

ORD.

2016-0298

INTRODUCED BY: LARRY COCHRAN, PARISH PRESIDENT
(DEPARTMENT OF PUBLIC WORKS)

ORDINANCE NO. 16-9-2

An ordinance approving and authorizing the execution of Change Order No. 1 for the Willowridge Pump Station Project No. P080905-4A, Willowridge Levee – Phase II, State Project No.H.010102, as part of the West Bank Hurricane Protection Levee Project, to increase the contract amount by \$60,059.00 and increase the contract time by forty three (43) days.

WHEREAS, Ordinance No. 15-8-5, adopted August 3, 2015, by the St. Charles Parish Council, approved and authorized the execution of a contract with Sealevel Construction Inc. for the Willowridge Pump Station Project No. P080905-4A, Willowridge Levee – Phase II, State Project No.H.010102, in the amount of \$60,059.00; and,

WHEREAS, Change Order No. 1 is a result of a change within the scope of the contract to install a 2" water meter to provide potable water to the Pump Station; increase the capacity of electrical system for equipment power requirements to serve the Pump Station; increase the size of the fenced area securing the Pump Station for access to Pump Station equipment; and,

WHEREAS, the increase in the contract amount of \$60,059.00 is a result of the addition of one (1) bid line item and increase in six (6) bid line items; and,

WHEREAS, the increase in contract time by forty three (43) days is a result of additional days projected to construct the Willowridge Pump Station.

THE ST. CHARLES PARISH COUNCIL HEREBY ORDAINS,

SECTION I. That Change Order No. 1 for the Willowridge Pump Station Project No. P080905-4A, Willowridge Levee – Phase II, State Project No.H.010102, as part of the West Bank Hurricane Protection Levee Project, to increase the contract amount by \$60,059.00 and increase the contract time by forty three (43) days is hereby approved and accepted.

SECTION II. That the Parish President is hereby authorized to execute said Change Order No. 1 on behalf of St. Charles Parish.

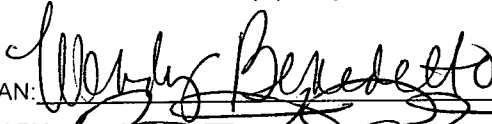

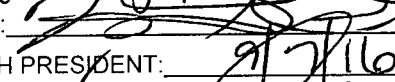

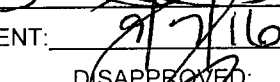

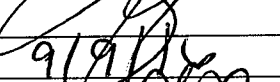

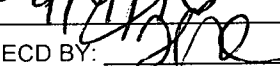

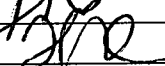

The foregoing ordinance having been submitted to a vote, the vote thereon was as follows:

YEAS: BENEDETTO, HOGAN, WILSON, CLULEE, GIBBS, WOODRUFF, BELLOCK, FLETCHER, FISHER-PERRIER

NAYS: NONE

ABSENT: NONE

And the ordinance was declared adopted this 6th day of September, 2016, to become effective five (5) days after publication in the Official Journal.

CHANGE ORDER

No. 1

DATE OF ISSUANCE 9/6/16 EFFECTIVE DATE _____

OWNER: St. Charles Parish

CONTRACTOR Sealevel Construction Inc.

Contract: Willowridge Drainage Pump Station

Project: Willowridge Drainage Pump Station

OWNER's Contract No. P080905-4A

State Project No. H.010102

ENGINEER's Contract No. 12.019

ENGINEER Burk Kleinpeter, Inc.

You are directed to make the following changes in the Contract Documents:

Summary:

1. *Install an Owner approved 2" water meter near the intersection of Lafayette Dr. Willowridge Drive and a 2" Backflow Preventer immediately downstream of the water meter.*
 - a. *Add item for installation of water meter (new contract item #59).*
 - b. *Increase the total quantity of Waterline – 2" from 1,640 LF to 1,692 LF (contract item #56).*
2. *Substitute the ABB Motor Control Center as specified in Section 16443 with a Square D control center and additional training.*
3. *Contractor to increase the size of the MTS/ATS and distribution system to accommodate the increased electrical power requirements of the approved motor submittal vs. the power requirements as indicated in the contract documents. (Contract item #37 and #39).*
4. *Contractor shall move electrical boxes to the north side of the concrete deck.*
5. *Fence to be moved out an additional 16 feet to allow for better access.*
 - a. *Increase the total quantity of site fence quantity from 450 LF to 482 LF (contract item #27).*
 - b. *Increase the total quantity of geotextile separator from 950 SY to 1056 SY (contract item #47).*
 - c. *Increase the total quantity of surfacing from 1,000 CY to 1035.2 CY (contract item #46).*
6. *Modify the steel catwalk used for generator access to accommodate the enclosure doors as submitted by the contractor (contract item #37).*
7. *The transformer pad will be eliminated and the meter shall be moved to the north side of the concrete deck per comments received by Entergy.*

Description:

1. Delete the Following Work Items:
 - a. N/A
2. Add the Following Work Items:
 - a. New Contract Item 59: Work Change Directive #1
Installation of a 2" Water Meter – Contractor is to tap existing main and install water meter at the location shown on "Sht. 1 Waterline Connection"
Addition of \$ 4156.00 (L.S.).

Total of Added Work Items = +\$4156.00

3. Revise the Following Work Item Quantities:

- a. Contract Item # 56: 2" Waterline (Work Change Directive #1)
The quantity is to be changed from 1,640 to LF 1,692 LF. (+\$ 624.00)
- b. Contract Item # 37: Engine Generator MTS/ATS (Work Change Directive #4)
The lump sum amount is being increased (+\$ 16,466.00)
- c. Contract Item #39: Electrical Distribution Equipment (Work Change Directive #4)
The lump sum amount is being increased (+\$ 33,983.00)
- d. Contract Item #27: Site Fence (Work Change Directive #5)
The quantity is to be changed from 450 LF to 482 LF. (+\$ 1,344)
- e. Contract Item #47: Geotextile Separator (Work Change Directive #5)
The quantity is to be changed from 950 SY to 1,056 SY. (+\$ 318)
- f. Contract Item #46: Surfacing (Work Change Directive #5)
The quantity is to be changed from 1000 CY to 1,035.2 CY. (+\$ 3,168)

Total of Change in Work Items = +\$ 55,903.00

Reason for Change Order: List a reason for each Line Item listed above. *See attached example on how to fill in this information*

- 1. Deleted Work Items
 - a. N/A
- 2. Add Work Items
 - a. Water meter was not on site as shown on plans. Meter is required for water service to station. (WCD #1)
- 3. Revise Work Item Quantities
 - a. New location of water meter is different than existing. Location was selected by Owner in conjunction with Water Department for ease of servicing. (WCD #1)
 - b. The automatic and manual transfer switches were increased in size to accommodate the increased electrical power requirements of the approved motor submittal vs. the power requirements as indicated in the contract documents. These switches were to be paid from the Engine Generator bid item. (WCD #4)
 - c. The size of the conductors, conduits and various miscellaneous electrical items included in the distribution were increased in size to accommodate the increased electrical power requirements of the approved motor submittal vs. the power requirements as indicated in the contract documents. (WCD #4)
 - d. The emergency generator connection was moved to the north side of the generator/electrical room deck to avoid a conflict with the generator stair platform. The fence was moved an additional 16 feet from its original location to provide for a parking area for a temporary generator next to the connection. (WCD #5)
 - e. Additional geotextile separator material was required for the additional access area described in item (d). (WCD #5)
 - f. Additional ~~geotextile separator~~ ^{surfacing} material was required for the additional access area described in item (e). (WCD #5)
- 4. Change in Contract time – Additional 43 days due to the following.
 - a. One (1) day - Install 2" water meter for the Willowridge Pump Station (WCD #1)
 - b. 32 days – Change MCC panel manufacturer (WCD #3)
 - c. 10 days – Increase size of MTS/ATS and Electrical distribution system due to increase in pump motor amperage (WCD #4)

RE: Willowridge Drainage Pump Station
St. Charles Parish Project No. P080905-4A
SCI Job# 15176

Dear Mr. Bernard:

In accordance with Section 01630, Subsection 3.01, of the Contract Documents and Specifications for Willowridge Drainage Pump Station No. P080905-4A, please accept this letter as our formal request for MCC substitution from ABB (current vendor) to Square D (proposed vendor).

As referenced in Subsection 3.01 (A), we do not anticipate this substitution to yield any changes required in other elements of the work, and there will be no increase or decrease in cost. However, due to issues arising out of the employ of ABB serving as the basis for this substitution, the construction schedule shall be affected, extending the date of completion up to February 1, 2017. Nevertheless, attached hereto you will find our supporting documentation as appropriate regarding cost data comparing the proposed substitution with the specified products, as well as any comparison of maintenance, service and replacement cost available to us at this time.

Furthermore, by virtue of this request for substitution, we hereby undertake all representations set forth in Subsection 3.01 (B) of the above-referenced specifications.

Please do not hesitate to contact our office should you have any questions or need any additional information. With best regards, I remain,

Sincerely,

Corbert Chaisson

To: Corbert Chaisson
Subject: Rodrigue's Electric Labor Rate for Willow Ridge

Corbert:

Please be advised that the \$100.00 per hour labor rate for Rodrigue's Electric on the Willow Ridge project includes use of the following:

Electrician
Helper
Truck
Tools
Insurance

Please let me know if you have any questions or need any additional information.

Thank you and have a great weekend.

-David
