES AND SCOPE OF WORK

- 3.1 The Owner hereby contracts with the CONTRACTOR to perform all necessary work and services in connection with the Services as defined as follows:

Disaster Recovery Services

- 3.2 The Services of this Agreement consist of the scope of services and work as defined in Attachment "A" hereto.
- 3.3 Contractor shall perform all scope of services and work in accordance with the Schedule as defined in Attachment "A" hereto unless otherwise mutually agreed upon by the parties in writing.
- 3.4 The Contractor agrees to comply with all Federal, State, and Local Laws and Ordinances applicable to the scope of services and work or in entering any other agreement with any another party to complete the work.

4.0 SERVICES OF CONTRACTOR

- 4.1 Contractor shall provide Owner professional work and services in all phases to which this Agreement applies and as hereinafter provided to properly plan and execute the work on the service(s) assigned to the Contractor.
- 4.2 Services provided by the Contractor shall be performed in accordance with generally accepted professional practice at the time and the place where the services are rendered.
- 4.3 Contractor shall obtain from Owner authorization to proceed in writing for each phase of the Services performed if applicable.
- 4.4 Contractor shall provide work and services to complete this Agreement, including all necessary services described herein or usually implied as a prerequisite for the performance of the services whether or not specifically mentioned in this agreement, including attendance by the Contractor at any conferences and public hearings.
- 4.5 St. Charles Parish Furnished Resources: St Charles Parish shall appoint a Contract Manager for this Contract who will provide oversight of the activities conducted hereunder. Notwithstanding the Contractor's responsibility for management during the performance of this Contract, the assigned Contract Manager shall be the principal point of contact on behalf of St Charles Parish and will be the principal point of contact for Contractor concerning Contractor's performance under this Contract.

5.0 NON-EXCLUSIVITY CLAUSE

This Agreement is non-exclusive and shall not in any way preclude St. Charles Parish from entering into similar agreements and/or arrangements with other vendors or contractors or from acquiring similar, equal or like goods and/or services from other entities or sources.

6.0 OWNERSHIP OF DOCUMENTS

- 6.1 Record Ownership: All records, reports, documents, or other material related to any contract resulting from this RFP and/or obtained or prepared by the Contractor in connection with the performance of the services contracted for herein shall become the property of St Charles Parish and shall, upon request, be returned by the Contractor to St Charles Parish, at the Contractor's expense, at termination or expiration of the contract.
- 6.2 Documents including but not limited to plans, specifications, maps, basic survey notes, sketches, charts, computations and all other data prepared or obtained under the terms of this authorization shall become the property of the Owner and shall be made available for Owner's inspection at any time during this Agreement and, shall be delivered to the Owner prior to termination or final completion of the Contract.
- 6.3 Contractor may retain a set of documents for its files.
- 6.4 No materials, to include but not limited to reports, maps or other documents produced as a result of this Contract, in whole or in part, shall be available to Contractor for copyright purposes. Any such materials produced as a result of this Contract that might be subject to copyright shall be the property of the Owner and all such rights shall belong to the Owner, and the Owner shall be sole and exclusive entity who may exercise such rights.

7.0 SUPPLEMENTARY SERVICES

The Contractor shall provide, when requested in writing by the Owner, supplementary services not included in the basic work and services.

The compensation to the Contractor for the supplemental services, when performed by the Contractor, shall be in the form of a lump sum, billable hours, or "not to exceed" hourly rate which is mutually agreeable to the Owner and the Contractor in writing.

8.0 DEFECTIVE WORK

During such visits and on the basis of such observations, Owner may disapprove of or reject Contractor's work while it is in progress if Contractor believes that such work will not conform generally to the scope of the work and services.

9.0 NOTICE TO PROCEED

The Owner shall notify the Contractor in writing to undertake the services stated in this Agreement, and the Contractor shall commence the services immediately after receipt of such notification as further specified Attachment A.

If the Owner desires to divide the Services into various parts, a Notice to Proceed shall be issued for each part, and the Owner and the Contractor shall mutually agree upon the period of time within which services for each part of this Agreement shall be performed.

The Contractor will be given time extensions for delays beyond their control or for those caused by tardy approvals of work in progress by various official agencies, but no additional compensation shall be allowed for such delays.

10.0 PAYMENTS

- 10.1 Owner shall pay Contractor for the performance of work and services as outlined in Attachment "B" to this Agreement.
- 10.2 If the Services of this Agreement, or any portion thereof, is not completed for any reason, the final fee for work and services shall be negotiated between Owner and Contractor. If the final fee for work and services is not agreed upon, either party may elect in writing to submit the dispute to mediation. If mediation is not mutually agreed upon, written notice will be submitted to the other party of the intent to submit the dispute to the 29th Judicial District Court for St. Charles Parish, State of Louisiana.
- 10.3 If authorized in writing by Owner, for the performance of, or for obtaining from others Additional Services which are not considered normal or customary practices, the Owner shall pay Contractor based on monthly invoices submitted by the Contractor, within sixty (60) days of receipt of Contractor's invoice. Contractor shall provide written notice to Owner when no services or work has been performed during a given month.
- 10.4 The following documentation shall be required for payment to Contractor and shall be attached to the monthly invoice.
 - a. A copy of the Owner's written authorization to perform the service.
 - b. Timesheets for all hours invoiced.
 - c. Invoice copies, logs or other substantiation of non-salary expenses.
 - d. Any and all documentation or materials necessary for compliance with FEMA regulations and disaster recovery of funds for reimbursement purposes.
- 10.5 For Additional Authorized Services that Contractor acquires from subcontractors, Owner shall pay Contractor a fixed sum previously agreed upon by Owner and Contractor, such sum to be established in each case when the scope of the work involved has been determined and before any of the Additional Services are provided. The use of subcontractors shall be subject to the provisions set forth in this Agreement. The following documentation shall be required for payment to Contractor and shall be attached to the monthly invoice:
 - a. A copy of the Owner's written consent for the subcontractor to perform the service stating the Owner's and Contractor's agreed upon fixed sum established for the service performed.
 - b. Evidence that the subcontractor is insured as required by this Agreement.

- 10.6 For *Additional Services* described in Section 5, Owner shall pay Contractor for the fee negotiated at the time the work is assigned by the method stipulated in the contract amendment.

11.0 BUDGET LIMITATIONS – NON-APPROPRIATION OF FUNDS

Termination for Non-Appropriation of Funds: The continuation of the contract shall be contingent upon the appropriation of funds to fulfill the requirements of the contract. Notwithstanding any provisions herein, in the event sufficient funds for the performance of this Agreement are not appropriated by St Charles Parish in any fiscal year covered by this contract, this agreement may be terminated by St Charles Parish giving notice to the Contractor of such facts and St Charles Parish's intention to terminate its financial obligation.

12.0 FUNDS

No work shall be authorized until funds are established for each individual task.

13.0 TERMINATION OR SUSPENSION

- 13.1 St Charles Parish may terminate the Contract for cause based upon the failure of the Contractor to comply with the terms and/or conditions of the Contract; provided St Charles Parish shall give the Contractor written notice specifying the Contractor's failure. If within thirty (30) calendar days after receipt of such notice, the Contractor shall not have either corrected such failure or, in the case of failure which cannot be corrected in thirty (30) calendar days, begun in good faith to correct said failure and thereafter proceeded diligently to complete such correction, then St Charles Parish may, at its option, place the Contractor in default and the Contract shall terminate on the date specified in such notice.
- 13.2 A breach of any of the terms of this contract shall constitute default, including but not limited to any event of failure, neglect, or refusal to complete the work or any designated party of the work specified herein, within the corresponding contract times. A default may cause termination of the contract at the sole option of St Charles Parish. Where St Charles Parish has determined the Vendor to be in default, St Charles Parish reserves the right to purchase any and/or all products or services covered by the contract on the open market and to charge the Vendor with cost in excess of the contract price (liquidated damages). Until such assessed charges have been paid, no subsequent offer from the defaulting Vendor will be considered.
- 13.3 Failure to perform within the time agreed upon in the contract may constitute default and may cause cancellation of the contract.

- 13.4 Contractor may exercise any rights available to it under Louisiana law to terminate for cause upon the failure of St Charles Parish to comply with the terms and conditions of the contract provided that the Contractor shall give St Charles Parish written notice specifying St Charles Parish's failure and a reasonable opportunity for St Charles Parish to cure the defect.
- 13.5 The Contractor, upon receipt of such notice, shall immediately discontinue all services in connection with the performance of this Agreement and shall proceed to cancel promptly all existing orders and contracts insofar as such orders or contracts are chargeable to this Agreement.
- 13.6 The Contractor shall, as soon as practicable after receipt of notice of termination, submit a statement showing in detail the services performed and payments received under this Agreement to the date of termination.
- 13.7 The Owner shall then pay the Contractor promptly that portion of the prescribed fee to which both parties agree.
- 13.8 Contractor fully acknowledges that no payment will be made for any work performed or expenses incurred after receipt of the termination by either party unless mutually agreed upon in writing.
- 13.9 Failure to meet agreed delivery dates or authorized extensions are considered substantial failures and breach of this contractual agreement by Contractor.
- 13.10 Termination of the Contract for Convenience: St Charles Parish may terminate the Contract at any time without penalty by giving thirty (30) calendar days written notice to the Contractor of such termination or negotiating with the Contractor an effective date. The Contractor shall be entitled to payment for deliverables in progress, to the extent work has been performed satisfactorily.
- 13.11 Termination for Non-Appropriation of Funds: The continuation of the contract shall be contingent upon the appropriation of funds to fulfill the requirements of the contract. Notwithstanding any provisions herein, in the event sufficient funds for the performance of this Agreement are not appropriated by St Charles Parish in any fiscal year covered by this contract, this agreement may be terminated by St Charles Parish giving notice to the Contractor of such facts and St Charles Parish's intention to terminate its financial obligation.

14.0 INSURANCE

- 14.1 The Contractor shall secure and maintain at his expense such insurance that will protect him and the Owner, from claims under Workmen's Compensation Acts and from claims for bodily injury, death or property damage which may arise from performance of services under this Agreement. General Liability Insurance for bodily injury or death shall be in the unencumbered amount of \$1,000,000.00 for

one person and not less than \$1,000,000.00 for all injuries and/or deaths resulting from any one occurrence. The insurance for property damage shall be in the unencumbered amount of \$1,000,000.00 for each accident and not less than \$2,000,000.00 aggregate and \$2,000,000 products/completed operations aggregate. Each policy of insurance required by this clause shall contain an Additional Insured endorsement in favor of St Charles Parish, its elected and appointed officials, agents, directors, servants, employees and volunteers, using form CG 20 10 Form B (edition 07 04) or approved equivalent; and a Waiver of Transfer of Rights of Recovery Against Others to Us in favor of St Charles Parish, its elected and appointed officials, agents, directors, servants, employees, and volunteers.

- 14.2 Workers Compensation Insurance: The Contractor shall maintain Workers Compensation coverage during the term of this agreement. The limits of the Workers Compensation coverage shall be the Louisiana statutory requirements; shall provide Other States coverage, if applicable; and include Employer's Liability coverage with minimum acceptable limits of \$1,000,000 Each Accident, \$1,000,000 by Disease – Each Employee, and \$1,000,000 by Disease – Policy limit. The Contractor shall provide a Waiver of Subrogation in favor of St Charles Parish, its elected and appointed officials, agents, directors, servants, employees, volunteers, and any other entities who may require waivers by specific contract. The Contractor shall provide certification of such insurance and a copy of the policy upon request.
- 14.3 Auto Liability Insurance: The Contractor shall maintain automobile liability coverage during the term of this agreement. The limits of this coverage shall be a minimal acceptable limit \$1,000,000 Combined Single Limits for bodily injury and property damage. Liability coverage to be provided for Any Auto or All Owned Autos and Hired and Non-owned Autos. If the Contractor owns no vehicles, then a Hired and Non-owned Auto Liability policy is required. An Additional Insured endorsement in favor of St Charles Parish, its elected and appointed officials, agents, directors, servants, employees, and volunteers is required; and a Waiver of Transfer of Rights of Recovery Against Others to Us in favor of St Charles Parish, its elected and appointed officials, agents, directors, servants, employees, and volunteers is also required. The Contractor shall provide certification of such insurance and a copy of the policy upon request.
- 14.4 The Contractor shall also secure and maintain at his expense professional liability insurance in the unencumbered sum of \$1,000,000.00.
- 14.5 All certificates of insurance SHALL BE FURNISHED TO THE OWNER and shall provide that insurance shall not be cancelled without ten (10) days prior written notice to the Owner. The Owner may examine the policies.
- 14.6 Contractor shall include all subcontractors as insured under its policies or shall furnish separate certificates for each. All coverages for subcontractors shall be subject to all the requirements stated herein.

- 14.7 St Charles Parish shall be named as an additional insured on general liability insurance policies.
- 14.8 For all purposes under Louisiana law, the principals of this Contract shall be recognized as the statutory employer of all contract employees as provided in LSA-R.S. 23:1061.

15.0 BOND

- 15.1 Upon the execution of the contract, Contractor shall furnish a performance and a payment bond in accordance with the terms and conditions of the Contract. Contractor shall also furnish such other bonds as are required by the St. Charles Parish or other specific provisions of the Contract. All bonds shall be written by a surety or insurance company currently on the U.S. Department of Treasury Financial Management Service list of approved bonding companies which is published annually in the Federal Register, or by a Louisiana domiciled insurance company with at least an A- rating in the latest printing of the A.M. Best's Key Rating Guide to write individual bonds up to ten percent (actor shall furnish a performance bond and a payment bond, each in an amount at least equal to the Contract Price, as security for the faithful performance and payment of all of Contractor's obligations under the Contract. These bonds shall remain in effect until one year after the date 10%) of policyholders' surplus as shown in the A.M. Best's Key Rating Guide. Company must have a registered agent in the State of Louisiana, as provided by La. R.S. 38:2218.
- 15.2 Contractor shall obtain the required bonds from surety companies that are duly licensed or authorized in the jurisdiction in which the Services Performed is located to issue bonds in the required amounts.
- 15.3 If the surety on a bond furnished by Contractor is declared bankrupt or becomes insolvent, or its right to do business is terminated in any state or jurisdiction where any part of the Services of this Agreement is located, or the surety ceases to meet the requirements above, then Contractor shall promptly notify Owner and Engineer and shall, within 20 days after the event giving rise to such notification, provide another bond and surety, both of which shall comply with the bond and surety requirements above.
- 15.4 If Contractor has failed to obtain a required bond, Owner may exclude the Contractor from the Site and exercise Owner's termination rights under Section 12.
- 15.5 Upon request, Owner shall provide a copy of the payment bond to any Subcontractor, Supplier, or other person or entity claiming to have furnished labor or materials used in the performance of the Work.

16.0 INDEMNIFICATION

Contractor agrees to defend, indemnify, save, and hold harmless St Charles Parish, including all parish departments, agencies, councils, boards and commissions, their officers, agents, servants and employees, including volunteers, from and against any and all claims, lawsuits and demands for damages under any theory of liability as allowed by law, whether contractual, tortuous, or implied, arising from this agreement, whether for breach of contract, injury or death to any person, or for the damage, loss or destruction of any property, including loss of use, which may occur or in any way grow out of any breach, act or omission, whether intentional or unintentional, and any negligence, or liability of Contractor, its subcontractors, agents, servants, officers and/or employees, related to the performance or nonperformance of the Contract herein entered into, including and as a result of any such claims, lawsuits and demands, the Contractor agrees to investigate, handle, respond to, provide defense for and defend any such claims, demands or suits related thereto, at its sole expense, even if such claim, demand or suit is groundless, false or fraudulent. Contractor's indemnity obligations pursuant to this Agreement shall be limited to the extent caused by the negligent acts or omissions of the Contractor, the Contractor's subcontractor's, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. In no event shall either party to this Agreement be liable for any indirect, incidental, special, consequential, exemplary or punitive damages whatsoever (including but not limited to lost profits or interruption of business) arising out of or related to the Services provided under this Agreement.

17.0 WARRANTY

- 17.1 Contractor warrants that all services shall be performed in good faith, with diligence and care, by experienced and qualified personnel in a professional, workmanlike manner, and according to its current description (including any completion criteria) contained in the scope of work.
- 17.2 Contractor warrants that it will perform its work and services with the degree of skill and to the standard of care required of its profession to meet all Federal, State and Local requirements.
- 17.3 If the work and services performed by Contractor do not meet those requirements noted herein above, then to the extent that this occurs as a direct result of Contractor's failure to meet the standard of care in its work and services, Contractor will indemnify the Owner/Parish for Contractor's share of the costs incurred to bring the Services of this Agreement to the limitations mandated.
- 17.4 The obligations expressed in Section 16 above in no way limit the Contractor's obligations expressed elsewhere in this Contract.

18.0 EXCLUSIVE JURISDICTION AND VENUE

For all claims arising out of or related to this agreement, CONTRACTOR hereby consents and yields to the exclusive jurisdiction and venue of the Twenty-Ninth Judicial District Court for the Parish of St. Charles, State of Louisiana, and expressly waives any (a) pleas of jurisdiction based upon Contractor's residence and (b) right of removal to Federal Court based upon diversity of citizenship.

19.0 ASSIGNMENT

No assignment of this Contract or any right occurring under this shall be made in whole or in part by the Contractor; either voluntarily or involuntarily or by any process of law and shall not be or come under the control of creditors or trustee(s) of Contractor, without the express prior written consent of the Owner. In the event of any assignment, the assignee shall assume the liability with the Contractor who shall continue to remain liable for the faithful performance of the Contract.

20.0 COMPLIANCE WITH FEDERAL AND STATE LAWS

CONTRACTOR further agrees to comply with all federal and state laws, including those identified in Attachment "C".

21.0 RIGHT TO AUDIT

The State legislative auditor, federal auditors and internal auditors of St Charles Parish, or others so designated by St Charles Parish, shall have the option to audit all accounts directly pertaining to the resulting contract for a period of five (5) years from the date of final payment or as required by applicable State and Federal law. Records shall be made available during normal working hours for this purpose.

22.0 OTHER

- 22.1 Non-Collusion Affidavit: Contractor shall execute a Contractor's Affidavit of Non-Collusion, in the form provided with the proposal forms (included in the Attachments), at the time of execution of this Agreement or within ten (10) days thereafter, to the effect that he has not colluded with any other person, firm or corporation regarding any items in this Agreement.
- 22.2 E-Verify: Contractor acknowledges and agrees to comply with the provisions of LA R.S. 38:2212.10 regarding verification of employees involved in public contracts, as evidenced affidavit (E-Verify) included in the attachments.
- 22.3 Code of Ethics: Contractor shall be responsible for determining that there will be no conflict or violation of the Louisiana Ethics Code if their company is awarded

the contract. The Louisiana Board of Ethics shall be the only entity which can officially rule on ethics issues.

22.4 Remedies for Breach: Contractor acknowledges that contracts in excess of the simplified purchase threshold (\$150,000) shall contain provisions allowing for administrative, contractual, or legal remedies for Contractor breaches of the contract terms and shall provide for such remedial actions as appropriate.

23.0 CONTRACT MODIFICATIONS

This Agreement constitutes the entire agreement between the parties. There are no understandings, agreements, or representations, oral or written, not specified within this Agreement. This Agreement may not be modified, supplemented or amended in any manner, except by written agreement signed by both parties.

No amendment or variation of the terms of the contract shall be valid unless made in writing, signed by the parties and approved as required by law. No oral understanding or agreement not incorporated in the contract shall be binding on any of the parties.

IN WITNESS WHEREOF, the parties to these presents have hereunto caused these presents to be executed the day, month and year first above mentioned.

ATTACHMENT "A"

SCOPE OF SERVICES AND SCHEDULE

Disaster Recovery Services for St. Charles Parish

The Scope of Work consists of performing the following emergency work and services. Contractor is authorized to begin work upon execution of this contract as set forth in the Scope and Services and Schedule below or in accordance with the General Terms set forth in of this Agreement. All material is guaranteed to be as specified, and the above work to be performed in accordance with the manufacturer's standard guidelines and completed in a substantial workmanlike manner.

I. SCOPE OF WORK / SERVICES

1.1 Tasks and Deliverables for all Commodities and Services

Contractors shall complete the following tasks and deliverables for all services and commodities under the contract:

A. Continuous Liaison with St Charles Parish (Tasks):

Beginning on the date of execution of the contract, the Contractor shall be continuously available to St Charles Parish representatives for response to requests for information, receipt of delivery orders, discussion of contract performance, and other contract administration activities. To fulfill this requirement, within 30 days of receipt of the Notice of Award of this contract (unless a different period is allowed by St Charles Parish), the Contractor shall:

- Provide the names, job titles, and contact information for both business and non-business hours, of a senior manager within the Contractor's organization, and a minimum of one similarly qualified alternate, available on 24 hours a day, 7 days a week basis (24-7), to serve as continuously available liaison with St Charles Parish.
- Submit an organizational chart displaying lines of authorities and assigned responsibilities within the Contractor's organization relative to the performance and administration of this contract. The Organization Chart shall include names, position/job titles, contact information for both business and non-business hours, and a description of each person's responsibilities under this contract.

The Contractor shall submit the above information to the Contracting Administrator by e-mail and regular mail. During the contract period, including any optional performance periods, St Charles Parish shall be notified immediately, by email and regular mail, of any changes regarding the designated liaisons or in the Organization Chart.

B. Disaster Pre-Activation:

Beginning on the date of award of the contract, the Contractor shall:

- Return emergency phone calls 24-7, within four (4) hours of initial notification, and
- Participate in conference calls to review potential roles, equipment lists, mission priorities

and services.

C. Upon Activation:

The Contractor shall:

- Provide management level personnel at the Emergency Operations Center (EOC) to collaborate with St Charles Parish personnel within 24 hours.
- Provide St Charles Parish with projected date and timeline for arrival of resources.
- From the period of June 1 through November 30 of each year (Hurricane Season), confirm their available resources against items listed in the proposal to include average response times to St Charles Parish on a bi-weekly basis, and then an updated version upon initial notification of accelerated preparedness measure due to impending events/storm(s) and as requested while services are engaged.
- Document each disaster event separately regarding resources and invoicing.

D. Disaster Response Operations:

Beginning on the date of execution of the contract, the Contractor shall:

- Work as a unified team alongside state and federal agencies in the fulfillment of tasked missions.
- Respond to missions as tasked by St Charles Parish in a timely manner.
- Provide on-site deployment and installation services for each piece of equipment as mission tasked within timeframe listed on, Price Proposal.
- Provide real-time asset tracking and accountability for all missions.
- When resource tracking systems are unavailable due to outages.

E. Time Delivery of Goods:

The Contractor is responsible for performing management, supervision, and other administrative activities necessary to assure performance in strict compliance with the terms and conditions of this contract. This is of the essence in the performance of the contract, as these products are required to sustain life in the aftermath of disaster events that have or will disrupt normal supplies in the disaster location. Therefore, this contract requires immediate response, with timely production, delivery and reporting by the Contractor.

Times of issuance of purchase orders, and times specified for delivery and start of service in purchase orders will be expressed in local time at delivery sites. Deliveries and starts of services will be considered timely if made at the specified delivery site within two hours before or after the time specified for delivery in the purchase order or other notice to proceed.

The Contractor shall be responsible for assuring that every delivery has all the required documentation. Delivery shall be considered made when the Contractor has obtained written acknowledgement of the date and time of the arrival at the delivery site, the shipment is unloaded, and the driver is released by the on-site St Charles Parish representative.

F. Post Disaster/Non-emergency declaration:

St Charles Parish can continue to utilize all commodities and services after the emergency declaration period at a reduced rate upon consideration of both parties.

1.2 Tasks and Deliverables Specific to Price Proposal Tabs

In addition to the tasks and deliverables previously outlined, the following tasks, deliverables and financial consequences apply to commodities and services under each of the tabs of Attachment B, Price Requirements:

1.1.1 Response Packages (Type I, II, III)

A. Disaster Response Operations (Tasks):

Upon activation, the Contractor shall:

- Provide management personnel at any facility operations site (not limited to EOC and Shelters) when requested, to directly manage Contractor's assets in coordination with St Charles Parish.
- Provide on-site maintenance and decontamination of provided equipment based upon manufacturer's maintenance schedule for equipment deployed more than 48 hours.
- Conduct final recovery of equipment at the end of the mission and provide decontamination and rehabilitation of equipment prior to final close-out.

B. Leased Equipment

Packages are to begin mobilization within 12 hours of order,

- Provide on-site deployment and installation services for each piece of equipment if mission-tasked within 24 hours.

All leased equipment should be inspected and verified.

- Product delivered shall be in good to excellent working condition.
- All equipment will be delivered "ready for use" to St Charles Parish.
- Any equipment arriving in an unprepped condition will not be included in the invoice billing period until the Contractor can demonstrate proper "run condition" of the unprepped equipment.
- If, in the opinion of St Charles Parish representative, the delivered equipment does not meet the contract terms or in the representative's opinion appears in a state of disrepair shall be replaced with properly working equipment at the Contractor's expense. No invoicing shall occur for equipment not meeting the contract terms or mission requirements.
- Reasonable wear and tear will be considered part of the lease payments to include scratches in paint, abrasion, wear, and tear, and non-structural or operational imperfections.
- All required safety features appropriate for the piece of equipment must be in place and in good working order.

Included costs for leased equipment:

- Rental price includes: (i) lease price, (ii) all administrative, reporting and overhead costs to include routine equipment maintenance, and (iii) profit.

- Mobilization price shall include costs of shipping to the point of delivery and set up of the equipment pertaining to the mission as directed by St Charles Parish.
- If mobilization cost is not provided in the price sheet, then rental price shall include the cost of: (i) shipping to point of delivery; (ii) mobilizing equipment from point of use to the point of return/pick-up, and payable by St Charles Parish.
- The demobilization price shall include all costs to remove said equipment and to repair any damages left by said equipment. If the demobilization price is not provided, then it shall be included in the lease rate.

C. Power Generators

Minimum three (3) days operation phase duration excluding mobilization and demobilization.

- Twenty-four hours constitutes a day.
- Seven (7) days constitutes a week on personnel.

Rental rates only - transportation rates from point of origin and/or point of delivery and/or point of use are not included.

GPS units are required for each generator and shall be included in the lease rate.

D. Maintenance and Repairs of Heavy Equipment:

Contractor shall be able to provide fuel upon St Charles Parish's request.

Tire replacement, if needed, will be arranged through the Contractor.

Contractor shall provide an Operations and Maintenance Manual and maintenance schedule for each rental unit at the time of delivery.

Maintenance and repairs are the responsibility and at the expense of the Contractor.

Downtime - Equipment which has failed shall be replaced within 6 hours after notification by St Charles Parish unless otherwise agreed upon by St Charles Parish. Failure to replace such equipment may be grounds for breach and termination of this contract for cause by St Charles Parish. Loss of use/downtime shall be deducted from final billing.

1.1.2 Responder Base Camps

Refer to Exhibit A of Attachment A- Tables and figures for specifications and requirements.

- Contractor will maintain a capability to establish, support, and maintain full- service capabilities for Type I, II, III, IV and Other (mobile) "Emergency Worker Base Camps".
- The intent is for the Contractor to be able to activate those resources immediately post event and become fully operational.
- The Contractor must secure all equipment once the site is established, maintain resources, and schedule routine inspections and maintenance on its equipment as

required in order to maintain 24-hour readiness at all times. Contractor personnel must always display their company photo ID while on the site.

- Depending on the size of camp, activities at these sites are estimated to typically operate from 7 to 45 days, but in catastrophic events, could run from 180 to 365 days. In the event a fully operational Base Camp is completely cancelled before it is put into operation, the Contractor shall be paid for both mobilization and demobilization.
- St Charles Parish will provide suitable locations to establish the complex at the time of mission tasking. St Charles Parish will arrange for all property use agreements or necessary leases for site use. Not all sites may be "installation ready". As such, the Contractor must be prepared to provide optional, reasonable land clearing and/or installation of temporary crushed gravel base between 2-4" as required on a site. Reasonable clearing includes removal of small scrub trees, trash and small debris, redistribution of uneven earth, grading to a reasonable level and development and packing of temporary access unpaved dirt roads.
- Note that all gravel must be removed upon demobilization of the site. In some instances, the Contractor must be prepared to install an optional, temporary chain link fence with all necessary access gates. Fencing also must be removed upon demobilization of the site.
- In the event an order is cancelled enroute before any meals are served, the Contractor shall be paid for the number of meals ordered if they are able to provide documentation of costs or payments to subcontractors.
- In cases where the Contractor must provide resources, the Contractor will be responsible for the acquisition of all potable water, disposal of grey and black water in accordance with all local, state, and federal regulations. St Charles Parish will specify authorized base camp residents.
- All questions regarding admission will be directed to St Charles Parish.

A. Deliverables

All necessary temporary structures shall accommodate for the following activities and services:

- Provide sleeping beds, linens, blankets and pillows (based on Price Proposal).
- Accommodations for privacy of persons must be provided.
- Groups will be divided into single males (day shift / night shift) and single females (day shift/ night shift).
- Provide all telecommunications capabilities to the office/administration complex (Refer to Exhibit A of Attachment A- Tables and Figures for specifications and requirements).
- Cost recovery personal toiletry hygiene kits or bulk toiletry supply items for men and women to include as appropriate - toothbrush and toothpaste, razor and shave cream/gel, bar or shower gel soap, comb/brush, mouth wash/rinse, deodorant, shower towels to include - washcloth, hand towel, bath towel, either launderable or disposable items may be used.
- Separate men's and woman's showers with hot/cold potable water may be either

trailer, CONEX, skid, or field showers so long as they are enclosed and provide both modesty, protection from the weather elements and are either heated or cooled as required and are well lit (Refer to Exhibit A of Attachment A - Tables and Figures for specifications and requirements).

- Mobile restrooms must be climate-controlled, lighted restrooms will be provided for people (Refer to Exhibit A of Attachment A - Tables and Figures for specifications and requirements).
- Food services to be provided shall include four meals per day for emergency workers. Of the four meals per day, at least two must be hot prepared meals. The third and fourth may be a cold or self-serve buffet style meal. Box lunches for the two cold meals will also be required. St Charles Parish will determine the quantity of box lunches each day, 12 hours prior to the mealtime, and advise the Contractor.
- All hot meals and box lunches must conform to present USDA USFS 14-day rotation meal plans and all present contract requirements of nutrition, quantities, food types, calorie counts, and means of service.
- Menus are to be reasonably tailored to the ethnic and dietary (non-medical) requirements of the camp population, to include low sodium and vegan. Kosher will not be required as a rule. Should Kosher be required at a specific location, it is acknowledged that additional special arrangements must be made which may result in additional charges.
- Meals must be well-balanced, nutritious, appealing and use a minimum amount of processed (canned, instant) items.
- Fresh items to include fruit and/or salads are to be offered with each meal.
- Hot meals may be either staff served, buffet style, or individually boxed dependent on circumstances of a specific disaster or event. Box lunches must conform to USFS specifications.
- Laundry services are to be full-service "fluff and fold", with no additional charge to the resident, same day service on-site. Optional cost-recovery dry cleaning from the resident may be provided where practical.
- Irons and ironing boards are to be made available to all residents.
- Contractor must prepare options to address public works infrastructure (potable water, wastewater, electric power) under two conditions or a mix of conditions.
 - Option 1 assumes a "bare base" with no water, sewer, or power on site. Contractor must provide for all necessary infrastructures to support the camp.
 - Option 2 assumes that the Contractor will have access to potable water, sewer taps (grey and black) and power. Contractor must provide all necessary means to tap into and extend these resources to their equipment.
 - Option 3 assumes limited access to some, but not all of these resources. As such, the Contractor must itemize component options such as field prime power plants, potable water tankers, grey and black water collection, treatment and vacuum truck collection, haul away and disposal.
- All potable water tankers must be sanitized in accordance with all applicable
- Regulations and be able to produce a document of sanitation for each load taken or brought on site to either the Food Unit Leader, Safety Office or Incident Commander.

- Contractor may be asked to provide non-sworn security personnel on-site for
- Purposes of patrol, maintaining order, access control, and coordinating with sworn law enforcement on security issues. The Contractor may, if desired, independently contract directly with off-duty law enforcement personnel for all or part of these services. St Charles Parish will arrange for the provision of only essential sworn law enforcement personnel of one per shift.
- Contractor must secure all equipment once the site is established.
- Contractor will be required to provide photo ID for each resident at the camp as they register on-site.
- Contractor will check ID during meal periods.
- Contractor will provide daily electronic reporting to St Charles Parish on the following (at a minimum):
 - Emergency Worker check-in and check-out history. Documentation to include first and last name (legible) with signature,
 - Emergency worker meal documentation (all meals served) to include first and last name (legible) with signature,
 - Situation report reflecting operations to date, critical issues, concerns, unresolved issues with corrective action steps and dates,
 - Staff counts on site and in support of operations.
- Mobilization and Demobilization- Based on need, the Contractor should have the ability to demobilize a portion of the base camp that is not used.

B. Authorized Base Camp Residents

The following categories of personnel may be admitted to a contracted Emergency Worker Base Camp:

- Paid and volunteer public safety personnel.
- Law enforcement
- Fire
- EMS/Medical
- Emergency Management
- Public Works

Admission is not permitted to commercial paid contractors such as:

- Debris contractors
- Public utility crews (private)
- Independent contractors
- Displaced survivors

C. Billing and Charges

All invoices must be itemized and include all supporting documentation, to include:

- Persons housed for the duration of the camp. These are new registrations and not repeat counts.
- Daily meal count served to both residents, St Charles Parish staff, and contracted

workers.

- Situation report reflecting operations to date, critical issues, concerns, unresolved issues with corrective action steps and dates.
- On-site Operations Support Staff counts.
- Justification for any charges above the contract agreement must be approved by St Charles Parish in writing (email acceptable) prior to the expense being incurred by the Contractor. The Contractor may first obtain verbal approval from St Charles Parish under extraordinary circumstances but approval in writing must then be accomplished at the earliest opportunity.

1.1.3 Emergency Shelter Complexes

Contractor will maintain an ability to establish, support, and maintain full-service operations for Type III, IV and V "Catastrophic Emergency Shelter Support Systems". The intent is for the Contractor to activate those resources immediately post event and become fully operational. Contractor will maintain resources and schedule routine inspections and maintenance on its equipment as required in order to maintain 24-hour readiness at all times. The Contractor must secure all equipment once the site is established. All Contractor personnel must always display their company photo ID while on the site.

St Charles Parish will provide suitable locations to establish the complex at the time of mission tasking. St Charles Parish will arrange for all property use agreements or necessary leases for site use. Not all sites may be "installation ready". As such, the Contractor must be prepared to provide optional, reasonable land clearing and/or installation of temporary crushed gravel base between 2-4" as required on a site. Note that all gravel MUST be removed upon demobilization of the site.

Mobilization and Demobilization- Based on need, the Contractor should have the ability to demobilize a portion of the Catastrophic Emergency Shelter that is not used. In the event a fully operational Catastrophic Emergency Shelter is completely cancelled before seven (7) days, the Contractor shall be paid for both mobilization and demobilization.

Actual Meals Consumed - In the event an order is cancelled enroute before any meals are served, the Contractor shall be paid for the number of meals ordered if they are able to provide documentation of costs or payments to subcontractors.

A. Deliverables

All necessary temporary structures shall accommodate for the following activities and services:

- Sleep beds, linens, blankets, and pillows based on Price Proposal (500,1500 or 2500 persons). Provisions in both bedding and space allocations under ADA will be required.
- Linens must be reusable and laundered or replaced twice each week.

- Accommodations for the reasonable visual privacy of persons must be provided. Groups will be divided into families, single males, single females.
- Contractor will be required to provide all telecommunications capabilities to the office/administration complex (Refer to Exhibit 1 to the Scope of Work - Tables and Figures for specifications and requirements).
- Cost recovery personal toiletry hygiene kits or bulk toiletry supply items for men and women to include as appropriate - toothbrush and toothpaste, razor and shave cream/gel, bar or shower gel soap, comb/brush, mouth wash/rinse, deodorant, shower towels to include - washcloth, hand towel, bath towel, either launderable or disposable items may be used.
- Separate men's and woman's showers with hot/cold potable water may be either trailer, CONEX, skid, or field showers so long as they are enclosed and provide both modesty, protection from the weather elements and are either heated or cooled as required and are well lit (Refer to Exhibit A of Attachment A - Tables and Figures for specifications and requirements).
- Mobile restrooms must be climate-controlled, lighted restrooms will be provided for persons (Refer to Exhibit A of Attachment A - Tables and Figures for specifications and requirements).
- Food services to be provided shall include three (3) meals per day for displaced persons and one (1) midnight meal per day for staff working the facility. Of the three (3) meals per day, at least two (2) must be hot prepared meals. The third meal may be cold prepared or self-serve buffet-style.
- All hot meals and box lunches must conform to present USDA USFS 14-day rotation meal plans and all present contract requirements of nutrition, quantities, food types, calorie counts, and means of service.
- Menus will be reasonably tailored to the ethnic and dietary (non-medical) requirements of the camp population, to include low-sodium and vegan meal options. Kosher will not be required as a rule. Should Kosher be required at a specific location, it is acknowledged that additional special arrangements must be made which may result in additional charges.
- Meals must be well-balanced, nutritious, appealing and use a minimum amount of processed (canned, instant) items.
- Fresh items to include fruit and/or salads are to be offered with each meal.
- Hot meals may be either staff served, buffet style, or individually boxed dependent on circumstances of a specific disaster or event. Box lunches must conform to USFS specifications.
- Laundry services full-service "fluff and fold" laundry services will be provided with same day service. Dry cleaning will not be required.
- Potable water, wastewater, electric power and waste management: At Site #1, St Charles Parish will provide ready access to potable water for the specific site. A single high-pressure manifold will be provided with at least two 2" locking threaded ball gate valves provided. Contractor will be required to extend all necessary water lines from the access point to its equipment and provide a backflow protector at the gate valves.

- Wastewater (grey and black) disposal is not available at Site #1, and must be addressed, collected and removed by the Contractor.
- Power and lighting are available in the billeting structure, but there is no additional power available on site to support mobile equipment. The Contractor is responsible for providing all necessary mobile power, exterior lighting, and fuels to support its equipment.
- Contractor will be responsible for contracting trash removal. Wet-proof dumpsters will be used to collect all food scraps and debris. Dumpsters are always to remain in a closed position when trash is not being disposed of.
- Appropriate vector control will be provided by the Contractor.
- Contractor will be responsible for providing all non-sworn security personnel on-site for purposes of patrol, maintaining order, access control, and coordinating with sworn law enforcement on security issues. The Contractor may, if desired, independently contract directly with off-duty law enforcement personnel for all or part of these services. St Charles Parish will arrange for the provision of only essential sworn law enforcement personnel of one per shift.
- Contractor must secure all equipment once the site is established.
- Contract personnel must always display their company photo ID while on the site.
- Contractor will be required to provide photo ID for each resident at the shelter as they register on-site.
- Contractor will check ID during meal periods.
- Contractor will provide daily electronic reporting to St Charles Parish on the following (at a minimum):
 - Resident check-in and check-out history. Documentation must include. First and Last name (legible) with signature
 - Resident meal documentation (all meals served). Documentation must include. First and Last name (legible) with signature.
 - Situation report reflecting operations to date, critical issues, concerns, unresolved issues with corrective action steps and dates.
 - Staff counts on site and in support of operations.

B. Billings and Charges

All invoices must be itemized and include all supporting documentation, to include:

- Persons housed for the duration of the camp. These are new registrations and not repeat counts.
- Daily meal count served to both residents and workers.
- Situation report reflecting operations to date, critical issues, concerns, unresolved issues with corrective action steps and dates.
- Staff counts on site and in support of operations.

Any charges above the contract agreement MUST be approved in writing (email acceptable) by the contracting entity PRIOR to the expense being incurred by the Contractor. Emergencies excepted and approved by phone must be documented at the earliest convenience.

1.1.4 SANPACs (Sanitation Packages)

See Attachment B - Price Requirements for Sanpac Types.

St Charles Parish will provide electronic notification to move or demobilize equipment.

The Contractor will have 24 hours to move or demobilize equipment from the site/service location. Contractor will provide daily electronic updates for all sites that require servicing. Updates should include ship-to location, mission number, service begin date, service update and service end date (if applicable) for all locations. Contractor must service portable toilets and dumpsters.

A. Additional Financial Consequences

If the Division determines that the servicing of portable toilets and/or dumpsters at a specific site does not meet the requirements set forth in the SOW, the Division will notify the Contractor in writing of the deficiency to be corrected, which correction shall be made within a timeframe specified by the Division. The Contractor shall, within the time specified in the contractual documents after notice from the Division, provide the Division with a written corrective action plan describing how the Contractor will address all issues of contract non-performance, unacceptable performance, and failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance.

If the corrective action plan is unacceptable to the Division, the Contractor will be assessed an additional a non-performance retainage equivalent to 30% for the individual service site/location. The retainage will be applied to the invoice for the service site/location. The retainage will be withheld until the Contractor resolves the deficiency. If the deficiency is subsequently resolved, the Contractor may bill the Division for the retained amount during the next billing period. If the Contractor is unable to resolve the deficiency, the funds retained may be forfeited at the end of the final invoice period.

If the Division determines that the servicing of portable toilets and/or dumpsters at a specific site does not meet the requirements set forth in section A and B and if the Contractor is unable to resolve the deficiency, a separate Contractor will be utilized and the Primary Contractor will be responsible for the cost to the Division to remedy the deficiency.

1.1.5 Typed Support Packages (LSA, POD, Cooling, Mobile Disaster Recovery Center (DRC), Mobile Kitchen, Warehouse and site preparation)

Support Packages are to begin mobilization within 12 hours of order. Equipment within a Support Package will be delivered "ready for use" to St Charles Parish Any equipment arriving in an unprepped condition will not be included in the invoice billing period until the Contractor can demonstrate it is ready for operation.

Not all sites may be "installation ready". As such, the Contractor should be prepared to provide optional reasonable land clearing and/or installation of temporary crushed gravel base between 2-4" as required on a site. Note that all gravel must be removed upon demobilization of the site.

In some instances, the Contractor should be prepared to install an optional temporary chain link fence with all necessary access gates. Fencing also must be removed upon demobilization of the site. The Contractor will partially demobilize sites or assets based on mission requirements. St Charles Parish will notify in writing, 72 hours prior to the need to demobilize or cancel services.

Final maintenance on all equipment will be included in the Contractor's equipment lease quote. Maintenance and decontamination pricing will be line itemized on the Contractor's quote and final invoice.

Upon demobilization the Contractor shall confirm and document completion of all missions and perform routine and final inspections of all equipment and submit final cost accounting.

The Contractor will provide the following types of specialized personnel when requested:

- Specialists in emergency generating and electrical ground power and distribution systems.
- Specialists in emergency pumping, flood fighting and hydrology.
- Specialists in selecting and establishing emergency sites to include site prep, grading, soil evaluation and engineering, flood management, lying of both above and belowground emergency utilities.

1.1.6 Prime Power, Pumps Material Handling Equipment and Heavy Equipment

These resources are priced for single units also located in Typed Response Packages above. Resources will be requested on a mission-specific basis as needed. The tasks, deliverables and financial consequences found in Typed Response Packages apply to these resources.

1.1.7 Personnel

On occasion, staff augmentation is required for specific disaster response functions. Personnel will be requested on a mission-specific basis as needed. Where national standards apply to a position, the contracted personnel should possess the proper certification(s) and/or credential(s). Reference Price Proposal for additional information regarding personnel types and specifications. Travel time, travel costs, lodging costs, and per diems shall be included in personnel hourly work rates.

1.1.8 Supplies Mass Care

Resources will be requested on a mission-specific basis as needed. *Refer to Exhibit A of Attachment A- Tables and Figures for specifications and requirements.*

1.1.9 Functional Needs Support Services Product Specifications

A. Accessible Shelter Folding Cot to Include:

- Black or Dark Green Ballistic 1680d nylon fabric (or equivalent) with Cordura® water repellent coated DWR cot fabric, folded and riveted to frame.
- 1" Mattress pad
- IV Poles
- Side Rails
- Trendelenburg Positioning
- 18"H x 35" W x 81" L
- Weight Capacity: 400lbs
- Cot weight maximum: 35lbs

B. Bedding Kit to include:

- 1 each - 74" x 63" +/-, Poly/Wool Blend Blanket
- 1 set - 54" x 90", T-180 Percale, 50/50 Cotton/Poly Blend Flat Cot Sheets
- 1 each - Cotton full size (standard) Pillowcase (Must match pillow #4 below)
Components packed in a nylon mesh laundry bag.

C. Cot Mattress Cover:

- Vinyl Plastic, Elastic Edge (Fitted), Waterproof, Disposable

D. Pillow

- Hypoallergenic, Standard Size 20"x28", 300 Thread Count

E. Towels:

- Disposable, 24"x50" Disposable Paper Woven Towels

F. Adult Hygiene "Comfort" Uni Sex Kit to include:

- 1 each - Comb (Plastic)
- 1 each - Shampoo, 3 oz.
- 1 each - Soap (Bar or Liquid Body Wash)
- 1 each - Wash Cloth (Cotton)
- 1 each - Razor (Disposable)
- 1 each - Shave Gel, 3 oz.
- 1 each - Lotion, 3 oz.
- 1 each - Toothbrush, (Adult, Medium)
- 1 each - Toothpaste, 3 oz.
- 1 each - Tissue Packet
- 1 each - Draw String Poly Bag NO AGENCY LOGO - GRAPHICS TO BE "ADULT HYGIENE KIT"

G. Children's Hygiene "Comfort" Uni Sex Kit to include:

- 1 each - Toothbrush
- 1 each - Toothpaste, 3 oz.

- 1 each - Soap (Bar or Liquid Body Wash)
- 1 each - Shampoo, 3 oz.
- 1 each - Comb (Plastic)
- 1 each - Washcloth (Cotton)
- Crayons and Coloring Book
- Pencil and Sharpener
- 1 each - Draw String Poly Bag NO AGENCY LOGO - GRAPHICS TO BE "CHILD HYGIENE KIT"

H. Pre-Moistened Body Wash Towels (8/pack):

- 8 Heavy Duty Cloths per Package
- Case shall include 44 packages per case

I. Clean - Up Kit to include:

- 1 each - 14 Quart Utility Bucket with bail and pour spout
- 4 each - 55 Gallon Trash Bags (1.2 - 1.6 MIL)
- 1 Pair of Nitrile Gloves
- 1 each - 1Qt Bottles of Chlorine Bleach
- 1 each - Sponge (APX 5"x8"x1")
- 1 each - 8" Scrub Brush
- 2 each - Telescoping Handles for mop and broom
- 1 each - Large Mop Head
- 1 each - Broom Head
- 1 each - 18" Garage Broom
- 1 each - 19" Squeegee

1.1.10 Vehicles and Transportation

Contractor must provide upon request by St Charles Parish, authorized company personnel at the EOC or other point designated, at the time of the event.

A. Personnel

- Personnel at each location shall be responsible for the oversight and management of the transportation mission as tasked to include real-time documentation, real-time asset tracking reports, participation in logistics planning meetings, dispatch services, driver relations and other representation.

B. Real Time Asset Visibility

- Contractor will provide real time or near real time asset visibility on all loads upon request.

C. Deliverables

The Contractor shall report on the status of performance under delivery orders. The reports shall include the following:

- Contract number
- Purchase order number

- Date of issue
- Quantity of products ordered
- Required delivery or performance dates
- Estimated and actual dates and times of all deliverables, total quantity delivered, and any other information required by the customer.

D. Day Calculations, Timely Delivery and Start of Service

A day is calculated on a 24-hour basis, starting at 12:00 AM and ending at 11:59 PM local time at the destination site. The calculation begins when the delivery truck departs from the loading dock where it picked up the products and ends when the products are off-loaded, and the drivers are released by the responsible party representative at the final destination. Deliveries and starts of service will be considered timely if made at the specified delivery site within 2 hours before or after the time specified for delivery in the delivery order.

E. Late Deliveries and Starts of Services

In the event of delivery or start of service after the time period specified for timely delivery, St Charles Parish, at its sole discretion, may allow such a delivery or start of service.

F. Communication with Ground Transportation Assets

Contractor must always have the ability to track and communicate with truck drivers regardless of disaster situations. As a minimum, all truck drivers shall have cellular telephone or other voice or data communication equipment sufficient to enable the Contractor immediate contact with the driver at all times during transport.

G. Additional Ground Mileage

It is anticipated that deliveries may be required to locations in addition to the delivery sites specified in delivery orders for deliveries within the disaster areas. Additional ground mileage for deliveries to any additional delivery sites will be paid for only based on the mileage traveled between the original delivery site and the additional delivery sites.

The price per mile shall be paid for each truckload of at least a half truckload, if delivery is by other than a standard truckload. The price per mile shall be paid for each truckload of at least a half truckload, if delivery is by other than a standard truckload. No per diem or other costs will be paid separately for additional ground mileage. Time spent by the Contractor performing additional ground mileage is not included in standby time.

H. Standby Time Documentation

The Contractor shall document its entitlement to standby time by having its delivery personnel register arrival and departure with St Charles Parish's on-site representative.

These records will be used to determine the amount of standby time. The amount, if any, to be paid will be determined by rounding the elapsed time to the nearest hour. Delays in unloading caused by the Contractor are not included in standby time.

I. Dry and Refrigerated Storage Trailers

When specified in a delivery order, the Contractor shall provide dry or refrigerated storage trailers at sites designated by the delivery order. This requirement will be ordered as a daily rate, with a minimum of 5 days per order. The Contracting Administrator will notify the Contractor at least 24 hours in advance of required pick-up date and time.

J. Documentation of Dry and Refrigerated Storage Trailers

The Contractor shall ensure that documentation of delivery and pick-up of each dry storage trailer is properly presented to St Charles Parish and that St Charles Parish acknowledgement is obtained. The Contractor shall be responsible for ensuring that every delivery and pick-up of dry storage trailers has all required documentation.

Delivery and pick-up shall be considered made when the Contractor has obtained acknowledgement of the date and time of the arrival or departure at the delivery site by the on-site St Charles Parish representative.

K. Payment for Dry and Refrigerated Storage Trailers

The Contractor shall be paid for each day, or portion of a day, of dry or refrigerated storage trailer usage in accordance with the pricing that is in effect at the time of issuance of each delivery order. One day will be 24 continuous hours beginning at the date and time of the Start of Service. The number of days/quantities will be determined for the period between the start of service (date in and time in), and the required pick-up date and time, or the end of service (date out and time out), whichever occurs first.

Invoices submitted for payment shall include copies of supporting documentation that authenticate the number of days of dry storage trailer usage for which payment is being requested.

L. Drayage

When specified in a delivery order, the Contractor shall provide tractor power units, with fifth wheel, and drivers for 24 hours of service. The tractors and drivers shall move dry storage trailers as directed by the Contracting Administrator. Service shall be on a 7-day per week and 24-hour per day basis.

M. Documentation of Drayage

The Contractor shall assure that the start of service and end of service for drayage is properly presented to the St Charles Parish and that St Charles Parish acknowledgement of every start of service and end of service is obtained. The

Contractor shall be responsible for assuring that start of service and end of service has all required documentation. Start of service and end of service shall be considered made when the Contractor has obtained acknowledgement of the date and time of the arrival or departure at the delivery site by the on-site St Charles Parish representative.

N. Payment for Drayage

The Contractor shall be paid for each day, or portion of a day, of providing drayage in accordance with the pricing that is in effect at the time of issuance of each delivery order. Invoices submitted for payment shall include copies of all fully executed drayage information forms that support the number of days of providing drayage for which payment is being requested.

O. Emergency Fuel Shortages

In the event of a fuel shortage within an emergency area, St Charles Parish may exercise its option with the Contractor to provide fuels at St Charles Parish's expense under a separate emergency fuels contract. If so agreed upon and documented in writing by St Charles Parish and Contractor, the Contractor shall deduct all fuel related charges from invoices submitted for those transportation assets provided such fuels. All taxes must be paid by the carrier (i.e. International Fuel Agreement Tax, Excise Tax). Such fuels may include #1 diesel, #2 diesel, unleaded 87% octane gasoline, aviation fuels, or propane. Each driver shall be required to sign for fuels at designated locations established by St Charles Parish under the St Charles Parish's terms and conditions. These lists will be cross checked against all invoices submitted for payment by St Charles Parish. These refueling services may only be extended in certain areas where fuel shortages exist, and not include the entire affected areas.

P. Reimbursement

At no time shall St Charles Parish or other level of government be responsible for any form of fuel reimbursement to a Contractor, sub-contractor, owner-operator, corporate fleet operator or any other entity when commercial fuels are available. St Charles Parish also does not guarantee refueling of tractors or refrigerated trailers in the field, outside of established State Logistics Staging Areas or other official State designated emergency refueling points, unless prior arrangements are made at the time of the event between St Charles Parish and the Contractor.

Q. Refrigerated Trailers

St Charles Parish shall provide #1 diesel fuel at the St Charles Parish's expense only for refrigerated trailers remaining on site for more than 12 hours. St Charles Parish will not guarantee refueling of tractors or refrigerated trailers in the field unless prior arrangements are made at the time of the event between St Charles Parish and the Contractor.

R. Leased Refrigerated Trailers

When St Charles Parish leases refrigerated trailers only; St Charles Parish shall be

responsible only for refueling services of such trailers. However, St Charles Parish may request fueling services from the Contractor as necessary. Maintenance issues remain the responsibility of the Contractor with costs included in the contract terms. The Contractor shall be responsible for repairing or replacing defective or non-functioning refrigerated trailer in the field within 12 hours of notification by St Charles Parish.

S. Fuel Surcharge

A fuel surcharge may be applied by the Contractor when the cost of fuel exceeds a negotiated trigger point. When determining whether a surcharge will be acceptable, the Contractor will use the average on-highway (No. 2 low sulfur) diesel fuel price obtained from the US Energy Information Administration's weekly gasoline and diesel fuel report. The weekly report to be used will contain the date which the delivery order is issued to the Contractor. For disasters events lasting longer than 30 days, the customer may authorize a recalculation of the surcharge, under a separate purchase order. When the cost of No. 2 low sulfur diesel fuel, as measured above, exceeds the negotiated trigger point, the Contractor may apply a fuel surcharge as calculated by the following method.

The total distance for the route will be calculated using the shortest routing method. The total mileage is then divided by the average MPG for the trucks hauling the freight to determine number of gallons used. The trigger point (base rate) is subtracted from the average fuel cost within the appropriate delivery region as indicated above, to determine the cost in excess of trigger. The number of gallons used is then multiplied by the cost in excess of trigger to determine the fuel surcharge rate for a specific load.

T. St Charles Parish provided support services

In the event of an emergency and local support services are not available within 50 miles or St Charles Parish determines it is in the best interest of the relief operation to do so; St Charles Parish may exercise its options to establish separate contractual services for food services, showers and restrooms. These services will then be extended to truck drivers working from this location. Truck drivers will be expected to sleep in their sleeper units.

If services are so provided, the Contractor shall deduct any per-diem charges related to those drivers provided such services from invoices submitted. No guarantee can be extended by St Charles Parish that such services will also be provided for drivers by county or municipal governments. As such, every driver must be prepared to support themselves on-site for a minimum of 5 days to include food, water and sanitation services.

U. Safety and Health Program

The Contractor is required to develop, implement, and maintain a safety and health program covering all activities under this contract that complies with Occupational Safety and Health Administration (OSHA) standards.

1.1.11 Environmental Control

These resources are priced for single units also located in Typed Response Packages above. Resources will be requested on a mission-specific basis as needed. The tasks, deliverables and financial consequences found in Typed Response Packages apply to these resources.

1.1.12 Temporary Structures - Individual

Temporary Structures are to begin mobilization within 12 hours of order. Temporary Structures shall be in good to excellent working condition. All Temporary Structures will be delivered "ready for use" to St Charles Parish. Any equipment arriving in unprepped condition will NOT be included in the invoice billing period until the Contractor can demonstrate it is ready for operation.

The Contractor shall make available to St Charles Parish, an Operations and Maintenance Manual and maintenance schedule for each rental unit at the time of delivery upon request. Final maintenance on all Temporary Structures will be line itemized, included in the lease by the Contractor, and agreed to by St Charles Parish. Maintenance and decontamination will be conducted by or contracted for by the Contractor. Prices for these services will be quoted on the front end of a quote request and line itemized on the final invoice.

Tire replacement, if needed, will be arranged through the Contractor. Upon demobilization the Contractor shall:

- Confirm and document completion of all missions.
- Perform routine and final inspections of all equipment and submit final cost accounting.

1.1.13 Support Equipment

These resources are priced for single units also located in Typed Response Packages above. Resources will be requested on a mission-specific basis as needed. The tasks, deliverables and financial consequences found in Typed Response Packages apply to these resources.

1.1.14 Tarps

These resources are priced for single units also located in Typed Response Packages above. Resources will be requested on a mission-specific basis as needed. The tasks, deliverables and financial consequences found in Typed Response Packages apply to these resources.

1.1.15 Shelf-Stable Meals

Shelf stable meals will be used for emergency mass distribution. Meal Kit packages must include single use, self-heating, nationally accepted methods. A three-meal, per person, per day package is offered consisting during mass distribution which consists of breakfast, lunch, and dinner in one single waterproof package. These single "one-day per person" meal packages may be either bulk packed, or in cases not less than 24 per master case.

This facilitates the ease of mass distribution to the general public. In emergency events, it is not practical to open small cases of either same, or variety meals for distribution to the public due to time and staffing constraints.

St Charles Parish is not soliciting military Meals-Ready-To Eat (MREs). MREs are not well suited for general public consumption due to high levels of sodium, calories, and proteins. Proposals of military MREs will not be considered.

A. General Product Specifications (Deliverables)

- Each meal contains a minimum of 1,020 calories.
- Each case of 12 meals must contain six different menu varieties.
- Each meal to include a minimum of an entree; a side item; dessert; snack; an accessory packet; and flameless ration heater (frh). Must be self-heating through one of several nationally acceptable non-toxic, single use methods. Individual full meal, nutritionally balanced/ self-heated non-perishable packaged.
- Specifications based on a pack ready meal or equal commercial product.
- Meals must be individually packaged and nutritionally balanced.
- Freeze dried meals are not acceptable.
- Meals must have a minimum shelf life of three years.
- Meals must have the expiration/ best by date printed on case.

B. Nutritional Considerations (Deliverables):

- All meals must be nutritionally balanced.
- Senior/Child meals must have lower sodium content than regular adult meals.
- Belief-Based Diets
- Meals should also include options for Halal. Meals should be certified Halal and meet Islamic Halal standards established by the Islamic Food and Nutrition Council of America (IFANCA).
- Meals should also include options for Kosher which are prepared under rabbinical supervision.

C. Packaging (Deliverables):

- Meal Kit Packaging must be durable and waterproof.
- Meal kits shall be packed into either master cases not less than 24 kits per case or bulk packed. All cases or bulk packaging must be durable, water resistant and be enclosed on all six sides. Each case or bulk pack shall be clearly marked with:
 - Sub and sub-packaging quantity (e.g. 96 each, 3-meal Adult Shelf Stable Meal Kits).
 - Stock and lot numbers
 - Date of manufacture
 - Expiration date
- Master Packaging and palletizing:
 - Cases, boxes or master packs must be packed on a standard 3'x4' or 4'x4' wooden or plastic pallet

- Pallets will not be stacked more than 5'6" high to include the pallet
- All pallets shall be wrapped at least three times with standard pallet shrink-wrap.
- All pallets shall be clearly marked with a placard indicating what the pallet contains (e.g. ADULT or SENIOR ADULT/CHILD MEALS).
- Pallets shall contain only one (1) master type (e.g. adult or senior adult/child), although variations in meals types within the master type is required.

1.1.16 Personal Protective Equipment (PPE)

Refer to Attachment B - Price Requirements. Resources will be requested on a mission-specific basis as needed.

		<p>BASE CAMPS: Base camps are established as required in areas close in proximity to emergency impact areas. The purpose is to accommodate emergency workers responding to events in areas either where there are limited hotel/motel resources, or when occupying hotels/motels would not permit disaster victims from relocating from shelters into hotel/motels, thus extending the emergency shelter phase of the operation. Commercial Contractors/Vendors providing "turn-key" services will be considered the primary source of the establishment of base camps. For larger camps, Types can be combined at one site, such as a Type I and a Type II to build a 1,500-person camp.</p> <p>The Contractor should have an ability to construct the base camps and habilitate responders, recovery workers, military and relief agency workers with tents or modular units, provide air conditioning, heating, beds and/or cots, bedding, dining halls, kitchens, reefer trucks to haul food & ice and store, 4 meals a day, shower units, hand wash units, potable (drinking) water, water purification and manifold distribution systems, toilets, on-site manifold distribution of black and grey water and associated On-Site Sanitation Systems, laundry service, leveled hardwood floors, industrial</p>

COMPONENT		METRIC				
		<p>generators, diesel 4,000-watt light towers, utility vehicles, tooling and equipment for plumbing, electrical, instrumentation, and other consumables including kitchen utensils. Contractor shall also provide operations centers, recreation facilities and communication services to include telephone and wireless internet connectivity. The Contractor shall keep all their assets mobile, staged with their own fleet of tractor-trailers, and shall be able to keep those assets available for rapid deployment if required by the Government.</p> <p>Detailed Scope of Work, specifications, terms, and conditions must be negotiated between the government entity and Contractor.</p> <p>There are six levels of Base Camps:</p> <ul style="list-style-type: none"> • Type I supports 1000 persons • Type II supports 750 persons • Type III supports 500 persons • Type IV supports 250 persons • Other: Mobile Life Support Trailers • Type V: 53' Self-Contained Semi-Trailers Type VI: 40' Motor Homes 32' Travel Trailers <p>OVERVIEW of Services provided at a Base Camp include: Staffing and Management:</p> <ul style="list-style-type: none"> • Camp construction is considered turnkey, bare base, meaning that no on-site infrastructure is technically required to build the camp. Camp construction, engineering and support services are all provided by one prime vendor, who may or may not in turn let sub-contracts for various items or services in the camp. • Prime contractor provides all engineering and support staff. • Overall, camp management is the responsibility of government at some level with the assignment of at least a Type III IMT or IST. <p>Billeting/Camp Type:</p> <ul style="list-style-type: none"> • First choice of accommodations is the conversion of a fixed facility/building to accommodate personnel. Such conversion includes installation of dividing walls, partitions or curtains in order to allow for some privacy. • For larger operations hard-sided tents, long span structures or soft-sided tents or CONEX Systems can be used as billeting. Tent camps can take from 48-96 hours to set-up and must conform to normal wind loading of 45 MPH sustained, or 75 MPH in hurricane areas, based on previous events where storms crossing over the camp has done significant damage to these structures. Hard sided tents are preferred over soft sided. Tents must be fitted with floors and HVAC systems for climate-controlled living conditions.

Resources Available to Support Worker Welfare				
Category	Emergency Worker Encampment/Life Support/Base Camp		Facility System	
Minimum Capabilities:	Type I Figures 1 & 2	Type II Figures 3 & 4	Type III Figures 5 & 6	Type IV Figures 7 & 8
Component	Other Mobile			
	<p>For small deployments or where teams are moving from site to site every 1-2 days, self-contained 53' semi-trailer bunkhouses, travel trailers or CONEX mobile bunkhouses or RV's can be utilized. Trailers can accommodate six personnel, while bunkhouses accommodate 10 personnel. 53' semi-trailer can accommodate 12-24 persons.</p> <p>Food Services:</p> <ul style="list-style-type: none"> Food services will be accomplished through contract catering. Four meals per day will be served in accordance with current US Forest Service Catering Contracts. An approved 14-day rotation meal plan will be established. Food service facilities must meet all required public health code requirements to include a commercial grade (restaurant) NSF approved equipment, sealed floor, HVAC, bug screens and/or air curtain blowers, equipment and utensil sanitation, fire suppression, and hand wash stations in numbers appropriate for the size of camp. Camp catering must be able to feed at least 30% more persons above camp residents <p>Shower Accommodations:</p> <ul style="list-style-type: none"> Shower trailers or CONEX systems will be brought in. These trailers/CONEX typically accommodate 6-10 persons at a time. Include a changing room. Trailers have a high capacity hot water heater, typically fueled by propane or diesel fuels. Camp must be able to shower 20% more persons above camp residents. <p>Restroom Accommodations:</p> <ul style="list-style-type: none"> Porta-potties will not be used unless no other resources were available, except in remote area such as parking and service areas. Restroom trailers or CONEX systems will conform to ANSI 4.4 regulations. Restroom trailers resemble a public restroom, are well lighted, have mirrors, sinks, toilets, and urinals. Versions are available both men and women. Camp must be able to accommodate 20% more persons above camp residents. <p>Laundry Facilities and Services:</p> <ul style="list-style-type: none"> Portable laundry trailers or CONEX systems come in two configurations, self-service and commercial. In the self-service, workers can do their own laundry just like in a laundromat. In the commercial version, a contract service will be brought in to wash, dry and fold laundry for base personnel. <p>Moral, Welfare and Recreation Facility:</p> <ul style="list-style-type: none"> Between meal periods, the dining tent will be used as a recreation facility for Type IV, V, and VI camps. On Type I, II and III camps accommodating over 500 personnel, a separate tent facility will be provided with recreation items such as Ping-Pong table, large screen TV, reading library, daily newspapers, board games, cards and other items to afford workers a means to relax between shifts. Internet workstations shall be an option for personnel to check e-mail or document work related activities. 			

51

Administration:

- " Personnel check-in. Agencies sending emergency personnel to a Base Camp will identify those personnel by name/agency to the Camp Manager in advance of arrival, or issue a separate credential. Camp Managers in the Administration Unit will assign berthing space to individuals. Each person shall be issued a unique identity card indicating the level of services the person is entitled to at the camp.
- " Three levels of check-in, and issuance of identity cards/credentialing are designated:

Resident - Full time sleeping, dining and full services

Meals and Showers Only - Typically for commercial trucking personnel who sleep in their trucks and only require food, shower and laundry support

Meals Only - Personnel who will only receive meals at the Camp and reside and shower at other locations or at home.

" Telecommunications

- " Public pay phone trailers will be located within the billeting area, food service, recreation and administrative areas to allow personnel to call family and friends
- " POTS or VoIP telephone lines and ISDN, DSL, Satellite, or fiber optic T-1 lines will be ordered to support the administrative office at the Base Camp.
- " Office space will be established to allow for the management of the site
- " Life Safety & Security will be mission tasked to law enforcement, fire, and EMS agencies to support camp operations.

- M.1.3. Situation report reflecting operations to date, critical issues, concerns, unresolved issues with corrective action steps and dates.
- M.1.4. Staff counts on site and in support of operations.
- M.2. Justification for any charges above the contract agreement. Note that any charges above the contract agreement MUST be approved in writing (email acceptable) by the contracting entity PRIOR to the expense being incurred by the Contractor. Emergencies excepted and approved by phone must be documented at the earliest opportunity.
- N. Financial Consequences:
 - N.1. If the Division determines that the performance of the Contractor is unsatisfactory, the Division will notify the Contractor in writing of the deficiency to be corrected, which correction shall be made within a time frame specified by the Division. The Contractor shall, within the time specified in the contractual documents after notice from the Division, provide the Division with a written corrective action plan describing how the Contractor will address all issues of contract non-performance, unacceptable performance, and failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Division, the Contractor will be assessed a non-performance retainage equivalent to 10% of the total invoice amount or as specified in the contractual documents. The retainage will be applied to the invoice for the then-current billing period. The retainage will be withheld until the Contractor resolves the deficiency. If the deficiency is subsequently resolved, the Contractor may bill the Division for the retained amount during the next billing period. If the Contractor is unable to resolve the deficiency, the funds retained may be forfeited at the end of the final invoice period.

Infrastructure Support Services	Equipment	Multi-Fuel Truck, Potable water trucks/trailers, waste water vacuum truck, waste dumpsters, grease tanks, prime power generators, light towers, refrigerated food storage trailers, dry stores trailers, forklift, pallet jacks, portable loading dock(s), 6' chain link fencing with posts, fire extinguishers.	Multi-Fuel Truck, Potable water trucks/trailers, waste water vacuum truck, portable waste water treatment plants, wet-proof solid waste dumpsters, grease tanks, prime power generators, light towers, refrigerated food storage trailers, dry stores trailers, forklift, pallet jacks, portable loading dock(s), 6' chain link fencing with posts, fire extinguishers.
Ablution	Equipment	Potable water supply, showers, hand wash stations, laundry facilities, portable toilets, and wastewater collection systems are provided at each Shelter. All water supply equipment is rated for potable water supply in accordance with ANSI/NSF 42, 53, & 61 standards. Water systems are installed and operated in accordance with AWWA standards C900, C901, and NSF 14 for distribution systems and flexible lateral supply piping.	Potable water supply, showers, hand wash stations, laundry facilities, portable toilets, and wastewater collection systems are provided at each Shelter. All water supply equipment is rated for potable water supply in accordance with ANSI/NSF 42, 53, & 61 standards. Water systems are installed and operated in accordance with AWWA standards C900, C901, and NSF 14 for distribution systems and flexible lateral supply piping.

Facility System

TYPE V

Multi-Fuel Truck, Potable water trucks/trailers, waste water vacuum truck, portable waste water treatment plants, wet-proof solid waste dumpsters, grease tanks, prime power generators, light towers, refrigerated food storage trailers, dry stores trailers, forklift, pallet jacks, portable loading dock(s), 6' chain link fencing with posts, fire extinguishers.

Potable water supply, showers, hand wash stations, laundry facilities, portable toilets, restrooms, and wastewater collection systems are provided at each Shelter.

All water supply equipment is rated for potable water supply in accordance with ANSI/NSF 42, 53, & 61 standards. Water systems are installed and operated in accordance with AWWA standards C900, C901 and NSF 14 for distribution systems and flexible lateral supply piping.

RESOURCES - Support Services - Emergency Shelter Support Systems		Facility System	
CATEGORY	MINIMUM CAPABILITIES	TYPE III	TYPE IV
COMPONENT	METRIC		
Commissary	Services	OPTIONAL: Limited service Commissary shall be provided in the shelter in accordance with USFS Commissary Contract Standards.	OPTIONAL: Basic service Commissary shall be provided in the shelter
ATM	Equipment	OPTIONAL: Portable ATM Machine or trailer provided if possible.	OPTIONAL: Portable ATM Machine or trailer provided if possible.
Postal and Express Services	Service	OPTIONAL: U.S. Postal services and express mail services (FedEx/UPS etc.) will be arranged through the Administrative Section of the Shelter for residents.	OPTIONAL: U.S. Postal services and express mail services (FedEx/UPS etc.) will be arranged through the Administrative Section of the Shelter for residents.
<p>EMERGENCY SHELTERS: Emergency Shelters are established as required in areas close in proximity to emergency impact areas. The purpose is to provide basic emergency shelter services for displaced persons in areas either where there are limited hotel/motel or other alternative resources. Commercial Contractors/vendors providing "turn-key" services will be considered the primary source of the establishment of Emergency Shelters. For larger Shelters,</p> <p>The Contractor should have an ability to construct the Emergency Shelters and habilitate displaced populations with modified structures, tents or modular mobile units, provide air conditioning, heating, beds and/or cots, bedding, dining halls, kitchens, refer trucks to haul food & ice and store, 3 meals a day (4 for workers), shower units, hand wash units, potable (drinking) water, water purification and manifold distribution systems, toilets, on-site manifold distribution of black and grey water and associated On-Site Sanitation Systems, laundry service, leveled hardwood floors, industrial generators, diesel 4000 watt light towers, utility vehicles, tooling and equipment for plumbing, electrical, instrumentation, and other consumables including kitchen utensils. Contractor shall also provide operations centers, recreation facilities and communication services to include telephone and wireless internet connectivity. The Contractor shall keep all their assets mobile, staged with their own fleet of tractor-trailers, and shall be able to keep those assets available for rapid deployment if required by the Government.</p>			

72

Detailed Scope of Work for a specific site, specifications, terms, and conditions must be negotiated between the government entity and Contractor.

OVERVIEW of Services provided at an Emergency Shelter

includes: Staffing and Management:

- Shelter construction is considered turnkey, bare base, meaning that no on-site infrastructure is technically required to build the Shelter. Shelter construction, engineering and support services are all provided by one prime vendor, who may or may not in turn let sub-contracts for various items or services in the Shelter.
- Prime contractor provides all engineering and support staff.
- Overall, Shelter management is the responsibility of government at some level with the assignment.

Billeting/Shelter Type:

- First choice of accommodations is the conversion of a fixed facility/building to accommodate personnel. Such conversion includes installation of dividing walls, partitions or curtains in order to allow for some privacy.
- For larger operations hard-sided tents, long span structures or soft-sided tents or CONEX Systems can be used as billeting. Tent Shelters can take from 48-96 hours to set-up and must conform to normal wind loading of 45 MPH sustained, or 75 MPH in hurricane areas, based on previous events where storms crossing over the Shelter has done significant damage to these structures. Hard sided tents are preferred over soft sided. Tents must be fitted with floors and HVAC systems for climate-controlled living conditions.

Food Services:

- Food services will be accomplished through contract catering. Three meals per day will be served in accordance with modifying current US Forest Service Catering Contracts to serve at least 1500 calories per person, per day. An approved 10-day rotation meal plan will be established. Food service facilities must meet all required public health code requirements to include a commercial grade (restaurant) NSF approved equipment, sealed floor, HVAC, bug screens and/or air curtain blowers, equipment and utensil sanitation, fire suppression, and hand wash stations in numbers appropriate for the size of Shelter. Shelter catering must be able to feed at least 5-10% more persons above Shelter residents

Shower Accommodations:

- Shower trailers or CONEX systems will be brought in. These trailers/CONEX typically accommodate 6-10 persons at a time, include a changing room. Trailers have a high capacity hot water heater, typically fueled by propane or diesel fuels. Shelter must be able to shower 10% more persons above Shelter residents.

Restroom Accommodations:

- Porta-potties will not be used unless no other resources were available, except in remote area such as parking and service areas. Restroom trailers or CONEX systems will conform to ANSI 4.4 regulations. Restroom trailers resemble a public restroom, are well lighted, have mirrors, sinks, toilets, and urinals. Versions are available both men and women. Shelter must be able to accommodate 10% more persons above Shelter residents.

Laundry Facilities and Services:

- Portable laundry trailers or CONEX systems, which are self-service.

73

Moral, Welfare and Recreation Facility:

- Between meal periods, the dining tent may be used as a recreation facility. Contractor will provide recreation items such as Ping- Pong table, large screen TV, reading library, board games, cards and other items to afford workers change workers to shelterees and remove between shifts a means to relax between shifts. Internet workstations shall be an option for personnel to check e-mail or document work related activities.

Administration:

- Personnel/add shelterees check-in. Agencies sending emergency personnel to an Emergency Shelter will identify those personnel by name/agency to the Shelter Manager in advance of arrival, or issue a separate credential. Shelter Managers in the Administration Unit will assign berthing space to individuals. Each person shall be issued a unique identify card indicating the level of services the person is entitled to at the Shelter.
- Three levels of check-in, and issuance of identify cards/credentialing are designated:
Resident - Full time sleeping, dining and full services

Meals and Showers Only - Typically for commercial trucking personnel who sleep in their trucks and only require food, shower and laundry support

Meals Only - Personnel who will only receive meals at the Shelter and reside and shower at other locations or at home unless unable to find adequate housing.

- Telecommunications
 - Public payphone trailers will be located within the billeting area, food service, recreation and administrative areas to allow personnel to call family and friends
 - POTS or VoIP telephone lines and ISDN, DSL, Satellite, or fiber optic T-1 lines will be ordered to support the administrative office at the Emergency Shelter.
- Office space will be established to allow for the management of the site
- Life Safety & Security will be mission tasked to law enforcement, fire, and EMS agencies to support Shelter operations.

ATTACHMENT "C"

COMPLIANCE WITH FEDERAL AND STATE LAWS

Disaster Recovery Services for St. Charles Parish

2 CFR Part 200 - PROVISIONS FOR FEMA PUBLIC ASSISTANCE FUNDING - Since this contract may be eligible for FEMA reimbursement, the following provisions may be applicable to this bid solicitation and subsequent Contract.

EQUAL EMPLOYMENT OPPORTUNITY (2 CFR 200 Appendix II(C)) – Applies to all construction contracts - *"During the performance of this contract, the contractor agrees as follows:* The contractor will comply with all provisions of Executive Order No. 11246 of Sept. 24, 1965 entitled "Equal Employment Opportunity," as amended by Executive order 11375 of October 13, 1967, as supplemented in Department of Labor regulation. Contractors are not to exclude from participation in, deny the benefits of, or subject to discrimination under any program or activity, any person in the United States on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or veteran status; nor discriminate on the basis of age under the Age Discrimination Act of 1975, or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973, or on the basis of religion, except that any exemption from such prohibition against discrimination on the basis of religion as provided in the Civil Rights Act of 1964, or Title VI and VII of the Act of April 11, 1968, shall also apply.

COMPLIANCE WITH REPORTING REQUIREMENTS (2 CFR 200.327-329) – Applies to all contracts - In the event of a declared emergency, Contractors are subject to FEMA and/or GOHSEP reporting requirements, i.e. program performance, financial and progress reports. Contractor shall complete and submit all reports, in such form and according to such schedule as may be required by the Owner / Agency.

BYRD ANTI-LOBBYING AMENDMENT (2 CFR 200 Appendix II (I)) – Applies to all contracts - Contractor that apply or bid for a contract must certify that it will not and has not used any Federal funds to influence an employee or member of Congress in obtaining any Federal Award.

ACCESS TO RECORDS (2 CFR 200.336) – Applies to all contracts - The State of Louisiana, the Federal agency providing the assistance for this contract, the Comptroller General of the United States, St. Charles Parish, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the Contractor which are directly pertinent to this specific contract, for the purpose of audits, examinations, and making excerpts and transcriptions. All records connected with this contract will be maintained in a central location by the Contractor and St. Charles Parish, respectively, for a period of three (3) years from the date of the submission of the grantee's final expenditure report.

RETENTION OF RECORDS (2 CFR 200.333) – Applies to all contracts - In the event of a declared emergency, contractor shall retain all required records for three years after the termination date of the contract and all other pending matters are closed.

ENERGY EFFICIENCY – Appendix II(H) – Applies to all contracts - Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan (LA RS 40:1730.49) issued in compliance with the Energy Policy and Conservation Act (Public Law 94-163, as amended).

PROHIBITIONS OF AWARDS TO DEBARRED AND SUSPENDED PARTIES (2 CFR 200 Appendix II (I)) – Applies to all contracts - The Contractor represents and warrants that it and its Subcontractors are not debarred, suspended, or placed in ineligibility status under the provisions of the provisions of E.O.s 12549 and 12689. To ascertain whether a Contractor or Subcontractor has been excluded from participating in a contract or subcontract receiving Federal financial assistance, a search of the Excluded Parties List System can be conducted using the System for Award Management provided by the General Services Administration at <https://www.sam.gov>.

The Contractor must notify the Owner in the event of it and its Subcontractors being debarred, suspended, or declared ineligible by any department or agency of the Federal Government, or upon receipt of a notice of a proposed debarment or suspension, either prior to or after execution of a contract.

Upon notice of debarment, suspension, or declaration of ineligibility, the Contractor and/or its Subcontractors is/are ineligible to enter into contracts with the Owner, any department, or agency of the Federal Government. The Owner reserves the right to review cause for said debarment, suspension, or declaration of ineligibility, and to terminate this contract according to the terms of this section.

PROCUREMENT OF RECOVERED MATERIALS (2 CFR 200 Appendix II (J) See 200.322) – Applies to all contracts - The Contractor and its Subcontractors will comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act (RCRA). The requirements of Section 6002 include procuring only items designated in the guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the Contractor purchases \$10,000 or more worth of one of these items during the course of the fiscal year or where the cost of such items or of functionally equivalent items purchased during the preceding fiscal year was \$10,000 or more; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for the procurement of recovered material identified in the EPA guidelines.

BONDING REQUIREMENTS (2 CFR 200.325) – Applies to all construction or facilities improvement contracts in excess of the Simplified Acquisition Threshold (SAT = \$250,000 as of 8/31/2020) – Bonding requirements include:

- a) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the

time specified.

- b) A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.
- c) A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

COPELAND "ANTI-KICKBACK" ACT (2 CFR 200 Appendix II (D)) – Applies to all construction or repair contracts in excess of \$2,000.00 - Whoever, by force, intimidation, or threat of procuring dismissal from employment or by any other manner whatsoever induces any person employed in the construction, prosecution, completion or repair of any public building, public work, or building or work financed in whole or in part by loans or grants from the United States to give up any part of the compensation to which he is entitled under his contract of employment, shall be fined under this title or imprisoned not more than five years, or both. The Contractor shall comply with all applicable "Anti-Kickback" regulations and shall insert appropriate provisions in all subcontracts covering work under this contract to ensure compliance by the subcontractors with such regulations, and shall be responsible for the submission of affidavits required of subcontractors thereunder except as the Secretary of Labor may specifically provide for variations of or exemptions from the requirements thereof.

TERMINATION FOR CAUSE AND CONVENIENCE (2 CFR 200 Appendix II(B)) – Applies to all contracts in excess of \$10,000.00 - If, through any cause, the Contractor shall fail to fulfill in a timely and proper manner his obligations under this contract, or if the Contractor shall violate any of the covenants, agreements, or stipulations of this contract, the Owner shall thereupon have the right to terminate this contract by giving written notice to the Contractor of such termination and specifying the effective date thereof, at least five (5) days before the effective date of such termination. In such event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports prepared by the Contractor under this contract shall, at the option of the Owner, become the Owner's property and the Contractor shall be entitled to receive just and equitable compensation for any work satisfactorily completed hereunder. Notwithstanding the above, the Contractor shall not be relieved of liability to the Owner for damages sustained by the Owner by virtue of any breach of the contract by the Contractor, and the Owner may withhold any payments to the Contractor for the purpose of set-off until such time as the exact amount of damages due the Owner from the Contractor is determined.

The Owner may terminate this contract at any time by giving at least ten (10) days notice in writing to the Contractor. If the contract is terminated by the Owner as provided herein, the Contractor will be paid for the time provided and expenses incurred up to the termination date.

ADMINISTRATIVE AND LEGAL REMEDIES FOR VIOLATION OR BREACH OF CONTRACT (2 CFR 200 Appendix II (A)) – Applies to all contracts in excess of the Simplified Acquisition Threshold (SAT = \$250,000 as of 8/31/2020) - Any violation or breach of terms of this contract on the part of the Contractor or the Contractor's subcontractors may result in the suspension or termination of this contract or such other action that may be necessary to

enforce the rights of the parties of this contract. The duties and obligations imposed by the contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (2 CFR 200 Appendix II(E)) – Applies to all construction contracts greater than \$100,000.00 where mechanics and laborers are employed - Contractor shall be in compliance with section 40 U.S.C. 3702 and 3704 of the Contract Work Hours and Safety Standards Act as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL (CLEAN WATER) ACT (2 CFR 200 Appendix II (G)) – Applies to all contracts greater than or equal to \$150,000 - Contractor shall be in compliance with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

PROHIBITION ON CONTRACTING FOR COVERED TELECOMMUNICATIONS EQUIPMENT OR SERVICES (2 C.F.R. § 200.216) - Applies to all contracts

- (a) Definitions. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy 405-143-1, Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services (Interim), as used in this clause—
- (b) Prohibitions.
 1. Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug. 13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.
 2. Unless an exception in paragraph (c) of this clause applies, the contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:
 - i. Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

- ii. Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
- iii. Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or
- iv. Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Exceptions.

1. This clause does not prohibit contractors from providing—
 - i. A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or
 - ii. Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.
2. By necessary implication and regulation, the prohibitions also do not apply to:
 - i. Covered telecommunications equipment or services that: i. Are not used as a substantial or essential component of any system; and ii. Are not used as critical technology of any system.
 - ii. Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d) Reporting requirement.

1. In the event the contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the contractor is notified of such by a subcontractor at any tier or by any other source, the contractor shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.
2. The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause:
 - i. Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily

available information about mitigation actions undertaken or recommended.

- ii. Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

- (e) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (e), in all subcontracts and other contractual instruments.”

DOMESTIC PREFERENCE FOR PROCUREMENTS (2 C.F.R. § 200.322) - Applies to all contracts and purchase orders for work or products - As appropriate, and to the extent consistent with law, the contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products. For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

ACTION IN LIEU OF
A MEETING OF THE
MANAGER OF
DRC EMERGENCY SERVICES, LLC

This action is taken in accordance with Section 10-12-22 of the Alabama Limited Liability Company Act, as amended (the "Act"), in lieu of a meeting of the sole Manager of DRC EMERGENCY SERVICES, LLC, an Alabama limited liability company (the "Company"), and is made effective as of January 19, 2016.

WHEREAS, Section 4.2 of the Company's Second Amended and Restated Operating Agreement dated January 20, 2016 (as amended, the "LLC Agreement") and the Act permit the Manager of the Company to take the following actions; and

WHEREAS, the undersigned, DRC Equity LLC, constitutes the sole Manager of the Company (the "Manager").

NOW, THEREFORE, the undersigned hereby makes the following resolutions and consents to the following actions in lieu of a meeting of the Manager of the Company:

1. The following persons, in their respective corporate capacities indicated below, are hereby authorized and empowered for the express limited purpose of signing documents for the submission of bids, proposals, offers, responses and other related documents to, any federal, state or local government, including any governmental entity, organization, body, agency, department or political subdivision, for the transaction of business by or on behalf of the Company:

<u>Name</u>	<u>Office/Capacity</u>
John R. Sullivan	President
Kristy Fuentes	Vice President of Business Development, Secretary and Treasurer

2. The officers listed above after giving effect to this written consent are hereby authorized and directed on behalf of the Company to execute and deliver such agreements and instruments, make such filings and give such notices, and take any and all such other actions, and to do or cause to be done, such acts as such officers may deem necessary or advisable to accomplish or otherwise implement the purposes of the foregoing resolutions or to cause the Company to perform its obligations under any of the foregoing.

3. All actions taken by any officer of the Company in connection with any of the transactions contemplated by these resolutions are hereby authorized, approved, ratified and confirmed in all respects.

4. This written consent may be executed in counterparts, and all so executed shall constitute one action notwithstanding that all of the undersigned are not signatories to the original or to the same counterpart. This written consent shall be filed with the minutes of the proceedings of the Manager of the Company.

[SIGNATURE PAGE FOLLOWS]

Dated effective as of the date first written above.

DRC EMERGENCY SERVICES LLC

By: **DRC EQUITY, LLC**
a Texas limited liability company
Its: **Manager**

By: **John R. Sullivan**
Its: **President**

[Consent to Appoint Manager – DRC Emergency Services, LLC (January 2016)]

**PROFESSIONAL SERVICES AGREEMENT
DISASTER RECOVERY SERVICES**

THIS AGREEMENT made and effective as of the ____ day of _____ 2024 by and between ST. CHARLES PARISH acting herein by and through its President, who is duly authorized to act on behalf of said Parish, hereinafter called the OWNER, and LEMOINE DISASTER RECOVERY, L.L.C., a Texas Limited Liability Company with its primary place of business at 1200 Brickyard Lane, Suite 300, Baton Rouge, LA 70802 acting herein by and through its duly authorized representative, Robert M. Rice, hereinafter called CONTRACTOR.

Whereas the Owner desires to employ a Contractor to perform **Disaster Recovery Services for St. Charles Parish** (hereinafter sometimes identified as "Services"), following any declared emergency disaster.

1.0 PURPOSE

- 1.1 St Charles Parish intends to secure one or more pre-position contracts for the provision and performance of Disaster Recovery Services in St. Charles Parish, State of Louisiana. These contracts would be activated should a hurricane, tornado, ice storm, or other emergency event impact St Charles Parish and require response beyond the capability of local resources which includes additional products, services and personnel resources. It is critical that these support operations are up and operating as soon as possible once a need has been identified.
- 1.2 This contract shall not be considered exclusive, and St Charles Parish retains the right to obtain similar services from additional vendors.
- 1.3 St Charles Parish, at its sole discretion, may expand the scope of services to include additional requirements.
- 1.4 St Charles Parish may seek reimbursement by the Federal Emergency Management Agency (FEMA) as part of Disaster Recovery or another declared emergency for the awarded contract. It is imperative that the Contractor examine and become familiar with the Public Assistance Program established by FEMA. Contractor shall comply with all Federal Regulations Contract Requirements shown in Attachments.

2.0 GENERAL TERMS

- 2.1 The Owner agrees to employ the Contractor and the Contractor agrees to perform work and services required for the Services described above. Contractor will conform to the requirements of the Owner and to the standards of the agencies participating with the Owner in the Services requested. The Contractor will coordinate all work between the Owner and all participating agencies and regulating agencies, if needed. CONTRACTOR is authorized to begin work upon

execution of this contract. The Owner may terminate the Contract by written notification and without cause per Section 13.0 during any phase of the requested services.

- 2.2 This Agreement shall be effective for an initial Three (3) year term beginning June 1, 2024, and expiring May 31, 2027, and can be extended by written mutual agreement of the parties for up to three (3) additional one (1) year terms. The unit prices can be adjusted upward or downward on each yearly anniversary of the contract to reflect the change in the cost of doing business, as measured by fluctuations in the Consumer Price Index (CPI), applicable to New Orleans – Baton Rouge area, published by the U.S. Department of Labor, Bureau of Labor Statistics. (If this CPI computation is discontinued during the remainder of the term of this contract, then a similar type of index which is published and available during the remainder of the term of this contract shall be applied, upon the mutual agreement of both parties.) On or before ninety (90) days prior to the anniversary date, and each succeeding year thereafter the CONTRACTOR will compute the most recent percent increase or decrease in the CPI, which is then available and the unit prices, as previously adjusted, will be further adjusted if necessary. The CONTRACTOR shall furnish the PARISH at that time with a copy of the CPI upon which It bases its calculation. However, in no event shall any increase or decrease in the unit prices for any one year exceed five (5%) percent. The unit prices, as adjusted, shall automatically become effective on the first day of the next anniversary, each year thereafter.
- 2.3 The Contractor shall at all times during this Agreement maintain all applicable valid Louisiana contracting licenses necessary for the performance of the work and services.
- 2.4 St Charles Parish reserves the right to increase or decrease quantities at the unit price. St Charles Parish shall not obligate itself to contract for or accept more than their actual requirements during the period of the contract, as determined by actual needs and availability of appropriated funds.
- 2.5 All work shall be under the direction of the Owner, and all plans, specifications, etc. shall be submitted to the Owner and all approvals and administration of this contract shall be through the Owner.

3.0 SERVICES AND SCOPE OF WORK

- 3.1 The Owner hereby contracts with the CONTRACTOR to perform all necessary work and services in connection with the Services as defined as follows:

Disaster Recovery Services

- 3.2 The Services of this Agreement consist of the scope of services and work as defined in Attachment "A" hereto.

- 3.3 Contractor shall perform all scope of services and work in accordance with the Schedule as defined in Attachment "A" hereto unless otherwise mutually agreed upon by the parties in writing.
- 3.4 The Contractor agrees to comply with all Federal, State, and Local Laws and Ordinances applicable to the scope of services and work or in entering any other agreement with any another party to complete the work.

4.0 SERVICES OF CONTRACTOR

- 4.1 Contractor shall provide Owner professional work and services in all phases to which this Agreement applies and as hereinafter provided to properly plan and execute the work on the service(s) assigned to the Contractor.
- 4.2 Services provided by the Contractor shall be performed in accordance with generally accepted professional practice at the time and the place where the services are rendered.
- 4.3 Contractor shall obtain from Owner authorization to proceed in writing for each phase of the Services performed if applicable.
- 4.4 Contractor shall provide work and services to complete this Agreement, including all necessary services described herein or usually implied as a prerequisite for the performance of the services whether or not specifically mentioned in this agreement, including attendance by the Contractor at any conferences and public hearings.
- 4.5 St. Charles Parish Furnished Resources: St Charles Parish shall appoint a Contract Manager for this Contract who will provide oversight of the activities conducted hereunder. Notwithstanding the Contractor's responsibility for management during the performance of this Contract, the assigned Contract Manager shall be the principal point of contact on behalf of St Charles Parish and will be the principal point of contact for Contractor concerning Contractor's performance under this Contract.

5.0 NON-EXCLUSIVITY CLAUSE

This Agreement is non-exclusive and shall not in any way preclude St. Charles Parish from entering into similar agreements and/or arrangements with other vendors or contractors or from acquiring similar, equal or like goods and/or services from other entities or sources.

6.0 OWNERSHIP OF DOCUMENTS

- 6.1 Record Ownership: All records, reports, documents, or other material related to any contract resulting from this RFP and/or obtained or prepared by the Contractor in

connection with the performance of the services contracted for herein shall become the property of St Charles Parish and shall, upon request, be returned by the Contractor to St Charles Parish, at the Contractor's expense, at termination or expiration of the contract.

- 6.2 Documents including but not limited to plans, specifications, maps, basic survey notes, sketches, charts, computations and all other data prepared or obtained under the terms of this authorization shall become the property of the Owner and shall be made available for Owner's inspection at any time during this Agreement and, shall be delivered to the Owner prior to termination or final completion of the Contract.
- 6.3 Contractor may retain a set of documents for its files.
- 6.4 No materials, to include but not limited to reports, maps or other documents produced as a result of this Contract, in whole or in part, shall be available to Contractor for copyright purposes. Any such materials produced as a result of this Contract that might be subject to copyright shall be the property of the Owner and all such rights shall belong to the Owner, and the Owner shall be sole and exclusive entity who may exercise such rights.

7.0 SUPPLEMENTARY SERVICES

The Contractor shall provide, when requested in writing by the Owner, supplementary services not included in the basic work and services.

The compensation to the Contractor for the supplemental services, when performed by the Contractor, shall be in the form of a lump sum, billable hours, or "not to exceed" hourly rate which is mutually agreeable to the Owner and the Contractor in writing.

8.0 DEFECTIVE WORK

During such visits and on the basis of such observations, Owner may disapprove of or reject Contractor's work while it is in progress if Contractor believes that such work will not conform generally to the scope of the work and services.

9.0 NOTICE TO PROCEED

The Owner shall notify the Contractor in writing to undertake the services stated in this Agreement, and the Contractor shall commence the services immediately after receipt of such notification as further specified Attachment A.

If the Owner desires to divide the Services into various parts, a Notice to Proceed shall be issued for each part, and the Owner and the Contractor shall mutually agree upon the period of time within which services for each part of this Agreement shall be performed.

The Contractor will be given time extensions for delays beyond their control or for those caused by tardy approvals of work in progress by various official agencies, but no additional compensation shall be allowed for such delays.

10.0 PAYMENTS

- 10.1 Owner shall pay Contractor for the performance of work and services as outlined in Attachment "B" to this Agreement.
- 10.2 If the Services of this Agreement, or any portion thereof, is not completed for any reason, the final fee for work and services shall be negotiated between Owner and Contractor. If the final fee for work and services is not agreed upon, either party may elect in writing to submit the dispute to mediation. If mediation is not mutually agreed upon, written notice will be submitted to the other party of the intent to submit the dispute to the 29th Judicial District Court for St. Charles Parish, State of Louisiana.
- 10.3 If authorized in writing by Owner, for the performance of, or for obtaining from others Additional Services which are not considered normal or customary practices, the Owner shall pay Contractor based on monthly invoices submitted by the Contractor, within sixty (60) days of receipt of Contractor's invoice. Contractor shall provide written notice to Owner when no services or work has been performed during a given month.
- 10.4 The following documentation shall be required for payment to Contractor and shall be attached to the monthly invoice.
 - a. A copy of the Owner's written authorization to perform the service.
 - b. Timesheets for all hours invoiced.
 - c. Invoice copies, logs or other substantiation of non-salary expenses.
 - d. Any and all documentation or materials necessary for compliance with FEMA regulations and disaster recovery of funds for reimbursement purposes.
- 10.5 For Additional Authorized Services that Contractor acquires from subcontractors, Owner shall pay Contractor a fixed sum previously agreed upon by Owner and Contractor, such sum to be established in each case when the scope of the work involved has been determined and before any of the Additional Services are provided. The use of subcontractors shall be subject to the provisions set forth in this Agreement. The following documentation shall be required for payment to Contractor and shall be attached to the monthly invoice:
 - a. A copy of the Owner's written consent for the subcontractor to perform the service stating the Owner's and Contractor's agreed upon fixed sum established for the service performed.
 - b. Evidence that the subcontractor is insured as required by this Agreement.

- 10.6 For Additional Services described in Section 5, Owner shall pay Contractor for the fee negotiated at the time the work is assigned by the method stipulated in the contract amendment.

11.0 BUDGET LIMITATIONS – NON-APPROPRIATION OF FUNDS

Termination for Non-Appropriation of Funds: The continuation of the contract shall be contingent upon the appropriation of funds to fulfill the requirements of the contract. Notwithstanding any provisions herein, in the event sufficient funds for the performance of this Agreement are not appropriated by St Charles Parish in any fiscal year covered by this contract, this agreement may be terminated by St Charles Parish giving notice to the Contractor of such facts and St Charles Parish's intention to terminate its financial obligation.

12.0 FUNDS

No work shall be authorized until funds are established for each individual task.

13.0 TERMINATION OR SUSPENSION

- 13.1 St Charles Parish may terminate the Contract for cause based upon the failure of the Contractor to comply with the terms and/or conditions of the Contract; provided St Charles Parish shall give the Contractor written notice specifying the Contractor's failure. If within thirty (30) calendar days after receipt of such notice, the Contractor shall not have either corrected such failure or, in the case of failure which cannot be corrected in thirty (30) calendar days, begun in good faith to correct said failure and thereafter proceeded diligently to complete such correction, then St Charles Parish may, at its option, place the Contractor in default and the Contract shall terminate on the date specified in such notice.
- 13.2 A breach of any of the terms of this contract shall constitute default, including but not limited to any event of failure, neglect, or refusal to complete the work or any designated party of the work specified herein, within the corresponding contract times. A default may cause termination of the contract at the sole option of St Charles Parish. Where St Charles Parish has determined the Vendor to be in default, St Charles Parish reserves the right to purchase any and/or all products or services covered by the contract on the open market and to charge the Vendor with cost in excess of the contract price (liquidated damages). Until such assessed charges have been paid, no subsequent offer from the defaulting Vendor will be considered.
- 13.3 Failure to perform within the time agreed upon in the contract may constitute default and may cause cancellation of the contract.
- 13.4 Contractor may exercise any rights available to it under Louisiana law to terminate for cause upon the failure of St Charles Parish to comply with the terms and

conditions of the contract provided that the Contractor shall give St Charles Parish written notice specifying St Charles Parish's failure and a reasonable opportunity for St Charles Parish to cure the defect.

- 13.5 The Contractor, upon receipt of such notice, shall immediately discontinue all services in connection with the performance of this Agreement and shall proceed to cancel promptly all existing orders and contracts insofar as such orders or contracts are chargeable to this Agreement.
- 13.6 The Contractor shall, as soon as practicable after receipt of notice of termination, submit a statement showing in detail the services performed and payments received under this Agreement to the date of termination.
- 13.7 The Owner shall then pay the Contractor promptly that portion of the prescribed fee to which both parties agree.
- 13.8 Contractor fully acknowledges that no payment will be made for any work performed or expenses incurred after receipt of the termination by either party unless mutually agreed upon in writing.
- 13.9 Failure to meet agreed delivery dates or authorized extensions are considered substantial failures and breach of this contractual agreement by Contractor.
- 13.10 Termination of the Contract for Convenience: St Charles Parish may terminate the Contract at any time without penalty by giving thirty (30) calendar days written notice to the Contractor of such termination or negotiating with the Contractor an effective date. The Contractor shall be entitled to payment for deliverables in progress, to the extent work has been performed satisfactorily.
- 13.11 Termination for Non-Appropriation of Funds: The continuation of the contract shall be contingent upon the appropriation of funds to fulfill the requirements of the contract. Notwithstanding any provisions herein, in the event sufficient funds for the performance of this Agreement are not appropriated by St Charles Parish in any fiscal year covered by this contract, this agreement may be terminated by St Charles Parish giving notice to the Contractor of such facts and St Charles Parish's intention to terminate its financial obligation.

14.0 INSURANCE

- 14.1 The Contractor shall secure and maintain at his expense such insurance that will protect him and the Owner, from claims under Workmen's Compensation Acts and from claims for bodily injury, death or property damage which may arise from performance of services under this Agreement. General Liability Insurance for bodily injury or death shall be in the unencumbered amount of \$1,000,000.00 for one person and not less than \$1,000,000.00 for all injuries and/or deaths resulting from any one occurrence. The insurance for property damage shall be in the

unencumbered amount of \$1,000,000.00 for each accident and not less than \$2,000,000.00 aggregate and \$2,000,000 products/completed operations aggregate. Each policy of insurance required by this clause shall contain an Additional Insured endorsement in favor of St Charles Parish, its elected and appointed officials, agents, directors, servants, employees and volunteers, using form CG 20 10 Form B (edition 07 04) or approved equivalent; and a Waiver of Transfer of Rights of Recovery Against Others to Us in favor of St Charles Parish, its elected and appointed officials, agents, directors, servants, employees, and volunteers.

- 14.2 Workers Compensation Insurance: The Contractor shall maintain Workers Compensation coverage during the term of this agreement. The limits of the Workers Compensation coverage shall be the Louisiana statutory requirements; shall provide Other States coverage, if applicable; and include Employer's Liability coverage with minimum acceptable limits of \$1,000,000 Each Accident, \$1,000,000 by Disease – Each Employee, and \$1,000,000 by Disease – Policy limit. The Contractor shall provide a Waiver of Subrogation in favor of St Charles Parish, its elected and appointed officials, agents, directors, servants, employees, volunteers, and any other entities who may require waivers by specific contract. The Contractor shall provide certification of such insurance and a copy of the policy upon request.
- 14.3 Auto Liability Insurance: The Contractor shall maintain automobile liability coverage during the term of this agreement. The limits of this coverage shall be a minimal acceptable limit \$1,000,000 Combined Single Limits for bodily injury and property damage. Liability coverage to be provided for Any Auto or All Owned Autos and Hired and Non-owned Autos. If the Contractor owns no vehicles, then a Hired and Non-owned Auto Liability policy is required. An Additional Insured endorsement in favor of St Charles Parish, its elected and appointed officials, agents, directors, servants, employees, and volunteers is required; and a Waiver of Transfer of Rights of Recovery Against Others to Us in favor of St Charles Parish, its elected and appointed officials, agents, directors, servants, employees, and volunteers is also required. The Contractor shall provide certification of such insurance and a copy of the policy upon request.
- 14.4 The Contractor shall also secure and maintain at his expense professional liability insurance in the unencumbered sum of \$1,000,000.00.
- 14.5 All certificates of insurance SHALL BE FURNISHED TO THE OWNER and shall provide that insurance shall not be cancelled without ten (10) days prior written notice to the Owner. The Owner may examine the policies.
- 14.6 Contractor shall include all subcontractors as insured under its policies or shall furnish separate certificates for each. All coverages for subcontractors shall be subject to all the requirements stated herein.

- 14.7 St Charles Parish shall be named as an additional insured on general liability insurance policies.
- 14.8 For all purposes under Louisiana law, the principals of this Contract shall be recognized as the statutory employer of all contract employees as provided in LSA-R.S. 23:1061.

15.0 BOND

- 15.1 Upon the execution of the contract, Contractor shall furnish a performance and a payment bond in accordance with the terms and conditions of the Contract. Contractor shall also furnish such other bonds as are required by the St. Charles Parish or other specific provisions of the Contract. All bonds shall be written by a surety or insurance company currently on the U.S. Department of Treasury Financial Management Service list of approved bonding companies which is published annually in the Federal Register, or by a Louisiana domiciled insurance company with at least an A- rating in the latest printing of the A.M. Best's Key Rating Guide to write individual bonds up to ten percent (actor shall furnish a performance bond and a payment bond, each in an amount at least equal to the Contract Price, as security for the faithful performance and payment of all of Contractor's obligations under the Contract. These bonds shall remain in effect until one year after the date 10%) of policyholders' surplus as shown in the A.M. Best's Key Rating Guide. Company must have a registered agent in the State of Louisiana, as provided by La. R.S. 38:2218.
- 15.2 Contractor shall obtain the required bonds from surety companies that are duly licensed or authorized in the jurisdiction in which the Services Performed is located to issue bonds in the required amounts.
- 15.3 If the surety on a bond furnished by Contractor is declared bankrupt or becomes insolvent, or its right to do business is terminated in any state or jurisdiction where any part of the Services of this Agreement is located, or the surety ceases to meet the requirements above, then Contractor shall promptly notify Owner and Engineer and shall, within 20 days after the event giving rise to such notification, provide another bond and surety, both of which shall comply with the bond and surety requirements above.
- 15.4 If Contractor has failed to obtain a required bond, Owner may exclude the Contractor from the Site and exercise Owner's termination rights under Section 12.
- 15.5 Upon request, Owner shall provide a copy of the payment bond to any Subcontractor, Supplier, or other person or entity claiming to have furnished labor or materials used in the performance of the Work.

16.0 INDEMNIFICATION

Contractor agrees to defend, indemnify, save, and hold harmless St Charles Parish, including all parish departments, agencies, councils, boards and commissions, their officers, agents, servants and employees, including volunteers, from and against any and all claims, lawsuits and demands for damages under any theory of liability as allowed by law, whether contractual, tortuous, or implied, arising from this agreement, whether for breach of contract, injury or death to any person, or for the damage, loss or destruction of any property, including loss of use, which may occur or in any way grow out of any breach, act or omission, whether intentional or unintentional, and any negligence, or liability of Contractor, its subcontractors, agents, servants, officers and/or employees, related to the performance or nonperformance of the Contract herein entered into, including and as a result of any such claims, lawsuits and demands, the Contractor agrees to investigate, handle, respond to, provide defense for and defend any such claims, demands or suits related thereto, at its sole expense, even if such claim, demand or suit is groundless, false or fraudulent. Contractor's indemnity obligations pursuant to this Agreement shall be limited to the extent caused by the negligent acts or omissions of the Contractor, the Contractor's subcontractor's, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. In no event shall either party to this Agreement be liable for any indirect, incidental, special, consequential, exemplary or punitive damages whatsoever (including but not limited to lost profits or interruption of business) arising out of or related to the Services provided under this Agreement.

17.0 WARRANTY

- 17.1 Contractor warrants that all services shall be performed in good faith, with diligence and care, by experienced and qualified personnel in a professional, workmanlike manner, and according to its current description (including any completion criteria) contained in the scope of work.
- 17.2 Contractor warrants that it will perform its work and services with the degree of skill and to the standard of care required of its profession to meet all Federal, State and Local requirements.
- 17.3 If the work and services performed by Contractor do not meet those requirements noted herein above, then to the extent that this occurs as a direct result of Contractor's failure to meet the standard of care in its work and services, Contractor will indemnify the Owner/Parish for Contractor's share of the costs incurred to bring the Services of this Agreement to the limitations mandated.
- 17.4 The obligations expressed in Section 16 above in no way limit the Contractor's obligations expressed elsewhere in this Contract.

18.0 EXCLUSIVE JURISDICTION AND VENUE

For all claims arising out of or related to this agreement, CONTRACTOR hereby consents and yields to the exclusive jurisdiction and venue of the Twenty-Ninth Judicial District Court for the Parish of St. Charles, State of Louisiana, and expressly waives any (a) pleas of jurisdiction based upon Contractor's residence and (b) right of removal to Federal Court based upon diversity of citizenship.

19.0 ASSIGNMENT

No assignment of this Contract or any right occurring under this shall be made in whole or in part by the Contractor; either voluntarily or involuntarily or by any process of law and shall not be or come under the control of creditors or trustee(s) of Contractor, without the express prior written consent of the Owner. In the event of any assignment, the assignee shall assume the liability with the Contractor who shall continue to remain liable for the faithful performance of the Contract.

20.0 COMPLIANCE WITH FEDERAL AND STATE LAWS

CONTRACTOR further agrees to comply with all federal and state laws, including those identified in Attachment "C".

21.0 RIGHT TO AUDIT

The State legislative auditor, federal auditors and internal auditors of St Charles Parish, or others so designated by St Charles Parish, shall have the option to audit all accounts directly pertaining to the resulting contract for a period of five (5) years from the date of final payment or as required by applicable State and Federal law. Records shall be made available during normal working hours for this purpose.

22.0 OTHER

- 22.1 Non-Collusion Affidavit: Contractor shall execute a Contractor's Affidavit of Non-Collusion, in the form provided with the proposal forms (included in the Attachments), at the time of execution of this Agreement or within ten (10) days thereafter, to the effect that he has not colluded with any other person, firm or corporation regarding any items in this Agreement.
- 22.2 E-Verify: Contractor acknowledges and agrees to comply with the provisions of LA R.S. 38:2212.10 regarding verification of employees involved in public contracts, as evidenced affidavit (E-Verify) included in the attachments.
- 22.3 Code of Ethics: Contractor shall be responsible for determining that there will be no conflict or violation of the Louisiana Ethics Code if their company is awarded

the contract. The Louisiana Board of Ethics shall be the only entity which can officially rule on ethics issues.

22.4 Remedies for Breach: Contractor acknowledges that contracts in excess of the simplified purchase threshold (\$150,000) shall contain provisions allowing for administrative, contractual, or legal remedies for Contractor breaches of the contract terms and shall provide for such remedial actions as appropriate.

23.0 CONTRACT MODIFICATIONS

This Agreement constitutes the entire agreement between the parties. There are no understandings, agreements, or representations, oral or written, not specified withing this Agreement. This Agreement may not be modified, supplemented or amended in any manner, except by written agreement signed by both parties.

No amendment or variation of the terms of the contract shall be valid unless made in writing, signed by the parties and approved as required by law. No oral understanding or agreement not incorporated in the contract shall be binding on any of the parties.

IN WITNESS WHEREOF, the parties to these presents have hereunto caused these presents to be executed the day, month and year first above mentioned.

ATTACHMENT "A"

SCOPE OF SERVICES AND SCHEDULE

Disaster Recovery Services for St. Charles Parish

The Scope of Work consists of performing the following emergency work and services. Contractor is authorized to begin work upon execution of this contract as set forth in the Scope and Services and Schedule below or in accordance with the General Terms set forth in of this Agreement. All material is guaranteed to be as specified, and the above work to be performed in accordance with the manufacturer's standard guidelines and completed in a substantial workmanlike manner.

I. SCOPE OF WORK / SERVICES

1.1 Tasks and Deliverables for all Commodities and Services

Contractors shall complete the following tasks and deliverables for all services and commodities under the contract:

A. Continuous Liaison with St Charles Parish (Tasks):

Beginning on the date of execution of the contract, the Contractor shall be continuously available to St Charles Parish representatives for response to requests for information, receipt of delivery orders, discussion of contract performance, and other contract administration activities. To fulfill this requirement, within 30 days of receipt of the Notice of Award of this contract (unless a different period is allowed by St Charles Parish), the Contractor shall:

- Provide the names, job titles, and contact information for both business and non-business hours, of a senior manager within the Contractor's organization, and a minimum of one similarly qualified alternate, available on 24 hours a day, 7 days a week basis (24-7), to serve as continuously available liaison with St Charles Parish.
- Submit an organizational chart displaying lines of authorities and assigned responsibilities within the Contractor's organization relative to the performance and administration of this contract. The Organization Chart shall include names, position/job titles, contact information for both business and non-business hours, and a description of each person's responsibilities under this contract.

The Contractor shall submit the above information to the Contracting Administrator by e-mail and regular mail. During the contract period, including any optional performance periods, St Charles Parish shall be notified immediately, by email and regular mail, of any changes regarding the designated liaisons or in the Organization Chart.

B. Disaster Pre-Activation:

Beginning on the date of award of the contract, the Contractor shall:

- Return emergency phone calls 24-7, within four (4) hours of initial notification, and
- Participate in conference calls to review potential roles, equipment lists, mission priorities

and services.

C. Upon Activation:

The Contractor shall:

- Provide management level personnel at the Emergency Operations Center (EOC) to collaborate with St Charles Parish personnel within 24 hours.
- Provide St Charles Parish with projected date and timeline for arrival of resources.
- From the period of June 1 through November 30 of each year (Hurricane Season), confirm their available resources against items listed in the proposal to include average response times to St Charles Parish on a bi-weekly basis, and then an updated version upon initial notification of accelerated preparedness measure due to impending events/storm(s) and as requested while services are engaged.
- Document each disaster event separately regarding resources and invoicing.

D. Disaster Response Operations:

Beginning on the date of execution of the contract, the Contractor shall:

- Work as a unified team alongside state and federal agencies in the fulfillment of tasked missions.
- Respond to missions as tasked by St Charles Parish in a timely manner.
- Provide on-site deployment and installation services for each piece of equipment as mission tasked within timeframe listed on, Price Proposal.
- Provide real-time asset tracking and accountability for all missions.
- When resource tracking systems are unavailable due to outages.

E. Time Delivery of Goods:

The Contractor is responsible for performing management, supervision, and other administrative activities necessary to assure performance in strict compliance with the terms and conditions of this contract. This is of the essence in the performance of the contract, as these products are required to sustain life in the aftermath of disaster events that have or will disrupt normal supplies in the disaster location. Therefore, this contract requires immediate response, with timely production, delivery and reporting by the Contractor.

Times of issuance of purchase orders, and times specified for delivery and start of service in purchase orders will be expressed in local time at delivery sites. Deliveries and starts of services will be considered timely if made at the specified delivery site within two hours before or after the time specified for delivery in the purchase order or other notice to proceed.

The Contractor shall be responsible for assuring that every delivery has all the required documentation. Delivery shall be considered made when the Contractor has obtained written acknowledgement of the date and time of the arrival at the delivery site, the shipment is unloaded, and the driver is released by the on-site St Charles Parish representative.

F. Post Disaster/Non-emergency declaration:

St Charles Parish can continue to utilize all commodities and services after the emergency declaration period at a reduced rate upon consideration of both parties.

1.2 Tasks and Deliverables Specific to Price Proposal Tabs

In addition to the tasks and deliverables previously outlined, the following tasks, deliverables and financial consequences apply to commodities and services under each of the tabs of Attachment B, Price Requirements:

1.1.1 Response Packages (Type I, II, III)

A. Disaster Response Operations (Tasks):

Upon activation, the Contractor shall:

- Provide management personnel at any facility operations site (not limited to EOC and Shelters) when requested, to directly manage Contractor's assets in coordination with St Charles Parish.
- Provide on-site maintenance and decontamination of provided equipment based upon manufacturer's maintenance schedule for equipment deployed more than 48 hours.
- Conduct final recovery of equipment at the end of the mission and provide decontamination and rehabilitation of equipment prior to final close-out.

B. Leased Equipment

Packages are to begin mobilization within 12 hours of order,

- Provide on-site deployment and installation services for each piece of equipment if mission-tasked within 24 hours.

All leased equipment should be inspected and verified.

- Product delivered shall be in good to excellent working condition.
- All equipment will be delivered "ready for use" to St Charles Parish.
- Any equipment arriving in an unprepped condition will not be included in the invoice billing period until the Contractor can demonstrate proper "run condition" of the unprepped equipment.
- If, in the opinion of St Charles Parish representative, the delivered equipment does not meet the contract terms or in the representative's opinion appears in a state of disrepair shall be replaced with properly working equipment at the Contractor's expense. No invoicing shall occur for equipment not meeting the contract terms or mission requirements.
- Reasonable wear and tear will be considered part of the lease payments to include scratches in paint, abrasion, wear, and tear, and non-structural or operational imperfections.
- All required safety features appropriate for the piece of equipment must be in place and in good working order.

Included costs for leased equipment:

- Rental price includes: (i) lease price, (ii) all administrative, reporting and overhead costs to include routine equipment maintenance, and (iii) profit.

- Mobilization price shall include costs of shipping to the point of delivery and set up of the equipment pertaining to the mission as directed by St Charles Parish.
- If mobilization cost is not provided in the price sheet, then rental price shall include the cost of: (i) shipping to point of delivery; (ii) mobilizing equipment from point of use to the point of return/pick-up, and payable by St Charles Parish.
- The demobilization price shall include all costs to remove said equipment and to repair any damages left by said equipment. If the demobilization price is not provided, then it shall be included in the lease rate.

C. Power Generators

Minimum three (3) days operation phase duration excluding mobilization and demobilization.

- Twenty-four hours constitutes a day.
- Seven (7) days constitutes a week on personnel.

Rental rates only - transportation rates from point of origin and/or point of delivery and/or point of use are not included.

GPS units are required for each generator and shall be included in the lease rate.

D. Maintenance and Repairs of Heavy Equipment:

Contractor shall be able to provide fuel upon St Charles Parish's request.

Tire replacement, if needed, will be arranged through the Contractor.

Contractor shall provide an Operations and Maintenance Manual and maintenance schedule for each rental unit at the time of delivery.

Maintenance and repairs are the responsibility and at the expense of the Contractor.

Downtime - Equipment which has failed shall be replaced within 6 hours after notification by St Charles Parish unless otherwise agreed upon by St Charles Parish. Failure to replace such equipment may be grounds for breach and termination of this contract for cause by St Charles Parish. Loss of use/downtime shall be deducted from final billing.

1.1.2 Responder Base Camps

Refer to Exhibit A of Attachment A- Tables and figures for specifications and requirements.

- Contractor will maintain a capability to establish, support, and maintain full- service capabilities for Type I, II, III, IV and Other (mobile) "Emergency Worker Base Camps".
- The intent is for the Contractor to be able to activate those resources immediately post event and become fully operational.
- The Contractor must secure all equipment once the site is established, maintain resources, and schedule routine inspections and maintenance on its equipment as

160

required in order to maintain 24-hour readiness at all times. Contractor personnel must always display their company photo ID while on the site.

- Depending on the size of camp, activities at these sites are estimated to typically operate from 7 to 45 days, but in catastrophic events, could run from 180 to 365 days. In the event a fully operational Base Camp is completely cancelled before it is put into operation, the Contractor shall be paid for both mobilization and demobilization.
- St Charles Parish will provide suitable locations to establish the complex at the time of mission tasking. St Charles Parish will arrange for all property use agreements or necessary leases for site use. Not all sites may be "installation ready". As such, the Contractor must be prepared to provide optional, reasonable land clearing and/or installation of temporary crushed gravel base between 2-4" as required on a site. Reasonable clearing includes removal of small scrub trees, trash and small debris, redistribution of uneven earth, grading to a reasonable level and development and packing of temporary access unpaved dirt roads.
- Note that all gravel must be removed upon demobilization of the site. In some instances, the Contractor must be prepared to install an optional, temporary chain link fence with all necessary access gates. Fencing also must be removed upon demobilization of the site.
- In the event an order is cancelled enroute before any meals are served, the Contractor shall be paid for the number of meals ordered if they are able to provide documentation of costs or payments to subcontractors.
- In cases where the Contractor must provide resources, the Contractor will be responsible for the acquisition of all potable water, disposal of grey and black water in accordance with all local, state, and federal regulations. St Charles Parish will specify authorized base camp residents.
- All questions regarding admission will be directed to St Charles Parish.

A. Deliverables

All necessary temporary structures shall accommodate for the following activities and services:

- Provide sleeping beds, linens, blankets and pillows (based on Price Proposal).
- Accommodations for privacy of persons must be provided.
- Groups will be divided into single males (day shift / night shift) and single females (day shift/ night shift).
- Provide all telecommunications capabilities to the office/administration complex (Refer to Exhibit A of Attachment A- Tables and Figures for specifications and requirements).
- Cost recovery personal toiletry hygiene kits or bulk toiletry supply items for men and women to include as appropriate - toothbrush and toothpaste, razor and shave cream/gel, bar or shower gel soap, comb/brush, mouth wash/rinse, deodorant, shower towels to include - washcloth, hand towel, bath towel, either launderable or disposable items may be used.
- Separate men's and woman's showers with hot/cold potable water may be either

trailer, CONEX, skid, or field showers so long as they are enclosed and provide both modesty, protection from the weather elements and are either heated or cooled as required and are well lit (Refer to Exhibit A of Attachment A - Tables and Figures for specifications and requirements).

- Mobile restrooms must be climate-controlled, lighted restrooms will be provided for people (Refer to Exhibit A of Attachment A - Tables and Figures for specifications and requirements).
- Food services to be provided shall include four meals per day for emergency workers. Of the four meals per day, at least two must be hot prepared meals. The third and fourth may be a cold or self-serve buffet style meal. Box lunches for the two cold meals will also be required. St Charles Parish will determine the quantity of box lunches each day, 12 hours prior to the mealtime, and advise the Contractor.
- All hot meals and box lunches must conform to present USDA USFS 14-day rotation meal plans and all present contract requirements of nutrition, quantities, food types, calorie counts, and means of service.
- Menus are to be reasonably tailored to the ethnic and dietary (non-medical) requirements of the camp population, to include low sodium and vegan. Kosher will not be required as a rule. Should Kosher be required at a specific location, it is acknowledged that additional special arrangements must be made which may result in additional charges.
- Meals must be well-balanced, nutritious, appealing and use a minimum amount of processed (canned, instant) items.
- Fresh items to include fruit and/or salads are to be offered with each meal.
- Hot meals may be either staff served, buffet style, or individually boxed dependent on circumstances of a specific disaster or event. Box lunches must conform to USFS specifications.
- Laundry services are to be full-service "fluff and fold", with no additional charge to the resident, same day service on-site. Optional cost-recovery dry cleaning from the resident may be provided where practical.
- Irons and ironing boards are to be made available to all residents.
- Contractor must prepare options to address public works infrastructure (potable water, wastewater, electric power) under two conditions or a mix of conditions.
 - Option 1 assumes a "bare base" with no water, sewer, or power on site. Contractor must provide for all necessary infrastructures to support the camp.
 - Option 2 assumes that the Contractor will have access to potable water, sewer taps (grey and black) and power. Contractor must provide all necessary means to tap into and extend these resources to their equipment.
 - Option 3 assumes limited access to some, but not all of these resources. As such, the Contractor must itemize component options such as field prime power plants, potable water tankers, grey and black water collection, treatment and vacuum truck collection, haul away and disposal.
- All potable water tankers must be sanitized in accordance with all applicable
- Regulations and be able to produce a document of sanitation for each load taken or brought on site to either the Food Unit Leader, Safety Office or Incident Commander.

- Contractor may be asked to provide non-sworn security personnel on-site for
- Purposes of patrol, maintaining order, access control, and coordinating with sworn law enforcement on security issues. The Contractor may, if desired, independently contract directly with off-duty law enforcement personnel for all or part of these services. St Charles Parish will arrange for the provision of only essential sworn law enforcement personnel of one per shift.
- Contractor must secure all equipment once the site is established.
- Contractor will be required to provide photo ID for each resident at the camp as they register on-site.
- Contractor will check ID during meal periods.
- Contractor will provide daily electronic reporting to St Charles Parish on the following (at a minimum):
 - Emergency Worker check-in and check-out history. Documentation to include first and last name (legible) with signature,
 - Emergency worker meal documentation (all meals served) to include first and last name (legible) with signature,
 - Situation report reflecting operations to date, critical issues, concerns, unresolved issues with corrective action steps and dates,
 - Staff counts on site and in support of operations.
- Mobilization and Demobilization- Based on need, the Contractor should have the ability to demobilize a portion of the base camp that is not used.

B. Authorized Base Camp Residents

The following categories of personnel may be admitted to a contracted Emergency Worker Base Camp:

- Paid and volunteer public safety personnel.
- Law enforcement
- Fire
- EMS/Medical
- Emergency Management
- Public Works

Admission is not permitted to commercial paid contractors such as:

- Debris contractors
- Public utility crews (private)
- Independent contractors
- Displaced survivors

C. Billing and Charges

All invoices must be itemized and include all supporting documentation, to include:

- Persons housed for the duration of the camp. These are new registrations and not repeat counts.
- Daily meal count served to both residents, St Charles Parish staff, and contracted

workers.

- Situation report reflecting operations to date, critical issues, concerns, unresolved issues with corrective action steps and dates.
- On-site Operations Support Staff counts.
- Justification for any charges above the contract agreement must be approved by St Charles Parish in writing (email acceptable) prior to the expense being incurred by the Contractor. The Contractor may first obtain verbal approval from St Charles Parish under extraordinary circumstances but approval in writing must then be accomplished at the earliest opportunity.

1.1.3 Emergency Shelter Complexes

Contractor will maintain an ability to establish, support, and maintain full-service operations for Type III, IV and V "Catastrophic Emergency Shelter Support Systems". The intent is for the Contractor to activate those resources immediately post event and become fully operational. Contractor will maintain resources and schedule routine inspections and maintenance on its equipment as required in order to maintain 24-hour readiness at all times. The Contractor must secure all equipment once the site is established. All Contractor personnel must always display their company photo ID while on the site.

St Charles Parish will provide suitable locations to establish the complex at the time of mission tasking. St Charles Parish will arrange for all property use agreements or necessary leases for site use. Not all sites may be "installation ready". As such, the Contractor must be prepared to provide optional, reasonable land clearing and/or installation of temporary crushed gravel base between 2-4" as required on a site. Note that all gravel MUST be removed upon demobilization of the site.

Mobilization and Demobilization- Based on need, the Contractor should have the ability to demobilize a portion of the Catastrophic Emergency Shelter that is not used. In the event a fully operational Catastrophic Emergency Shelter is completely cancelled before seven (7) days, the Contractor shall be paid for both mobilization and demobilization.

Actual Meals Consumed - In the event an order is cancelled enroute before any meals are served, the Contractor shall be paid for the number of meals ordered if they are able to provide documentation of costs or payments to subcontractors.

A. Deliverables

All necessary temporary structures shall accommodate for the following activities and services:

- Sleep beds, linens, blankets, and pillows based on Price Proposal (500,1500 or 2500 persons). Provisions in both bedding and space allocations under ADA will be required.
- Linens must be reusable and laundered or replaced twice each week.

- Accommodations for the reasonable visual privacy of persons must be provided. Groups will be divided into families, single males, single females.
- Contractor will be required to provide all telecommunications capabilities to the office/administration complex (Refer to Exhibit 1 to the Scope of Work - Tables and Figures for specifications and requirements).
- Cost recovery personal toiletry hygiene kits or bulk toiletry supply items for men and women to include as appropriate - toothbrush and toothpaste, razor and shave cream/gel, bar or shower gel soap, comb/brush, mouth wash/rinse, deodorant, shower towels to include - washcloth, hand towel, bath towel, either launderable or disposable items may be used.
- Separate men's and woman's showers with hot/cold potable water may be either trailer, CONEX, skid, or field showers so long as they are enclosed and provide both modesty, protection from the weather elements and are either heated or cooled as required and are well lit (Refer to Exhibit A of Attachment A - Tables and Figures for specifications and requirements).
- Mobile restrooms must be climate-controlled, lighted restrooms will be provided for persons (Refer to Exhibit A of Attachment A - Tables and Figures for specifications and requirements).
- Food services to be provided shall include three (3) meals per day for displaced persons and one (1) midnight meal per day for staff working the facility. Of the three (3) meals per day, at least two (2) must be hot prepared meals. The third meal may be cold prepared or self-serve buffet-style.
- All hot meals and box lunches must conform to present USDA USFS 14-day rotation meal plans and all present contract requirements of nutrition, quantities, food types, calorie counts, and means of service.
- Menus will be reasonably tailored to the ethnic and dietary (non-medical) requirements of the camp population, to include low-sodium and vegan meal options. Kosher will not be required as a rule. Should Kosher be required at a specific location, it is acknowledged that additional special arrangements must be made which may result in additional charges.
- Meals must be well-balanced, nutritious, appealing and use a minimum amount of processed (canned, instant) items.
- Fresh items to include fruit and/or salads are to be offered with each meal.
- Hot meals may be either staff served, buffet style, or individually boxed dependent on circumstances of a specific disaster or event. Box lunches must conform to USFS specifications.
- Laundry services full-service "fluff and fold" laundry services will be provided with same day service. Dry cleaning will not be required.
- Potable water, wastewater, electric power and waste management: At Site #1, St Charles Parish will provide ready access to potable water for the specific site. A single high-pressure manifold will be provided with at least two 2" locking threaded ball gate valves provided. Contractor will be required to extend all necessary water lines from the access point to its equipment and provide a backflow protector at the gate valves.

- Wastewater (grey and black) disposal is not available at Site #1, and must be addressed, collected and removed by the Contractor.
- Power and lighting are available in the billeting structure, but there is no additional power available on site to support mobile equipment. The Contractor is responsible for providing all necessary mobile power, exterior lighting, and fuels to support its equipment.
- Contractor will be responsible for contracting trash removal. Wet-proof dumpsters will be used to collect all food scraps and debris. Dumpsters are always to remain in a closed position when trash is not being disposed of.
- Appropriate vector control will be provided by the Contractor.
- Contractor will be responsible for providing all non-sworn security personnel on-site for purposes of patrol, maintaining order, access control, and coordinating with sworn law enforcement on security issues. The Contractor may, if desired, independently contract directly with off-duty law enforcement personnel for all or part of these services. St Charles Parish will arrange for the provision of only essential sworn law enforcement personnel of one per shift.
- Contractor must secure all equipment once the site is established.
- Contract personnel must always display their company photo ID while on the site.
- Contractor will be required to provide photo ID for each resident at the shelter as they register on-site.
- Contractor will check ID during meal periods.
- Contractor will provide daily electronic reporting to St Charles Parish on the following (at a minimum):
 - Resident check-in and check-out history. Documentation must include. First and Last name (legible) with signature
 - Resident meal documentation (all meals served). Documentation must include. First and Last name (legible) with signature.
 - Situation report reflecting operations to date, critical issues, concerns, unresolved issues with corrective action steps and dates.
 - Staff counts on site and in support of operations.

B. Billings and Charges

All invoices must be itemized and include all supporting documentation, to include:

- Persons housed for the duration of the camp. These are new registrations and not repeat counts.
- Daily meal count served to both residents and workers.
- Situation report reflecting operations to date, critical issues, concerns, unresolved issues with corrective action steps and dates.
- Staff counts on site and in support of operations.

Any charges above the contract agreement MUST be approved in writing (email acceptable) by the contracting entity PRIOR to the expense being incurred by the Contractor. Emergencies excepted and approved by phone must be documented at the earliest convenience.

1.1.4 SANPACs (Sanitation Packages)

See Attachment B - Price Requirements for Sanpac Types.

St Charles Parish will provide electronic notification to move or demobilize equipment.

The Contractor will have 24 hours to move or demobilize equipment from the site/service location. Contractor will provide daily electronic updates for all sites that require servicing. Updates should include ship-to location, mission number, service begin date, service update and service end date (if applicable) for all locations. Contractor must service portable toilets and dumpsters.

A. Additional Financial Consequences

If the Division determines that the servicing of portable toilets and/or dumpsters at a specific site does not meet the requirements set forth in the SOW, the Division will notify the Contractor in writing of the deficiency to be corrected, which correction shall be made within a timeframe specified by the Division. The Contractor shall, within the time specified in the contractual documents after notice from the Division, provide the Division with a written corrective action plan describing how the Contractor will address all issues of contract non-performance, unacceptable performance, and failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance.

If the corrective action plan is unacceptable to the Division, the Contractor will be assessed an additional non-performance retainage equivalent to 30% for the individual service site/location. The retainage will be applied to the invoice for the service site/location. The retainage will be withheld until the Contractor resolves the deficiency. If the deficiency is subsequently resolved, the Contractor may bill the Division for the retained amount during the next billing period. If the Contractor is unable to resolve the deficiency, the funds retained may be forfeited at the end of the final invoice period.

If the Division determines that the servicing of portable toilets and/or dumpsters at a specific site does not meet the requirements set forth in section A and B and if the Contractor is unable to resolve the deficiency, a separate Contractor will be utilized and the Primary Contractor will be responsible for the cost to the Division to remedy the deficiency.

1.1.5 Typed Support Packages (LSA, POD, Cooling, Mobile Disaster Recovery Center (DRC), Mobile Kitchen, Warehouse and site preparation)

Support Packages are to begin mobilization within 12 hours of order. Equipment within a Support Package will be delivered "ready for use" to St Charles Parish. Any equipment arriving in an unprepped condition will not be included in the invoice billing period until the Contractor can demonstrate it is ready for operation.

Not all sites may be "installation ready". As such, the Contractor should be prepared to provide optional reasonable land clearing and/or installation of temporary crushed gravel base between 2-4" as required on a site. Note that all gravel must be removed upon demobilization of the site.

In some instances, the Contractor should be prepared to install an optional temporary chain link fence with all necessary access gates. Fencing also must be removed upon demobilization of the site. The Contractor will partially demobilize sites or assets based on mission requirements. St Charles Parish will notify in writing, 72 hours prior to the need to demobilize or cancel services.

Final maintenance on all equipment will be included in the Contractor's equipment lease quote. Maintenance and decontamination pricing will be line itemized on the Contractor's quote and final invoice.

Upon demobilization the Contractor shall confirm and document completion of all missions and perform routine and final inspections of all equipment and submit final cost accounting.

The Contractor will provide the following types of specialized personnel when requested:

- Specialists in emergency generating and electrical ground power and distribution systems.
- Specialists in emergency pumping, flood fighting and hydrology.
- Specialists in selecting and establishing emergency sites to include site prep, grading, soil evaluation and engineering, flood management, lying of both above and belowground emergency utilities.

1.1.6 Prime Power, Pumps Material Handling Equipment and Heavy Equipment

These resources are priced for single units also located in Typed Response Packages above. Resources will be requested on a mission-specific basis as needed. The tasks, deliverables and financial consequences found in Typed Response Packages apply to these resources.

1.1.7 Personnel

On occasion, staff augmentation is required for specific disaster response functions. Personnel will be requested on a mission-specific basis as needed. Where national standards apply to a position, the contracted personnel should possess the proper certification(s) and/or credential(s). Reference Price Proposal for additional information regarding personnel types and specifications. Travel time, travel costs, lodging costs, and per diems shall be included in personnel hourly work rates.

1.1.8 Supplies Mass Care

Resources will be requested on a mission-specific basis as needed. *Refer to Exhibit A of Attachment A- Tables and Figures for specifications and requirements.*

1.1.9 Functional Needs Support Services Product Specifications

A. Accessible Shelter Folding Cot to Include:

- Black or Dark Green Ballistic 1680d nylon fabric (or equivalent) with Cordura® water repellent coated DWR cot fabric, folded and riveted to frame.
- 1" Mattress pad
- IV Poles
- Side Rails
- Trendelenburg Positioning
- 18"H x 35" W x 81" L
- Weight Capacity: 400lbs
- Cot weight maximum: 35lbs

B. Bedding Kit to include:

- 1 each - 74" x 63" +/-, Poly/Wool Blend Blanket
- 1 set - 54" x 90", T-180 Percale, 50/50 Cotton/Poly Blend Flat Cot Sheets
- 1 each - Cotton full size (standard) Pillowcase (Must match pillow #4 below)
Components packed in a nylon mesh laundry bag.

C. Cot Mattress Cover:

- Vinyl Plastic, Elastic Edge (Fitted), Waterproof, Disposable

D. Pillow

- Hypoallergenic, Standard Size 20"x28", 300 Thread Count

E. Towels:

- Disposable, 24"x50" Disposable Paper Woven Towels

F. Adult Hygiene "Comfort" Uni Sex Kit to include:

- 1 each - Comb (Plastic)
- 1 each - Shampoo, 3 oz.
- 1 each - Soap (Bar or Liquid Body Wash)
- 1 each - Wash Cloth (Cotton)
- 1 each - Razor (Disposable)
- 1 each - Shave Gel, 3 oz.
- 1 each - Lotion, 3 oz.
- 1 each - Toothbrush, (Adult, Medium)
- 1 each - Toothpaste, 3 oz.
- 1 each - Tissue Packet
- 1 each - Draw String Poly Bag NO AGENCY LOGO - GRAPHICS TO BE "ADULT HYGIENE KIT"

G. Children's Hygiene "Comfort" Uni Sex Kit to include:

- 1 each - Toothbrush
- 1 each - Toothpaste, 3 oz.

- 1 each - Soap (Bar or Liquid Body Wash)
- 1 each - Shampoo, 3 oz.
- 1 each - Comb (Plastic)
- 1 each - Washcloth (Cotton)
- Crayons and Coloring Book
- Pencil and Sharpener
- 1 each - Draw String Poly Bag NO AGENCY LOGO - GRAPHICS TO BE "CHILD HYGIENE KIT"

H. Pre-Moistened Body Wash Towels (8/pack):

- 8 Heavy Duty Cloths per Package
- Case shall include 44 packages per case

I. Clean - Up Kit to include:

- 1 each - 14 Quart Utility Bucket with bail and pour spout
- 4 each - 55 Gallon Trash Bags (1.2 - 1.6 MIL)
- 1 Pair of Nitrile Gloves
- 1 each - 1Qt Bottles of Chlorine Bleach
- 1 each - Sponge (APX 5"x8"x1")
- 1 each - 8" Scrub Brush
- 2 each - Telescoping Handles for mop and broom
- 1 each - Large Mop Head
- 1 each - Broom Head
- 1 each - 18" Garage Broom
- 1 each - 19" Squeegee

1.1.10 Vehicles and Transportation

Contractor must provide upon request by St Charles Parish, authorized company personnel at the EOC or other point designated, at the time of the event.

A. Personnel

- Personnel at each location shall be responsible for the oversight and management of the transportation mission as tasked to include real-time documentation, real-time asset tracking reports, participation in logistics planning meetings, dispatch services, driver relations and other representation.

B. Real Time Asset Visibility

- Contractor will provide real time or near real time asset visibility on all loads upon request.

C. Deliverables

The Contractor shall report on the status of performance under delivery orders. The reports shall include the following:

- Contract number
- Purchase order number

- Date of issue
- Quantity of products ordered
- Required delivery or performance dates
- Estimated and actual dates and times of all deliverables, total quantity delivered, and any other information required by the customer.

D. Day Calculations, Timely Delivery and Start of Service

A day is calculated on a 24-hour basis, starting at 12:00 AM and ending at 11:59 PM local time at the destination site. The calculation begins when the delivery truck departs from the loading dock where it picked up the products and ends when the products are off-loaded, and the drivers are released by the responsible party representative at the final destination. Deliveries and starts of service will be considered timely if made at the specified delivery site within 2 hours before or after the time specified for delivery in the delivery order.

E. Late Deliveries and Starts of Services

In the event of delivery or start of service after the time period specified for timely delivery, St Charles Parish; at its sole discretion, may allow such a delivery or start of service.

F. Communication with Ground Transportation Assets

Contractor must always have the ability to track and communicate with truck drivers regardless of disaster situations. As a minimum, all truck drivers shall have cellular telephone or other voice or data communication equipment sufficient to enable the Contractor immediate contact with the driver at all times during transport.

G. Additional Ground Mileage

It is anticipated that deliveries may be required to locations in addition to the delivery sites specified in delivery orders for deliveries within the disaster areas. Additional ground mileage for deliveries to any additional delivery sites will be paid for only based on the mileage traveled between the original delivery site and the additional delivery sites.

The price per mile shall be paid for each truckload of at least a half truckload, if delivery is by other than a standard truckload. The price per mile shall be paid for each truckload of at least a half truckload, if delivery is by other than a standard truckload. No per diem or other costs will be paid separately for additional ground mileage. Time spent by the Contractor performing additional ground mileage is not included in standby time.

H. Standby Time Documentation

The Contractor shall document its entitlement to standby time by having its delivery personnel register arrival and departure with St Charles Parish's on-site representative.

171

These records will be used to determine the amount of standby time. The amount, if any, to be paid will be determined by rounding the elapsed time to the nearest hour. Delays in unloading caused by the Contractor are not included in standby time.

I. Dry and Refrigerated Storage Trailers

When specified in a delivery order, the Contractor shall provide dry or refrigerated storage trailers at sites designated by the delivery order. This requirement will be ordered as a daily rate, with a minimum of 5 days per order. The Contracting Administrator will notify the Contractor at least 24 hours in advance of required pick-up date and time.

J. Documentation of Day and Refrigerated Storage Trailers

The Contractor shall ensure that documentation of delivery and pick-up of each dry storage trailer is properly presented to St Charles Parish and that St Charles Parish acknowledgement is obtained. The Contractor shall be responsible for ensuring that every delivery and pick-up of dry storage trailers has all required documentation.

Delivery and pick-up shall be considered made when the Contractor has obtained acknowledgement of the date and time of the arrival or departure at the delivery site by the on-site St Charles Parish representative.

K. Payment for Dry and Refrigerated Storage Trailers

The Contractor shall be paid for each day, or portion of a day, of dry or refrigerated storage trailer usage in accordance with the pricing that is in effect at the time of issuance of each delivery order. One day will be 24 continuous hours beginning at the date and time of the Start of Service. The number of days/quantities will be determined for the period between the start of service (date in and time in), and the required pick-up date and time, or the end of service (date out and time out), whichever occurs first.

Invoices submitted for payment shall include copies of supporting documentation that authenticate the number of days of dry storage trailer usage for which payment is being requested.

L. Drayage

When specified in a delivery order, the Contractor shall provide tractor power units, with fifth wheel, and drivers for 24 hours of service. The tractors and drivers shall move dry storage trailers as directed by the Contracting Administrator. Service shall be on a 7-day per week and 24-hour per day basis.

M. Documentation of Drayage

The Contractor shall assure that the start of service and end of service for drayage is properly presented to the St Charles Parish and that St Charles Parish acknowledgement of every start of service and end of service is obtained. The

Contractor shall be responsible for assuring that start of service and end of service has all required documentation. Start of service and end of service shall be considered made when the Contractor has obtained acknowledgement of the date and time of the arrival or departure at the delivery site by the on-site St Charles Parish representative.

N. Payment for Drayage

The Contractor shall be paid for each day, or portion of a day, of providing drayage in accordance with the pricing that is in effect at the time of issuance of each delivery order. Invoices submitted for payment shall include copies of all fully executed drayage information forms that support the number of days of providing drayage for which payment is being requested.

O. Emergency Fuel Shortages

In the event of a fuel shortage within an emergency area, St Charles Parish may exercise its option with the Contractor to provide fuels at St Charles Parish's expense under a separate emergency fuels contract. If so agreed upon and documented in writing by St Charles Parish and Contractor, the Contractor shall deduct all fuel related charges from invoices submitted for those transportation assets provided such fuels. All taxes must be paid by the carrier (I.e. International Fuel Agreement Tax, Excise Tax). Such fuels may include #1 diesel, #2 diesel, unleaded 87% octane gasoline, aviation fuels, or propane. Each driver shall be required to sign for fuels at designated locations established by St Charles Parish under the St Charles Parish's terms and conditions. These lists will be cross checked against all invoices submitted for payment by St Charles Parish. These refueling services may only be extended in certain areas where fuel shortages exist, and not include the entire affected areas.

P. Reimbursement

At no time shall St Charles Parish or other level of government be responsible for any form of fuel reimbursement to a Contractor, sub-contractor, owner-operator, corporate fleet operator or any other entity when commercial fuels are available. St Charles Parish also does not guarantee refueling of tractors or refrigerated trailers in the field, outside of established State Logistics Staging Areas or other official State designated emergency refueling points, unless prior arrangements are made at the time of the event between St Charles Parish and the Contractor.

Q. Refrigerated Trailers

St Charles Parish shall provide #1 diesel fuel at the St Charles Parish's expense only for refrigerated trailers remaining on site for more than 12 hours. St Charles Parish will not guarantee refueling of tractors or refrigerated trailers in the field unless prior arrangements are made at the time of the event between St Charles Parish and the Contractor.

R. Leased Refrigerated Trailers

When St Charles Parish leases refrigerated trailers only; St Charles Parish shall be

responsible only for refueling services of such trailers. However, St Charles Parish may request fueling services from the Contractor as necessary. Maintenance issues remain the responsibility of the Contractor with costs included in the contract terms. The Contractor shall be responsible for repairing or replacing defective or non-functioning refrigerated trailer in the field within 12 hours of notification by St Charles Parish.

S. Fuel Surcharge

A fuel surcharge may be applied by the Contractor when the cost of fuel exceeds a negotiated trigger point. When determining whether a surcharge will be acceptable, the Contractor will use the average on-highway (No. 2 low sulfur) diesel fuel price obtained from the US Energy Information Administration's weekly gasoline and diesel fuel report. The weekly report to be used will contain the date which the delivery order is issued to the Contractor. For disasters events lasting longer than 30 days, the customer may authorize a recalculation of the surcharge, under a separate purchase order. When the cost of No. 2 low sulfur diesel fuel, as measured above, exceeds the negotiated trigger point, the Contractor may apply a fuel surcharge as calculated by the following method.

The total distance for the route will be calculated using the shortest routing method. The total mileage is then divided by the average MPG for the trucks hauling the freight to determine number of gallons used. The trigger point (base rate) is subtracted from the average fuel cost within the appropriate delivery region as indicated above, to determine the cost in excess of trigger. The number of gallons used is then multiplied by the cost in excess of trigger to determine the fuel surcharge rate for a specific load.

T. St Charles Parish provided support services

In the event of an emergency and local support services are not available within 50 miles or St Charles Parish determines it is in the best interest of the relief operation to do so; St Charles Parish may exercise its options to establish separate contractual services for food services, showers and restrooms. These services will then be extended to truck drivers working from this location. Truck drivers will be expected to sleep in their sleeper units.

If services are so provided, the Contractor shall deduct any per-diem charges related to those drivers provided such services from invoices submitted. No guarantee can be extended by St Charles Parish that such services will also be provided for drivers by county or municipal governments. As such, every driver must be prepared to support themselves on-site for a minimum of 5 days to include food, water and sanitation services.

U. Safety and Health Program

The Contractor is required to develop, implement, and maintain a safety and health program covering all activities under this contract that complies with Occupational Safety and Health Administration (OSHA) standards.

1.1.11 Environmental Control

These resources are priced for single units also located in Typed Response Packages above. Resources will be requested on a mission-specific basis as needed. The tasks, deliverables and financial consequences found in Typed Response Packages apply to these resources.

1.1.12 Temporary Structures - Individual

Temporary Structures are to begin mobilization within 12 hours of order. Temporary Structures shall be in good to excellent working condition. All Temporary Structures will be delivered "ready for use" to St Charles Parish. Any equipment arriving in unprepped condition will NOT be included in the invoice billing period until the Contractor can demonstrate it is ready for operation.

The Contractor shall make available to St Charles Parish, an Operations and Maintenance Manual and maintenance schedule for each rental unit at the time of delivery upon request. Final maintenance on all Temporary Structures will be line itemized, included in the lease by the Contractor, and agreed to by St Charles Parish. Maintenance and decontamination will be conducted by or contracted for by the Contractor. Prices for these services will be quoted on the front end of a quote request and line itemized on the final invoice.

Tire replacement, if needed, will be arranged through the Contractor. Upon demobilization the Contractor shall:

- Confirm and document completion of all missions.
- Perform routine and final inspections of all equipment and submit final cost accounting.

1.1.13 Support Equipment

These resources are priced for single units also located in Typed Response Packages above. Resources will be requested on a mission-specific basis as needed. The tasks, deliverables and financial consequences found in Typed Response Packages apply to these resources.

1.1.14 Tarps

These resources are priced for single units also located in Typed Response Packages above. Resources will be requested on a mission-specific basis as needed. The tasks, deliverables and financial consequences found in Typed Response Packages apply to these resources.

1.1.15 Shelf-Stable Meals

Shelf stable meals will be used for emergency mass distribution. Meal Kit packages must include single use, self-heating, nationally accepted methods. A three-meal, per person, per day package is offered consisting during mass distribution which consists of breakfast, lunch, and dinner in one single waterproof package. These single "one-day per person" meal packages may be either bulk packed, or in cases not less than 24 per master case.

This facilitates the ease of mass distribution to the general public. In emergency events, it is not practical to open small cases of either same, or variety meals for distribution to the public due to time and staffing constraints.

St Charles Parish is not soliciting military Meals-Ready-To Eat (MREs). MREs are not well suited for general public consumption due to high levels of sodium, calories, and proteins. Proposals of military MREs will not be considered.

A. General Product Specifications (Deliverables)

- Each meal contains a minimum of 1,020 calories.
- Each case of 12 meals must contain six different menu varieties.
- Each meal to include a minimum of an entree; a side item; dessert; snack; an accessory packet; and flameless ration heater (frh). Must be self-heating through one of several nationally acceptable non-toxic, single use methods. Individual full meal, nutritionally balanced/ self-heated non-perishable packaged.
- Specifications based on a pack ready meal or equal commercial product.
- Meals must be individually packaged and nutritionally balanced.
- Freeze dried meals are not acceptable.
- Meals must have a minimum shelf life of three years.
- Meals must have the expiration/ best by date printed on case.

B. Nutritional Considerations (Deliverables):

- All meals must be nutritionally balanced.
- Senior/Child meals must have lower sodium content than regular adult meals.
- Belief-Based Diets
- Meals should also include options for Halal. Meals should be certified Halal and meet Islamic Halal standards established by the Islamic Food and Nutrition Council of America (IFANCA).
- Meals should also include options for Kosher which are prepared under rabbinical supervision.

C. Packaging (Deliverables):

- Meal Kit Packaging must be durable and waterproof.
- Meal kits shall be packed into either master cases not less than 24 kits per case or bulk packed. All cases or bulk packaging must be durable, water resistant and be enclosed on all six sides. Each case or bulk pack shall be clearly marked with:
 - Sub and sub-packaging quantity (e.g. 96 each, 3-meal Adult Shelf Stable Meal Kits).
 - Stock and lot numbers
 - Date of manufacture
 - Expiration date
- Master Packaging and palletizing:
 - Cases, boxes or master packs must be packed on a standard 3'x4' or 4'x4' wooden or plastic pallet

- Pallets will not be stacked more than 5'6" high to include the pallet
- All pallets shall be wrapped at least three times with standard pallet shrink-wrap.
- All pallets shall be clearly marked with a placard indicating what the pallet contains (e.g. ADULT or SENIOR ADULT/CHILD MEALS).
- Pallets shall contain only one (1) master type (e.g. adult or senior adult/child), although variations in meals types within the master type is required.

1.1.16 Personal Protective Equipment (PPE)

Refer to Attachment B - Price Requirements. Resources will be requested on a mission-specific basis as needed.

BASE CAMPS:		<p>Base camps are established as required in areas close in proximity to emergency impact areas. The purpose is to accommodate emergency workers responding to events in areas either where there are limited hotel/motel resources, or when occupying hotels/motels would not permit disaster victims from relocating from shelters into hotel/motels, thus extending the emergency shelter phase of the operation. Commercial Contractors/vendors providing "turn-key" services will be considered the primary source of the establishment of base camps. For larger camps, Types can be combined at one site, such as a Type I and a Type II to build a 1,500-person camp.</p> <p>The Contractor should have an ability to construct the base camps and habilitate responders, recovery workers, military and relief agency workers with tents or modular units, provide air conditioning, heating, beds and/or cots, bedding, dining halls, kitchens, reefer trucks to haul food & ice and store, 4 meals a day, shower units, hand wash units, potable (drinking) water, water purification and manifold distribution systems, toilets, on-site manifold distribution of black and grey water and associated On-Site Sanitation Systems, laundry service, leveled hardwood floors, Industrial</p>

<p>generators, diesel 4,000-watt light towers, utility vehicles, tooling and equipment for plumbing, electrical, instrumentation, and other consumables including kitchen utensils. Contractor shall also provide operations centers, recreation facilities and communication services to include telephone and wireless internet connectivity. The Contractor shall keep all their assets mobile, staged with their own fleet of tractor-trailers, and shall be able to keep those assets available for rapid deployment if required by the Government.</p> <p>Detailed Scope of Work, specifications, terms, and conditions must be negotiated between the government entity and Contractor.</p> <p>There are six levels of Base Camps:</p> <ul style="list-style-type: none"> Type I supports 1000 persons Type II supports 750 persons Type III supports 500 persons Type IV supports 250 persons Other: Mobile Life Support Trailers <ul style="list-style-type: none"> Type V: 53' Self Contained Semi-Trailers Type VI: 40' Motor Homes 32' Travel Trailers 			
<p>OVERVIEW of Services provided at a Base Camp include: Staffing and Management:</p> <ul style="list-style-type: none"> Camp construction is considered turnkey, bare base, meaning that no on-site infrastructure is technically required to build the camp. Camp construction, engineering and support services are all provided by one prime vendor, who may or may not in turn let sub-contracts for various items or services in the camp. Prime contractor provides all engineering and support staff. Overall, camp management is the responsibility of government at some level with the assignment of at least a Type III IMT or IST. <p>Billiing/Camp Type:</p> <ul style="list-style-type: none"> First choice of accommodations is the conversion of a fixed facility/building to accommodate personnel. Such conversion includes installation of dividing walls, partitions or curtains in order to allow for some privacy. For larger operations hard-sided tents, long span structures or soft-sided tents or CONEX Systems can be used as billiing. Tent camps can take from 48-96 hours to set-up and must conform to normal wind loading of 45 MPH sustained, or 75 MPH in hurricane areas, based on previous events where storms crossing over the camp has done significant damage to these structures. Hard sided tents are preferred over soft sided. Tents must be fitted with floors and HVAC systems for climate-controlled living conditions.

METRIC:	<p>• For small deployments or where teams are moving from site to site every 1-2 days, self-contained 53' semi-trailer bunkhouses, travel trailers or CONEX accommodate 12-24 persons.</p> <p>• Food services will be accomplished through contract catering. Four meals per day will be served in accordance with current US Forest Service Catering Contracts. An approved 14-day rotation meal plan will be established. Food service facilities must meet all required public health code requirements to include a commercial grade (restaurant) NSF approved equipment, sealed floor, HVAC, bug screens and/or air curtain blowers, equipment and utensil sanitation, fire suppression, and hand wash stations in numbers appropriate for the size of camp. Camp catering must be able to feed at least 30% more persons above camp residents</p> <p>Food Services:</p> <ul style="list-style-type: none"> • Food services will be accomplished through contract catering. Four meals per day will be served in accordance with current US Forest Service Catering Contracts. An approved 14-day rotation meal plan will be established. Food service facilities must meet all required public health code requirements to include a commercial grade (restaurant) NSF approved equipment, sealed floor, HVAC, bug screens and/or air curtain blowers, equipment and utensil sanitation, fire suppression, and hand wash stations in numbers appropriate for the size of camp. Camp catering must be able to feed at least 30% more persons above camp residents <p>Showers Accommodations:</p> <ul style="list-style-type: none"> • Shower trailers or CONEX systems will be brought in. These trailers/CONEX typically accommodate 6-10 persons at a time, include a changing room. Trailers have a high capacity hot water heater, typically fueled by propane or diesel fuels. Camp must be able to shower 20% more persons above camp residents. <p>Restroom Accommodations:</p> <ul style="list-style-type: none"> • Porta-potties will not be used unless no other resources were available, except in remote area such as parking and service areas. Restroom trailers or CONEX systems will conform to ANSI 4.4 regulations. Restroom trailers resemble a public restroom, are well lighted, have mirrors, sinks, toilets, and urinals. Versions are available both men and women. Camp must be able to accommodate 20% more persons above camp residents. <p>Laundry Facilities and Services:</p> <ul style="list-style-type: none"> • Portable laundry trailers or CONEX systems come in two configurations, self-service and commercial. In the self-service, workers can do their own laundry just like in a laundromat. In the commercial version, a contract service will be brought in to wash, dry and fold laundry for base personnel. <p>Moral, Welfare and Recreation Facility:</p> <ul style="list-style-type: none"> • Between meal periods, the dining tent will be used as a recreation facility for Type IV, V, and VI camps. On Type I, II and III camps accommodating over 500 personnel, a separate tent facility will be provided with recreation items such as a Ping-Pong table, large screen TV, reading library, daily newspapers, board games, cards and other items to afford workers a means to relax between shifts. Internet workstations shall be an option for personnel to check e-mail or document work related activities. 				

191

	<p>Administration:</p> <ul style="list-style-type: none"> Personnel check-in. Agencies sending emergency personnel to a Base Camp will identify those personnel by name/agency to the Camp Manager in advance of arrival, or issue a separate credential. Camp Managers in the Administration Unit will assign berthing space to individuals. Each person shall be issued a unique identity card indicating the level of services the person is entitled to at the camp. Three levels of check-in, and issuance of identity cards/credentialing are designated: Resident - Full time sleeping, dining and full services <p>Meals and Showers Only - Typically for commercial trucking personnel who sleep in their trucks and only require food, shower and laundry support</p> <ul style="list-style-type: none"> Meals Only - Personnel who will only receive meals at the Camp and reside and shower at other locations or at home. <p>Telecommunications</p> <ul style="list-style-type: none"> Public pay phone trailers will be located within the billeting area, food service, recreation and administrative areas to allow personnel to call family and friends POTS or VoIP telephone lines and ISDN, DSL, Satellite, or fiber optic T-1 lines will be ordered to support the administrative office at the Base Camp. Office space will be established to allow for the management of the site Life Safety & Security will be mission tasked to law enforcement, fire, and EMS agencies to support camp operations.

M.1.3. Situation report reflecting operations to date, critical issues, concerns, unresolved issues with corrective action steps and dates.

M.1.4. Staff counts on site and in support of operations.

M.2. Justification for any charges above the contract agreement. Note that any charges above the contract agreement MUST be approved in writing (email acceptable) by the contracting entity PRIOR to the expense being incurred by the Contractor. Emergencies excepted and approved by phone must be documented at the earliest opportunity.

N. Financial Consequences:

N.1. If the Division determines that the performance of the Contractor is unsatisfactory, the Division will notify the Contractor in writing of the deficiency to be corrected, which correction shall be made within a time frame specified by the Division. The Contractor shall, within the time specified in the contractual documents after notice from the Division, provide the Division with a written corrective action plan describing how the Contractor will address all issues of contract non-performance, unacceptable performance, and failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Division, the Contractor will be assessed a non-performance retainage equivalent to 10% of the total invoice amount or as specified in the contractual documents. The retainage will be applied to the invoice for the then-current billing period. The retainage will be withheld until the Contractor resolves the deficiency. If the deficiency is subsequently resolved, the Contractor may bill the Division for the retained amount during the next billing period. If the Contractor is unable to resolve the deficiency, the funds retained may be forfeited at the end of the final invoice period.

EMERGENCY SHELTERS:			
<p>Emergency Shelters are established as required in areas close in proximity to emergency impact areas. The purpose is to provide basic emergency shelter services for displaced persons in areas either where there are limited hotel/motel or other alternative resources, Commercial Contractors/vendors providing "turn-key" services will be considered the primary source of the establishment of Emergency Shelters. For larger Shelters,</p> <p>The Contractor should have an ability to construct the Emergency Shelters and habilitate displaced populations with modified structures, tents or modular mobile units, provide air conditioning, heating, beds and/or cots, bedding, dining halls, kitchens, reefer trucks to haul food & ice and store, 3 meals a day (4 for workers), shower units, hand wash units, potable (drinking) water, water purification and manifold distribution systems, toilets, on-site manifold distribution of black and grey water and associated On-Site Sanitation Systems, laundry service, leveled hardwood floors, industrial generators, diesel 4000 watt light towers, utility vehicles, tooling and equipment for plumbing, electrical, instrumentation, and other consumables including kitchen utensils. Contractor shall also provide operations centers, recreation facilities and communication services to include telephone and wireless internet connectivity. The Contractor shall keep all their assets mobile, staged with their own fleet of tractor-trailers, and shall be able to keep those assets available for rapid deployment if required by the Government.</p>			

2/2

Detailed Scope of Work for a specific site, specifications, terms, and conditions must be negotiated between the government entity and Contractor.

OVERVIEW of Services provided at an Emergency Shelter

Includes: Staffing and Management:

- Shelter construction is considered turnkey, bare base, meaning that no on-site infrastructure is technically required to build the Shelter. Shelter construction, engineering and support services are all provided by one prime vendor, who may or may not in turn let sub-contracts for various items or services in the Shelter.
- Prime contractor provides all engineering and support staff.
- Overall, Shelter management is the responsibility of government at some level with the assignment.

Billeting/Shelter Type:

- First choice of accommodations is the conversion of a fixed facility/building to accommodate personnel. Such conversion includes installation of dividing walls, partitions or curtains in order to allow for some privacy.
- For larger operations hard-sided tents, long span structures or soft-sided tents or CONEX Systems can be used as billeting. Tent Shelters can take from 48-96 hours to set-up and must conform to normal wind loading of 45 MPH sustained, or 75 MPH in hurricane areas, based on previous events where storms crossing over the Shelter has done significant damage to these structures. Hard sided tents are preferred over soft sided. Tents must be fitted with floors and HVAC systems for climate-controlled living conditions.

Food Services:

- Food services will be accomplished through contract catering. Three meals per day will be served in accordance with modifying current US Forest Service Catering Contracts to serve at least 1500 calories per person, per day. An approved 10-day rotation meal plan will be established. Food service facilities must meet all required public health code requirements to include a commercial grade (restaurant) NSF approved equipment, sealed floor, HVAC, bug screens and/or air curtain blowers, equipment and utensil sanitation, fire suppression, and hand wash stations in numbers appropriate for the size of Shelter. Shelter catering must be able to feed at least 5-10% more persons above Shelter residents

Shower Accommodations:

- Shower trailers or CONEX systems will be brought in. These trailers/CONEX typically accommodate 6-10 persons at a time, include a changing room. Trailers have a high capacity hot water heater, typically fueled by propane or diesel fuels. Shelter must be able to shower 10% more persons above Shelter residents.

Restroom Accommodations:

- Porta-potties will not be used unless no other resources were available, except in remote area such as parking and service areas. Restroom trailers or CONEX systems will conform to ANSI 4.4 regulations. Restroom trailers resemble a public restroom, are well lighted, have mirrors, sinks, toilets, and urinals. Versions are available both men and women. Shelter must be able to accommodate 10% more persons above Shelter residents.

Laundry Facilities and Services:

- Portable laundry trailers or CONEX systems, which are self-service.

213

Moral, Welfare and Recreation Facility:

- Between meal periods, the dining tent may be used as a recreation facility. Contractor will provide recreation items such as a Ping-Pong table, large screen TV, reading library, daily newspapers, board games, cards and other items to afford workers change workers to shelterees and remove between shifts a means to relax between shifts. Internet workstations shall be an option for personnel to check e-mail or document work related activities.

Administration:

- Personnel/add shelterees check-in. Agencies sending emergency personnel to an Emergency Shelter will identify those personnel by name/agency to the Shelter Manager in advance of arrival, or issue a separate credential. Shelter Managers in the Administration Unit will assign berthing space to individuals. Each person shall be issued a unique identity card indicating the level of services the person is entitled to at the Shelter.
- Three levels of check-in, and issuance of identity cards/credentialing are designated:
Resident - Full time sleeping, dining and full services

Meals and Showers Only - Typically for commercial trucking personnel who sleep in their trucks and only require food, shower and laundry support

Meals Only - Personnel who will only receive meals at the Shelter and reside and shower at other locations or at home unless unable to find adequate housing.

- Telecommunications
 - Public payphone trailers will be located within the billeting area, food service, recreation and administrative areas to allow personnel to call family and friends
 - POTS or VoIP telephone lines and ISDN, DSL, Satellite, or fiber optic T-1 lines will be ordered to support the administrative office at the Emergency Shelter.
 - Office space will be established to allow for the management of the site
 - Life Safety & Security will be mission tasked to law enforcement, fire, and EMS agencies to support Shelter operations.

COMPLIANCE WITH FEDERAL AND STATE LAWS

Disaster Recovery Services for St. Charles Parish

2 CFR Part 200 - PROVISIONS FOR FEMA PUBLIC ASSISTANCE FUNDING - Since this contract may be eligible for FEMA reimbursement, the following provisions may be applicable to this bid solicitation and subsequent Contract.

EQUAL EMPLOYMENT OPPORTUNITY (2 CFR 200 Appendix II(C)) - Applies to all construction contracts - *"During the performance of this contract, the contractor agrees as follows:* The contractor will comply with all provisions of Executive Order No. 11246 of Sept. 24, 1965 entitled "Equal Employment Opportunity," as amended by Executive order 11375 of October 13, 1967, as supplemented in Department of Labor regulation. Contractors are not to exclude from participation in, deny the benefits of, or subject to discrimination under any program or activity, any person in the United States on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or veteran status; nor discriminate on the basis of age under the Age Discrimination Act of 1975, or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973, or on the basis of religion, except that any exemption from such prohibition against discrimination on the basis of religion as provided in the Civil Rights Act of 1964, or Title VI and VII of the Act of April 11, 1968, shall also apply.

COMPLIANCE WITH REPORTING REQUIREMENTS (2 CFR 200.327-.329) - Applies to all contracts - In the event of a declared emergency, Contractors are subject to FEMA and/or GOHSEP reporting requirements, i.e. program performance, financial and progress reports. Contractor shall complete and submit all reports, in such form and according to such schedule as may be required by the Owner / Agency.

BYRD ANTI-LOBBYING AMENDMENT (2 CFR 200 Appendix II (I)) - Applies to all contracts - Contractor that apply or bid for a contract must certify that it will not and has not used any Federal funds to influence an employee or member of Congress in obtaining any Federal Award.

ACCESS TO RECORDS (2 CFR 200.336) - Applies to all contracts - The State of Louisiana, the Federal agency providing the assistance for this contract, the Comptroller General of the United States, St. Charles Parish, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the Contractor which are directly pertinent to this specific contract, for the purpose of audits, examinations, and making excerpts and transcriptions. All records connected with this contract will be maintained in a central location by the Contractor and St. Charles Parish, respectively, for a period of three (3) years from the date of the submission of the grantee's final expenditure report.

RETENTION OF RECORDS (2 CFR 200.333) - Applies to all contracts - In the event of a declared emergency, contractor shall retain all required records for three years after the termination date of the contract and all other pending matters are closed.

ENERGY EFFICIENCY – Appendix II(H) – Applies to all contracts - Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan (LA RS 40:1730.49) issued in compliance with the Energy Policy and Conservation Act (Public Law 94-163, as amended).

PROHIBITIONS OF AWARDS TO DEBARRED AND SUSPENDED PARTIES (2 CFR 200 Appendix II (I)) – Applies to all contracts - The Contractor represents and warrants that it and its Subcontractors are not debarred, suspended, or placed in ineligibility status under the provisions of the provisions of E.O.s 12549 and 12689. To ascertain whether a Contractor or Subcontractor has been excluded from participating in a contract or subcontract receiving Federal financial assistance, a search of the Excluded Parties List System can be conducted using the System for Award Management provided by the General Services Administration at <https://www.sam.gov>.

The Contractor must notify the Owner in the event of it and its Subcontractors being debarred, suspended, or declared ineligible by any department or agency of the Federal Government, or upon receipt of a notice of a proposed debarment or suspension, either prior to or after execution of a contract.

Upon notice of debarment, suspension, or declaration of ineligibility, the Contractor and/or its Subcontractors is/are ineligible to enter into contracts with the Owner, any department, or agency of the Federal Government. The Owner reserves the right to review cause for said debarment, suspension, or declaration of ineligibility, and to terminate this contract according to the terms of this section.

PROCUREMENT OF RECOVERED MATERIALS (2 CFR 200 Appendix II (J) See 200.322) – Applies to all contracts - The Contractor and its Subcontractors will comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act (RCRA). The requirements of Section 6002 include procuring only items designated in the guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the Contractor purchases \$10,000 or more worth of one of these items during the course of the fiscal year or where the cost of such items or of functionally equivalent items purchased during the preceding fiscal year was \$10,000 or more; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for the procurement of recovered material identified in the EPA guidelines.

BONDING REQUIREMENTS (2 CFR 200.325) – Applies to all construction or facilities improvement contracts in excess of the Simplified Acquisition Threshold (SAT = \$250,000 as of 8/31/2020) – Bonding requirements include:

- a) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the

time specified.

- b) A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.
- c) A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

COPELAND "ANTI-KICKBACK" ACT (2 CFR 200 Appendix II (D)) – Applies to all construction or repair contracts in excess of \$2,000.00 - Whoever, by force, intimidation, or threat of procuring dismissal from employment or by any other manner whatsoever induces any person employed in the construction, prosecution, completion or repair of any public building, public work, or building or work financed in whole or in part by loans or grants from the United States to give up any part of the compensation to which he is entitled under his contract of employment, shall be fined under this title or imprisoned not more than five years, or both. The Contractor shall comply with all applicable "Anti-Kickback" regulations and shall insert appropriate provisions in all subcontracts covering work under this contract to ensure compliance by the subcontractors with such regulations, and shall be responsible for the submission of affidavits required of subcontractors thereunder except as the Secretary of Labor may specifically provide for variations of or exemptions from the requirements thereof.

TERMINATION FOR CAUSE AND CONVENIENCE (2 CFR 200 Appendix II(B)) – Applies to all contracts in excess of \$10,000.00 - If, through any cause, the Contractor shall fail to fulfill in a timely and proper manner his obligations under this contract, or if the Contractor shall violate any of the covenants, agreements, or stipulations of this contract, the Owner shall thereupon have the right to terminate this contract by giving written notice to the Contractor of such termination and specifying the effective date thereof, at least five (5) days before the effective date of such termination. In such event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports prepared by the Contractor under this contract shall, at the option of the Owner, become the Owner's property and the Contractor shall be entitled to receive just and equitable compensation for any work satisfactorily completed hereunder. Notwithstanding the above, the Contractor shall not be relieved of liability to the Owner for damages sustained by the Owner by virtue of any breach of the contract by the Contractor, and the Owner may withhold any payments to the Contractor for the purpose of set-off until such time as the exact amount of damages due the Owner from the Contractor is determined.

The Owner may terminate this contract at any time by giving at least ten (10) days notice in writing to the Contractor. If the contract is terminated by the Owner as provided herein, the Contractor will be paid for the time provided and expenses incurred up to the termination date.

ADMINISTRATIVE AND LEGAL REMEDIES FOR VIOLATION OR BREACH OF CONTRACT (2 CFR 200 Appendix II (A)) – Applies to all contracts in excess of the Simplified Acquisition Threshold (SAT = \$250,000 as of 8/31/2020) - Any violation or breach of terms of this contract on the part of the Contractor or the Contractor's subcontractors may result in the suspension or termination of this contract or such other action that may be necessary to

enforce the rights of the parties of this contract. The duties and obligations imposed by the contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (2 CFR 200 Appendix II(E)) – Applies to all construction contracts greater than \$100,000.00 where mechanics and laborers are employed - Contractor shall be in compliance with section 40 U.S.C. 3702 and 3704 of the Contract Work Hours and Safety Standards Act as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL (CLEAN WATER) ACT (2 CFR 200 Appendix II (G)) – Applies to all contracts greater than or equal to \$150,000 - Contractor shall be in compliance with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

PROHIBITION ON CONTRACTING FOR COVERED TELECOMMUNICATIONS EQUIPMENT OR SERVICES (2 C.F.R. § 200.216) - Applies to all contracts

- (a) Definitions. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy 405-143-1, Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services (Interim), as used in this clause—
- (b) Prohibitions.
1. Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug. 13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.
 2. Unless an exception in paragraph (c) of this clause applies, the contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:
 - i. Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

- ii. Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
- iii. Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or
- iv. Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Exceptions.

- 1. This clause does not prohibit contractors from providing—
 - i. A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or
 - ii. Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.
- 2. By necessary implication and regulation, the prohibitions also do not apply to:
 - i. Covered telecommunications equipment or services that: i. Are not used as a substantial or essential component of any system; and ii. Are not used as critical technology of any system.
 - ii. Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d) Reporting requirement.

- 1. In the event the contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the contractor is notified of such by a subcontractor at any tier or by any other source, the contractor shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.
- 2. The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause:
 - i. Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily

available information about mitigation actions undertaken or recommended.

- ii. Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

- (e) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (e), in all subcontracts and other contractual instruments.”

DOMESTIC PREFERENCE FOR PROCUREMENTS (2 C.F.R. § 200.322) - Applies to all contracts and purchase orders for work or products - As appropriate, and to the extent consistent with law, the contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products. For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

DELEGATION AND CERTIFICATE OF AUTHORITY BY THE MANAGERS OF
LEMOINE DISASTER RECOVERY, L.L.C.

The undersigned, being all of the managers of Lemoine Disaster Recovery, L.L.C., a Texas Limited Liability company (the "Company"), acting by written consent pursuant to Section 4 of the Second Amended and Restated Operating Agreement of Lemoine Disaster Recovery, L.L.C. dated as of August 3, 2021, as amended on June 8, 2022, does hereby consent to the adoption of the following:

Robert M. Rice shall have the authority to prepare, execute and submit on behalf of the Company bid proposals, containing such terms and provisions as he may in his sole discretion deem advisable, in response to Request for Proposals: St. Charles Parish Government RFP EMG-X-23-1010 Disaster Recovery Services (the "Project") and shall have authority to execute, deliver, acknowledge, file and record all documents and take all other actions which he may deem necessary or advisable in order to carry out the obligations of the Company as set forth in such bid proposals for the Project.

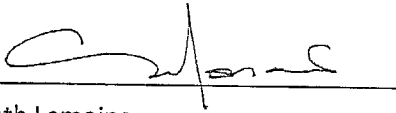

THUS, DONE AND SIGNED ON THIS 14th day of September, 2023 in Baton Rouge, Louisiana.

INTRODUCED BY: MATTHEW JEWELL, PARISH PRESIDENT
(DEPARTMENT OF PARKS AND RECREATION)

ORDINANCE NO. 24-5-12

An ordinance approving and authorizing the execution of Change Order No. 2 (Final) for the West Bank Bridge Park Improvements, Phase I, (Project No. RECWB122) to increase the contract time by 11 days.

WHEREAS, Ordinance No. 22-5-12 adopted on May 16, 2022, by the St. Charles Parish Council, approved and authorized the execution of a Professional Services Agreement with Danny J. Hebert, P.E., L.L.C., d.b.a. Civil & Environmental Consulting Engineers to perform engineering services for the Department of Recreation West Bank Bridge Park Improvements, in the amount not to exceed \$274,570.00; and,

WHEREAS, Ordinance No. 23-7-14 adopted on July 31, 2023, by the St. Charles Parish Council, approved and authorized the execution of a Contract with Kort's Construction Services, Inc., for the West Bank Bridge Park Improvements, Phase I, (Project No. RECWB122) in the lump sum amount of \$1,984,500.00; and,

WHEREAS, Ordinance No. 24-3-13 adopted on March 18, 2024, by the St. Charles Parish Council, approved and authorized the execution of a Change Order No. 1 for the West Bank Bridge Park Improvements, Phase I, (Project No. RECWB122) to increase the contract amount by \$198,096.00 and increase the contract time by 50 days; and,

WHEREAS, it is necessary to amend the contract resulting in an increase in the contract time by 11 days.

THE ST. CHARLES PARISH COUNCIL HEREBY ORDAINS:

SECTION I. That Change Order No. 2 (Final) for the West Bank Bridge Park Improvements, Phase I, (Project No. RECWB122) to increase the contract time by 11 days is hereby approved and accepted.

SECTION II. That the Parish President is hereby authorized to execute said Change Order on behalf of St. Charles Parish.

The foregoing ordinance having been submitted to a vote, the vote thereon was as follows:

YEAS: MOBLEY, FONSECA, WILSON, SKIBA, PILIE, COMARDELLE,
O'DANIELS, FISHER, DEBRULER
NAYS: NONE
ABSENT: NONE

And the ordinance was declared adopted this 20th day of May, 2024, to become effective five (5) days after this publication in the Official journal.

INTRODUCED BY: MATTHEW JEWELL, PARISH PRESIDENT

ORDINANCE NO. 24-5-15

An ordinance approving and authorizing the execution of a Cooperative Endeavor Agreement with the St. Charles Parish Law Enforcement District and St. Charles Parish to remove and replace the New Sarpy Substation with a new facility which will be located on the same property.

WHEREAS, under the provisions of Article VI, Section 20 of the Louisiana Constitution of 1974 and the Local Services Law (Part VII, Chapter 2, Title 33 of the Louisiana Revised Statutes of 1950), a political subdivision may exercise and perform any authorized power and function, including financing, jointly or in cooperation with one or more political subdivisions; and,

WHEREAS, the Sheriff desires to remove and replace the antiquated New Sarpy Substation with a new facility; and,

WHEREAS, St. Charles Parish owns the real property on which the Substation sits; and,

WHEREAS, the replacement of the Substation with a new facility will be in the best interest of St. Charles Parish as the new facility will enhance the ability of the Sheriff to provide for the safety and security of its citizens.

THE ST. CHARLES PARISH COUNCIL HEREBY ORDAINS:

SECTION I. That the Cooperative Endeavor Agreement with the St. Charles Parish Law Enforcement District and St. Charles Parish for the removal and building of a new facility known as the New Sarpy Substation is hereby authorized and accepted.

SECTION II. That the Parish President is hereby authorized to execute said Cooperative Endeavor Agreement on behalf of St. Charles Parish.

COOPERATIVE ENDEAVOR AGREEMENT

BY ST. CHARLES PARISH AND

ST. CHARLES PARISH LAW ENFORCEMENT DISTRICT

This Agreement made and entered into on this ____ day of _____, 2024, by and between the following Parties:

ST. CHARLES PARISH, a political subdivision of the State of Louisiana, herein represented by Matthew Jewell, its President, whose mailing address is P. O. Box 302, Hahnville, Louisiana, 70057, authorized pursuant to Ordinance No. 24-5-15 adopted by the St. Charles Parish Council on the 20th day of MAY, 2024, a certified copy of which is attached hereto and made a part hereof, hereinafter referred to as PARISH; and

ST. CHARLES PARISH LAW ENFORCEMENT DISTRICT, herein represented by the duly elected Sheriff, Greg Champagne, whose mailing address is 260 Judge Edward Dufresne Parkway, Luling, Louisiana, 70070, hereinafter referred to as SHERIFF.

WHEREAS, under the provisions of Article VI, Section 20 of the Louisiana Constitution of 1974 and the Local Services Law (Part VII, Chapter 2, Title 33 of the Louisiana Revised Statutes of 1950), a political subdivision may exercise and perform any authorized power and function, including financing, jointly or in cooperation with one or more political subdivisions; and

WHEREAS, it is the objective of the PARISH to provide for the security, health, safety, morals and general welfare of the PARISH; and

WHEREAS, it is the objective of the SHERIFF to provide public safety and law enforcement services; and

WHEREAS, the Parish currently owns real property in New Sarpy, Louisiana, briefly described as follows, to-wit:

Lots 2, 3, 4, 5, 6, 7, Square 16, a portion of River Park, New Sarpy Subdivision and a portion of Lot 6, Prospect Plantation, New Sarpy, St. Charles Parish, Louisiana, herein referred to as the PROPERTY;

and on which said real property is currently situated certain improvements used by the SHERIFF for its East Bank Substation (the Substation); and

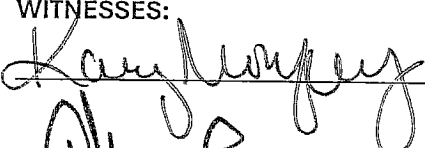

WHEREAS, the SHERIFF desires to remove and replace the SUBSTATION with a new facility, which said new facility will be located on the PROPERTY; and

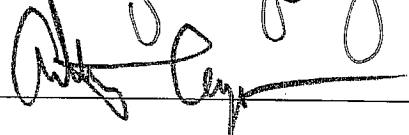

WHEREAS, the replacement of the SUBSTATION with a new facility will be in the best interest of the PARISH and said facility will enhance the ability of the SHERIFF to provide for the safety and security of the PARISH;

NOW, THEREFORE, in consideration of the agreements and covenants hereinafter set forth to be kept and performed by the parties hereto, it is agreed by and between the parties as follows:

1. **TERM.** The PARISH hereby grants to the SHERIFF the free use and enjoyment of the property for a term of twenty-five (25) years commencing on the date of execution of this Cooperative Endeavor Agreement.
2. **INDEMNIFICATION.** Each party shall indemnify, defend and hold harmless the other party against any and all claims, demands, suits, judgments of sums of money to any party accruing against the other party for loss of life or injury or damage to persons or property growing out of, resulting from, or by reason of any act of omission, or the operation of the party, his agents, servants or employees, while engaged in, or about, or in connection with the discharge of performance of the services to be done or performed by the party herein.
3. **TERMINATION.** This Agreement may be terminated by mutual consent of the parties hereto.
4. **PLEDGE OF COOPERATION.** The parties hereto pledge their cooperation in complying with the terms of this Agreement, all to the end that the health and welfare of the visitors and employees of the PARISH and the SHERIFF shall be promoted and that the security needs of said visitors and employees may be satisfactorily met.
5. **SEVERABILITY.** In the event any one or more provisions of this Agreement is for any reasons held to be illegal or invalid, the illegality or invalidity shall not affect any other provisions hereof, but, the Agreement shall be construed and enforced as if such illegal or invalid provision enacted after the date of this Agreement, that validates or makes legal any provision hereof shall be deemed to apply hereto.

ORDINANCE NO. 24-5-16

An ordinance to amend the 2023 Consolidated Operating and Capital Budget to adjust Beginning Fund Balances to Actuals and to adjust Revenues and Expenditures in various funds.

THE ST. CHARLES PARISH COUNCIL HEREBY ORDAINS:

WHEREAS, the 2023 St. Charles Parish Consolidated Operating and Capital Budget was adopted November 7, 2022 by Ordinance No. 22-11-1; and amended January 3, 2023 by Executive Order No. 2023-01; February 6, 2023 by Executive Order No. 2023-02; February 6, 2023 by Executive Order No. 2023-03; March 13, 2023 by Executive Order No. 2023-04; March 13 2023 by Executive Order No. 2023-05; April 24, 2023 by Executive Order No. 2023-06; April 26, 2023 by Executive Order No. 2023-07; May 2, 2023 by Executive Order No. 2023-08; May 3, 2023 by Executive Order No. 2023-09; May 9, 2023 by Executive Order No. 2023-10; July 10, 2023 by Ordinance No. 23-7-12; July 10, 2023 by Executive Order No. 2023-11; July 19, 2023 by Executive Order No. 2023-12; October 11, 2023 by Executive Order No. 2023-13; November 9, 2023 by Executive Order No. 2023-14; January 9, 2024 by Ordinance No. 24-1-4; and,

WHEREAS, the Council has taken under consideration the study of the amendment to the St. Charles Parish Consolidated Operating and Capital Budget for fiscal year 2023 as shown by the Revision Schedule.

NOW, THEREFORE, in accordance with the provisions of Article V, Sections D, E, and F of the St. Charles Parish Home Rule Charter and with the Louisiana Local Government Budget Act (R.S. 39:1301 et. seq.), the St. Charles Parish Council does hereby ordain to adopt the 2023 St. Charles Parish Consolidated Operating and Capital Budget as amended, and that it be attached hereto and made a part hereof and identified as "Exhibit A" and "Exhibit B".

The foregoing Ordinance having been submitted to a vote, the vote thereon was as follows:

YEAS: MOBLEY, FONSECA, WILSON, SKIBA, PILIE, COMARDELLE,
O'DANIELS, FISHER, DEBRULER
NAYS: NONE
ABSENT: NONE

And the Ordinance was declared adopted this 20th day of May, 2024, to become effective five (5) days after publication in the Official Journal.
