

Department of Planning & Zoning Staff Report – Map Amendment Case No. 2025-4-R

APPLICATION INFORMATION

- **Submittal Date:** 6/2/2025
- **Applicant / Property Owner**
Karen Abate
10784 River Road
St. Rose, LA 70087
- **Request**
Change of zoning:
 - Current - R-1A(M), Single Family Residential Detached Conventional Homes, Manufactured Homes, and Mobile Homes
 - Proposed - M-1, Light manufacturing and industry district

SITE INFORMATION

- **Location**
Lot G, Block 11, Almedia Plantation; 180 Almedia Road, St. Rose
- **Size:** 15,950 sq. ft.
- **Current Use**
No structures or permitted use on site; recently used for open vehicle storage (Violation No. 25-95)
- **Surrounding Zoning**
R-1A adjacent to the River Road side and rear; M-1 adjacent to the Airline Drive side; C-2 located to the front (Almedia Road side).
- **Surrounding Uses**
Mirroring the zoning, the area is characterized by a mix of residential, commercial, and industrial uses. Single-family houses are adjacent to the River Road side and rear; a used car lot and a multi-tenant commercial building are directly across Almedia Road; industrial uses, such as storage yards, repair shops, and warehouses line Almedia Road towards Arline Drive.
- **Zoning History**
The subject site was originally zoned R-1A. The current R-1A(M) zoning district resulted from a 1992 rezone (PZR 92-01; Ord. 92-3-1).
- **Future Land Use Recommendation**
Low-to-Moderate Residential: Single-family detached dwellings; attached dwellings such as duplexes, patio/zero-lot line homes and townhomes; and accessory units. Neighborhood retail, services, offices and institutions are also permitted in appropriate locations such as along transportation corridors or at intersections (over six dwellings per acre).

Recommended Zoning Districts: R-1A (6,000 sf. min. lot size), R-1B (10,000 sf. min. lot size), R-1A(M) (accessory units and individual mobile homes).
- **Flood Zone & Minimum Building Elevation**
1992 Flood Insurance Rate Map: X
2013 Digital Flood Insurance Rate Map: X

- **Traffic Access**
Lot G has 100 ft. of frontage along Almedia Road, where an asphalt driveway apron provides access.
- **Utilities**
Parish gravity sewer, water and subsurface drainage facilities are available along Almedia Road.

APPLICABLE REGULATIONS

Appendix A. Section VI. – Zoning District Criteria and Regulations

[I.] *M-1 Light manufacturing and industry district:*

1. Use Regulations: A building or land may be used for the following purposes if in accordance with the special provisions outlined below.
 - a. A building or land shall be used only for the following purposes:
 - (1) Those uses identified as items 2 through 27 as listed in the C-3 District.
 - (2) Office parks which shall include groups or clusters of administrative, professional, and other business offices as well as individual banks and restaurants.
 - (3) Agriculture and other general farming uses.
 - (4) Warehousing and storage of nonhazardous material.
 - (5) Assembly plants.
 - (6) Bottled gas sales and/or service.
 - (7) Food processing plants.
 - (8) Cellophane products manufacturing.
 - (9) Cold storage or refrigerating plants.
 - (10) Electrical parts manufacturing and assembly.
 - (11) Fiber products manufacturing (previously prepared fiber).
 - (12) Garment manufacturing.
 - (13) Glass products manufacturing.
 - (14) Ironwork (no foundry, drop hammer, and no punch presses over twenty (20) tons capacity).
 - (15) [Repealed by Ord. No. 92-1-1, § I, 1-21-92.]
 - (16) Leather products manufacturing (previously prepared leather).
 - (17) Commercial vehicle and heavy equipment sales and service.
 - (18) Millwork.
 - (19) Paint mixing and treatment (not employing a boiling process).
 - (20) Paper products manufacturing (previously prepared material).
 - (21) Plastic products manufacturing (previously prepared material).
 - (22) Sheet metal products manufacturing (light).
 - (23) Sign manufacture.
 - (24) Open storage of building material, lumber, machinery and pipe, provided the material is enclosed within a solid fence at least six feet high within required building lines when the storage area is adjacent to or across the street from an A, R, or C District.
 - (25) Railroad freight terminals, switching and classification yards, repair shops, roundhouse, power houses and fueling, sanding and watering stations.
 - (26) Television and radio broadcasting transmitters.
 - (27) Textile products manufacturing.
 - (28) Toy manufacturing.
 - (29) Well drilling services.
 - (30) Wood products manufacturing (assembling work and finishing).
 - (31) Automobile Fleet Services: Examples include rental car facilities, overnight truck parking, dispatch locations, and any use related to the temporary or periodical parking of operative motor vehicles.
 - b. Special exception uses and structures (variation):
 - (1) Temporary construction facilities for a period of one (1) year upon approval of the Planning Director.
 - c. Special permit uses and structures include the following:
 - (1) Office buildings for gambling operations, excluding all gaming activities, upon review and approval by the Planning Commission and supporting resolution of the Council.
 - (2) Operations which store or utilize hazardous materials identified through guidelines contained in subsection VI.D.I.4.b. of these regulations upon review and approval of the Planning Commission and supporting resolution of the Council.
 - (3) Cellular installations and PCS (personal communication service) installations.
 - (4) Truck terminals (with video poker gaming facilities) upon review and approval of the Planning Commission, and supporting resolution of the Council (Ord. No. 98-4-17, § IV, 4-20-98).
Truck terminals with video poker gaming facilities shall conform to the regulations set forth by the state of Louisiana and to the following regulations:
 - (1) Frontage shall be on a median-divided, major arterial with a minimum of 4-roadway lanes, and having federal or state designation.
 - (2) Minimum lot size of site shall be ten (10) acres.
 - (3) Truck terminals with video poker gaming facilities shall also have all of the following amenities:
 - a) a separate truckers' lounge
 - b) a full-service laundry facility located in a convenient area for truckers' use

- c) private showers for men and women and not located in an area open to general public restroom facilities
 - d) a travel store with items commonly referred to as truckers' supplies (items commonly used only by commercial motor vehicles)
 - e) truck scales
 - f) separate truckers' telephones
 - g) permanent storage facilities for fuel
- (4) These regulations shall not be applied to any truck stops with video poker gaming facilities which have received a Certificate of Zoning Compliance previous to the date of this ordinance, notwithstanding any other provisions of this ordinance.
- (5) *Towing yard.* Towing yards, upon review and approval by the Planning Commission and supporting resolution of the Council, shall conform to the following regulations:
 - (1) Site plan approval. All tow yard operators must secure approval of a site plan. The site plan shall include:
 - a) The storage layout and the maximum number of vehicles proposed to be stored. All storage parking spaces shall open directly to an access drive. Vehicles shall not be stored on top of each other. All vehicles shall be stored on an aggregate parking surface;
 - b) A seven-foot solid, opaque fence will enclose such yards and shall be maintained in a constant state of good repair. Entrances will be constructed of the same material as the fence. All entrances shall remain closed when not in use;
 - c) A ten (10) foot buffer zone when abutting a C-3 or lesser intensive use or zoning district. The buffer shall be planted with acceptable trees and shrubs;
 - d) All buildings and structures to be located on the site and the required off-street parking layout.
 - (2) Towing yard operators shall maintain records of each vehicle and its storage period. These records shall be available upon request of the planning department.
 - (3) Towing yards shall also adhere to state and local licensing requirements.
 - (4) Any change of permitted plan will result in a cease and desist order being placed on the towing yard.
 - (6) Green markets upon review and approval by the Planning Commission and supporting resolution of the Council. Such sites must possess frontage on a hard-surfaced public collector or arterial street.
 - (7) Barrooms, night clubs, lounges and dancehalls upon review and approval by the Planning Commission and supporting resolution of the Council.
 - (8) Automotive racing tracks and strips upon receiving a recommendation of the Planning and Zoning Commission and an ordinance granting approval by the Parish Council.
 - (9) Disposal and/or deposition of directional boring slurry upon receiving a recommendation by the planning and zoning commission and an ordinance granting approval by the parish council. The requirement for a special permit shall not apply to directional boring associated with oil and gas production, nor shall it apply to the incidental or accidental deposition at the site of the boring.
- 2. Spatial Requirements:
 - a. Minimum lot size: Ten thousand (10,000) square feet.
Minimum width: One hundred (100) feet.
 - b. Minimum yard sizes:
 - (1) Front - twenty-five (25) feet
 - (2) Side - fifteen (15) feet
 - (3) Rear - twenty-five (25) feet.
 - (4) Whenever property abuts a major drainage canal as defined by the Subdivision regulations the required setback for all structures shall be ten (10) feet measured from the inner boundary of such servitude or right-of-way, not withstanding any other more restrictive setbacks, this provision shall not apply to any lot of record created and existing prior to the effective date of Ordinance No. 99-12-8, December 15, 1999.
- 3. Transportation System: Arterial, rail, water.
- 4. Special Provisions:
 - a. No manufacturing operations within the M-1 zoning district shall emit odors, gas or fumes beyond the lot line or produce a glare beyond the lot line. All facilities shall be dust-proofed including walkways, driveways and parking areas. All operations must be conducted within a building or within an area enclosed on all sides by a solid fence or wall no less than six (6) feet in height.
 - b. Where any industrial or commercial use in an M-1 zoning district abuts any residential district or use, a six-foot high solid wood or vinyl fence or masonry wall shall border the same and there shall be a buffer strip fifteen (15) feet wide designated and maintained on the site planted with plant materials acceptable for buffer zones unless the Planning and Zoning Department shall require a greater buffer strip.
 - c. The use(s) shall not receive, process, or create hazardous materials which are listed on the latest National Toxicology Programs Annual Report on Carcinogens, SARA Title III section 302 (EHS), and/or SARA Title III Section 313 (toxicity) without a special permit as identified in section VI.D.[I].1.c of this ordinance. Whenever a proposed development or expansion involves chemical processing or storage on a site in an M-1 zoning district and the uses do not require a special permit as identified in section VI.D.[I].1.c of this ordinance, certification shall be furnished by a chemical engineer, registered in the State of Louisiana and approved by the Parish of St. Charles, that materials associated with the enterprise do not appear on cited hazardous material lists. Those chemicals or materials which are permitted under this regulation either by special permit or certification of compliance, shall be stored in accordance with the National Fire Protection Association Flammable and Combustible Liquids Code (NFPA 30 1990), or amended version. With regard to placement of allowable materials on site, the minimum distance in feet from property line which is or can be built upon, including the opposite side of a public roadway, shall be two times the

minimum distances required by NFPA 30. In the event the distances required by this paragraph exceed the minimum distances required by NFPA 30, then the requirements of this paragraph shall govern.

Appendix A. Section XV. - Amendment procedure

- D. Rezoning guidelines and criteria: The proponent for a change should present reasonable factual proof that two or more of the following criteria are met:
1. The proposed rezoning conforms to land development pattern established by the St. Charles Parish Comprehensive Plan Future Land Use Map and does not create a spot zone that is incompatible with the surrounding neighborhood.
 2. The Land-use pattern or character has changed to the extent that the existing zoning no longer allows reasonable use of the applicant's property, and that the proposed zoning does. In order to determine what is reasonable use of the property, the proponent for the zoning change should consider one or more of the following:
 - a. Consideration of uses on adjacent properties that would limit the use of the site under consideration.
 - b. Consideration of unique or unusual physical or environmental limitations due to size, shape, topography or related hazards or deficiencies.
 - c. Consideration of changes in land value, physical environment or economic aspects which can be shown to limit the usefulness of vacant land or buildings.
 3. Potential uses permitted by the proposed rezoning will not be incompatible with existing neighborhood character nor will they overburden public facilities and infrastructure.
- The Planning Staff shall base rezoning analyses on these criteria but shall not be prohibited from factoring unique circumstances of the application into the analysis. The Planning and Zoning Commission may state in its recommendations to the Council: its concurrence with, or rejection of, any or all of the proponents' case for the suggested amendment, and/or its position relative to proponents' statements on the case. Planning Staff analyses and recommendations shall be forwarded to the Council along with the Commission's recommendations.
- E. Rezoning approval criteria: Before the Council votes to approve a rezoning, there should be reasonable factual proof by the applicant that:
1. The proposed map amendment is in compliance, or is not in conflict, with the goals and recommendations of the St. Charles Parish Comprehensive Plan and Future Land Use Map, also
 2. The proposed map amendment does not negatively impact the health, safety, and welfare of the community.

REZONING GUIDELINE & CRITERIA EVALUATION

1. *The proposed rezoning conforms to the land development pattern established by the St. Charles Parish Comprehensive Plan Future Land Use Map and does not create a spot zoning that is incompatible with the surrounding neighborhood.*

Lot G is designated *Low-to-Moderate Residential* on the Future Land Use Map (FLUM), which supports residential development, including mobile homes and single-family dwellings. Recommended zoning districts are R-1A, R-1B, and R-1A(M). The proposed M-1 zoning does not conform to this land use designation and is not considered under the recommended zoning districts. While the property is adjacent to an existing M-1 district, the proposed rezoning would extend industrial zoning further into a residential area without the support of the Comprehensive Plan. So while not having the appearance of a spot zone, it does not meet this guideline due to not furthering the Comprehensive Plan. **The request does not meet the first guideline.**

2. *The Land-use pattern or character has changed to the extent that the existing zoning no longer allows reasonable use of the applicant's property and the proposed zoning does.*

While the surrounding area includes a mix of residential, commercial, and industrial uses, staff find the existing R-1A(M) zoning remains reasonable and viable. Manufactured homes and single-family dwellings are still present on adjacent lots, and it is not apparent that the permitting of a residence is no longer feasible on Lot G. While several M-1 rezonings have been approved along Almedia Road, they occurred exclusively across from portions already zoned M-1 and where no residential development is present. Rezoning to M-1 on Lot G will allow industrial encroachment into an area which has maintained its residential/commercial character, which is supported by the Future Land Use Designation. **The request does not meet the second guideline.**

3. *Potential uses permitted by the proposed rezoning will not be incompatible with existing neighborhood character nor will they overburden public facilities and infrastructure.*

Lot G is located on Almedia Road, which is developed with a mix of residential and neighborhood commercial uses towards River Road and light industrial uses towards

Airline Drive. This subject site in particular is located where Almedia Road transitions from a residential/commercial area to an industrial corridor. Despite what appears to be a mix of uses and zoning around Lot G, the Department must give weight to the residential/commercial character of the area when evaluating this request, especially given the presence of either residential homes or neighborhood commercial located to three of Lot G’s four sides. This conclusion is supported by the FLUM designations in the area, which establish a clear line for where industrial development should begin or end. **The request does not meet the third guideline.**

DEPARTMENT RECOMMENDATION

Denial, does not meet any rezoning criteria.

This request will be forwarded with the Planning Commission’s recommendation to the Parish Council for a second public hearing and final determination.
