Subject: Traffic Control Improvements, US 90 at LA 3060 (Barton Avenue), Lakewood Drive in Luling, St. Charles Parish

Dear Ms. Impastato:

This is in response to St. Charles Parish Council Resolution No. 6504, which requested the installation of additional lane use signage, left turn protected signals for the Barton Avenue and Lakewood Drive approaches to US 90 and the construction of a right turn lane on the Lakewood Drive approach. We are currently in the final stages of a study to implement changes at the intersection. Once the study is complete, we will notify you of our recommendations and implement the changes to the traffic control at the intersection. In regards to the Council's request to construct a right turn lane on the Lakewood Drive approach to the intersection, we are unable to grant this request as Lakewood Drive is not a State route and funding is not available to spend on local routes.

Please call if you have any questions or need any additional information.

Sincerely,

Chris G. Morvant, P.E., PTOE
District Engineer Administrator
