Kim Marousek, AICP: Director

Thank you for the letter dated June 28, 2013 in which you informed me of the a special permit requested by Fifth African Baptist Church in St. Rose, La. I am replying to strongly object to this application. After having read the letter of the proposal of these additions enough specific information is not given that I can make the proper decisions in this matter. These are some things that deeply concern me, drainage, elevations, lighting and traffic affecting the area.

Sincerely yours,

Lucille C. Smith
