MEMORANDUM OF AGREEMENT
BETWEEN
THE DEPARTMENT OF THE ARMY
AND
THE PARISH OF ST. CHARLES
FOR
THE WEST BANK AND VICINITY
LOUISIANA PROJECT

THIS AGREEMENT entered into this 7 day of October, 2011, by and between THE DEPARTMENT OF THE ARMY (hereinafter the "Government"), represented by the District Commander for the New Orleans District and the Parish of St. Charles (hereinafter the "Parish"), as authorized by the Parish Council, represented by its President.

WITNESSETH THAT:

WHEREAS, Section 401(b) of the Water Resource Development Act of 1986, Public Law 99-662, as amended by Sections 101(a)(17) and 101(b)(11) of the Water Resource Development Act of 1996, Public Law 104-303, Section 328 of the Water Resource Development Act of 1999, Public Law 106-53, an Section 3084 of the Water Resource Development Act of 2007, Public Law 110-114, authorized the Secretary of the Army to construct the West Bank and Vicinity, Louisiana Project for hurricane storm damage reduction in Southeast Louisiana (hereinafter referred to as the "Project"); and

WHEREAS, the Flood Control and Coastal Emergencies (FC&CE) heading, Chapter 3, Title I of Public Law 109-148, and the Flood Control and Coastal Emergencies heading, Chapter 3, Title III of Public Law 110-252 authorized the Secretary of the Army, at Full Federal Expense, to accelerate completion of unconstructed portions of the Project; and

WHEREAS, PL 109-234, Title II, Chapter 3, Construction, and Flood Control and Coastal Emergencies; PL 110-28, Title IV, Chapter 3, Flood Control and Coastal Emergencies and Sec. 4302; the Water Resources Development Act (WRDA) of 2007 (Public Law 110-114) Section 3084 and Section 7012); and P.L. 110-252, Title III, Chapter. 3, Construction, authorized incremental improvement necessary to achieve to 100-year level of risk reduction; and

WHEREAS the Government is undertaking the construction of WBV- 77 reach of the Project, the construction of which will impact a facility owned by the Parish, namely an 8-inch part PVC and part ductile iron water pipeline (hereinafter referred to as the "Facility").

WHEREAS the current time constraints on the Project require an expedited delivery schedule, including the performance of all relocations the Government has determined to be necessary for the Project, and considering that the Government has already significantly developed the plans and specifications for the project, including the locating and identifying of interfering facilities,

the parties agree that in order to maintain efficiency and expediency, it is in the best interest of the Project that the Government perform the relocations of the Parish's Facility necessary for the WBV-77 reach of the Project on behalf of the Parish; and

WHEREAS, the Parish, with the approval of the Parish Council, herein authorizes the Government to perform the relocation on behalf of the Parish, a detailed description of the work to be performed is attached hereto as Exhibit A; and

WHEREAS, in furtherance thereof, the Government and the Parish desire to enter into this agreement providing for the Government to incorporate the Parish's relocation plan into the plans and specifications and ensure the performance of the relocations of the Parish's Facility that the Government determines to be necessary for the construction of the WBV-77 reach of the Project;

NOW, THEREFORE, the Government and the Parish, agree as follows:

I. Obligations of the Parish

The Parish, with the approval of the Parish Council, hereby authorizes the Government to enter onto the real property rights of the Parish and to perform the relocation of the Facility on behalf of the Parish. A detailed description of the work necessary to relocate the Facility is shown on Exhibit A attached hereto.

II. Obligations of the Government

The Government agrees to perform the work described in Exhibit A as a part of the construction of the WBV-77 Project. Construction will be performed by the Government's contractor as part of the construction of the subject project.

III. Liability

As a requirement of the Government undertaking the described work, that as long as the Government and its contractor perform the plans in a workmanlike manner, the Parish hereby agrees to hold the United States of America, its employees, officers, and assigns, harmless for any damage that may occur as a result of the relocation of the above Facility except as indicated in this paragraph below. The Government agrees to act in a reasonable manner in conducting their activities on the property covered by this Agreement. The United States has waived sovereign immunity for negligence in the Federal Tort Claims Act, 28 U.S.C. 1346, 2671-2680, and the Department of the Army acknowledges that in the event its employees are negligent, liability may attach for such negligence under the Federal Tort Claims Act. Under the Permits and Responsibilities clause of the Federal Acquisition Regulations (FAR 52.236-7), the contract between the United States and its contractor under which the subject work will be performed, will require the contractor to be responsible for all damages to persons or property that occur as a result of the Contractor's fault or negligence. The Parish has no responsibility to hold and save the Government or its contractors harmless for such negligence.

IV. Acceptance and Release

Once the subject work is complete the Government will tender the work to the Parish. At that time the Parish will perform its final inspect of the subject work for compliance and completeness and, after appropriate testing of the work, sign a Final Acceptance and Release. This Final Acceptance and Release will certify that the work performed by the Government and its contractors has been reviewed and found to be complete and in compliance with all project plans, specifications, agreements, and all local, state and federal laws governing the work; that the Government and its contractors have fulfilled all contractual obligations in performance of the relocation of the Parish's Facility; and the Parish understands that by signing this Final Acceptance and Release it will release and relieve, subject to the one-year warranty of CFR 52.246-21, the Government, its contractors, assigns and their employees from any and all liability due to the performance and fitness of any and all work carried out in the relocation of Parish's Facility.

V. Duration

If this Agreement is terminated prior to the signing of the Final Acceptance and Release, it shall remain effective until terminated by any party upon 60 days written notice. In the event of termination, the parties shall consult with each other concerning all claims for termination cost. This Agreement may be modified, supplemented or amended only by written agreement of the parties.

VI. Notices

All notices under this Agreement shall be provided as follows:
