

**STATE OF LOUISIANA
LOUISIANA DEPARTMENT OF TRANSPORTATION AND DEVELOPMENT**

**ENTITY/STATE AGREEMENT
STATE PROJECT NO. H.013494
FEDERAL AID PROJECT NO. H013494
LA 52 (PH1): BLUEBERRY HILL – ANGUS DR
ST. CHARLES PARISH**

THIS AGREEMENT, is made and executed in three original copies on this _____ day of _____, 20___, by and between the **Louisiana Department of Transportation and Development**, through its Secretary, hereinafter referred to as “**DOTD**,” and **St. Charles Parish**, a political subdivision of the State of Louisiana, hereinafter referred to as “**Entity**”.

WITNESSETH: That;

WHEREAS, under the provisions of Title 23, United States Code, "Highways," as amended, funds have been appropriated out of the Highway Trust Fund to finance improvement projects under the direct administration of DOTD; and

WHEREAS, the Entity has requested an appropriation of funds to finance a portion of the Project as described herein; and

WHEREAS, the Entity understands that funding for this project is not a grant, but reimbursement/disbursement of eligible expenditures as provided herein; and

WHEREAS, if applicable, the Project is part of a Transportation Improvements Program (TIP), serving to implement the area wide transportation plan held currently valid by appropriate local officials and the MPO, and developed as required by Section 134 of Title 23, U.S.C.; and

WHEREAS, the Entity grants access within the project limits to DOTD and all necessary parties required to complete the project; and

WHEREAS, Federal Funds have been appropriated to finance improvement projects under the direct administration of DOTD; and

WHEREAS, DOTD is agreeable to the implementation of the Project and desires to cooperate with the Entity as hereinafter provided; and

WHEREAS, the Entity is required to attend the mandatory Qualification Core Training and to adhere to the Local Public Agency (LPA) Manual.

Entity/State Agreement
S.P. No. H.013494
F.A.P. No. H013494
LA 52 (PH1): Blueberry Hill – Angus Dr
St. Charles Parish
Page 2 of 24

NOW, THEREFORE, in consideration of the premises and mutual dependent covenants herein contained, the parties hereto agree as follows:

The foregoing recitals are hereby incorporated by reference into this agreement.

ARTICLE I: PROJECT DESCRIPTION

The improvement, hereinafter referred to as “Project,” that is to be undertaken under this Agreement is to remove and replace the existing roadway, construct a sidewalk and shared-use path, and install subsurface drainage, lighting, and landscaping in Luling and Boutte, St. Charles Parish, Louisiana.

For purposes of identification and record keeping, State and Federal Project Numbers have been assigned to this Project as follows: **State Project No. H.013494 and Federal Project No. H013494**. All correspondence and other documents pertaining to this project shall be identified with these project numbers.

The table below defines who will perform the work involved with each item listed in their respective articles, either directly with in-house staff or through a consultant or contractor. This table does not address funding.

Responsibility Table Roadway Control Section 845-03			
	Entity	DOTD	Comments
Roadway Owner	No	Yes	
Environmental Process	Yes	No	Environmental document prepared under H.004876
Pre-Construction Engineering	Yes	No	
Rights-of-Way			
Services	No	Yes	
Acquisition and Relocation	No	Yes	
Permits	No	Yes	
Utility (Clearance/Permits/Relocation)	No	Yes	
Construction	No	Yes	
Construction Engineering Administration and Inspection	No	Yes	
Construction Engineering Testing	No	Yes	
Non-Infrastructure Enhancements	Yes	No	

ARTICLE II: FUNDING

Except for services hereinafter specifically listed to be furnished solely at DOTD’s expense or solely at the Entity’s expense, the cost of this Project will be a joint participation between DOTD and the Entity, with DOTD or the Entity contributing the local match of the participating approved project Stage/Phase and the Federal Highway Administration, hereinafter referred to as “FHWA,” contributing Federal Funds through DOTD, as shown in the Funding Table. The Entity does, however, reserve the right to incorporate items of work into the construction contract not eligible for federal participation if it so desires, and at its own cost subject to prior DOTD and/or federal approval.

Funding Table¹			
Roadway Control Section 845-03			
Method of Payment	Disbursement		
	Percentage Funded By Entity ²	Percentage Funded By DOTD ^{3,4}	Comments
Environmental Process	100%	0%	
Pre-Construction Engineering	100%	0%	
Rights-of-Way			
Services	100%	0%	
Acquisition and Relocation	100%	0%	
Utility (Clearance/Permits/Relocation) ⁵	100%	0%	
Construction	20%	80%	80% Federal 0% State
Construction Engineering and Inspection	0%	100%	
Non-Infrastructure Enhancements	100%	0%	

¹Percentages are to be applied to the amount shown in the most current approved Transportation Improvement Program (TIP) including subsequent modifications and amendments. If in a non-MPO area, a Funding Commitment Letter will be used to identify the available funds.

²If DOTD holds contract on a Non-state route, any required matching funds and the DOTD administration fee must be paid to DOTD by the Entity prior to any preconstruction contract action or construction letting. If DOTD holds the contract on a State route, any required matching funds must be paid to DOTD by the Entity prior to any preconstruction contract action or construction letting.

³When DOTD consents to use its own staff to provide the required services, the staff will track their time and charge it to the cost of the Project at the indicated percentages.

⁴DOTD portion shall be funded by Federal Funds

⁵Includes railroads

The estimated percentage paid by the Entity, as shown in the Funding Table, is required to be remitted to DOTD prior to advertisement or commencement of any Stage/Phase for which DOTD will be designated as being responsible, as per the Responsibility Table.

In addition, if DOTD manages the contract for an off-system (locally owned) route for the Entity will, in advance of DOTD entering into any contract for any Stage/Phase, be required to pay for the DOTD's indirect costs associated with the administration of that

contract, at (the most current federally-approved administrative cost rate which shall be applied to the cost of the contract).

For construction contracts the Entity will be required to pay 1.2 times the amount described in the above paragraph, with the additional amount to be held in reserve for change orders and claims $\{(matching\ funds + payment\ for\ DOTD's\ indirect\ costs) \times 1.2\}$. The Entity will be required to send the funds for the designated Stage/Phase (preconstruction, construction, construction inspection) prior to the initiation of the Stage/Phase. In the event that the actual cost of the contract exceeds the preliminary cost estimate the Entity shall reimburse DOTD in an amount equal to the matching funds of the actual final cost in excess of said preliminary cost estimate, which shall be payable within 30 days of receipt of an invoice for same from DOTD. In the event that the actual cost of the contract is less than the said preliminary cost estimate and/or the amount held in reserve, as applicable, DOTD shall return to Entity funds in excess of the amount required in proportionate matching funds, based on actual cost incurred, as provided in the funding table.

For services for which the Entity will be designated as being responsible, as per the Responsibility Table, and which will receive Federal funding, as per the Funding Table, the Entity agrees it will not incur or expend any funds or provide a written Notice To Proceed (NTP) to any consultant or contractor prior to written notification from DOTD that they can begin work. Any costs incurred prior to such notification will not be compensable.

If Federal funding is indicated for a Stage/Phase for which the Entity is designated as being responsible and the *disbursement* method is chosen, as per the Funding Table, DOTD will pay to the Entity monthly the correct federal ratio of the approved project costs after the Entity has rendered such invoices. The invoices shall be submitted with a DOTD Cost Disbursement Certification, executed by the properly designated Entity official. The Entity is required to tender payment for the invoiced cost to the vendor promptly upon receipt of each disbursement of funds. Within sixty (60) days from receipt of payment from DOTD, Entity shall provide proof to DOTD of said payment to vendor.

If Federal funding is indicated for a Stage/Phase for which the Entity is designated as being responsible and the *reimbursement* method is chosen, as per the Funding Table, the Entity will submit an invoice monthly to DOTD with a copy of the cancelled check, in accordance with DOTD's standards and methods. Upon receipt of each invoice, DOTD will reimburse the percentage shown in the Funding Table within 30 days of determining that it is correct. The Entity must bill within 90 days of the incurrence of expense or receive a written waiver from their project manager extending the time of submittal.

All charges shall be subject to verification, adjustment, and/or settlement by DOTD's Audit Section. Before final payment is recommended by DOTD, all supporting documentation shall conform to DOTD policies and procedures. The Entity shall submit all final billings for all Stage/Phases of work within 90 days after the completion of the period of performance of this agreement. Failure to submit these billings within the specified 90 day period shall result in the Project being closed on previously billed amounts and any unbilled cost shall be the responsibility of the Entity. The Entity shall reimburse DOTD any and all amounts for services which are cited by DOTD as being noncompliant with federal/state laws and/or regulations. The cited amounts which are reimbursed by the Entity will be returned to the Entity upon clearance of the citation(s).

Should the Entity fail to reimburse DOTD the cited amounts within a thirty day period after notification, all future payment requests from the Entity will be held until the cited amounts are exceeded, at which time only the amount over the cited amounts will be released for payment. Additionally, no new Local Public Agency projects for the Entity will be approved until such time as the cited amount is reimbursed to DOTD.

ARTICLE III: PROJECT RESPONSIBLE CHARGE

Federal regulation provision 23 CFR 635.105 requires a full-time employee of the Entity to be in "Responsible Charge" of the Project for the Stages/Phases for which the Entity is designated as being responsible, as per the Responsibility Table, with the exception of the construction Stage/Phase on state routes. The LPA Responsible Charge need not be an engineer. DOTD will serve as the Responsible Charge for the construction engineering and inspection portion of the Project on state routes. The LPA Responsible Charge is expected to be accountable for the Project and to be able to perform the following duties and functions:

- Administer inherently governmental project activities, including those dealing with cost, time, adherence to contract requirements, construction quality and scope of Federal-aid projects;
- Maintain familiarity of day to day project operations, including project safety issues;
- Make or participate in decisions about changed conditions or scope changes that require change orders or supplemental agreements;
- Visit and review the Project on a frequency that is commensurate with the magnitude and complexity of the Project;
- Review financial processes, transactions and documentation to ensure that safeguards are in place to minimize fraud, waste, and abuse;
- Direct project staff, agency or consultant, to carry out project administration and

- contract oversight, including proper documentation;
- Be aware of the qualifications, assignments and on-the-job performance of the agency and consultant staff at all Stage/Phases of the Project.
- Review QA/QC forms, Constructability/Biddability Review form, and all other current DOTD quality assurance documents.

The above duties do not restrict an Entity's organizational authority over the LPA Responsible Charge or preclude sharing of these duties and functions among a number of public Entity employees. It does not preclude one employee from having responsible charge of several projects and directing project managers assigned to specific projects.

The Entity at the time of execution of this Agreement shall complete, if not previously completed, the LPA Responsible Charge Form and submit it to the Project Manager. The Entity is responsible for keeping the form updated and submitting the updated form to the Project Manager.

In accordance with 23 CFR 635.105, DOTD will provide a person in "responsible charge" that is a full-time employed state engineer for Stages/Phases for which DOTD is designated as being responsible, as per the Responsibility Table. For Stages/Phases for which DOTD is designated as being responsible, as per the Responsibility Table, the Entity will also provide an LPA Responsible Charge, but that person will have the following modified duties.

- Acts as primary point of contact for the Entity with the DOTD;
- Participate in decisions regarding cost, time and scope of the Project, including changed / unforeseen conditions or scope changes that require change orders or supplemental agreements;
- Visit and review the Project on a frequency that is appropriate in light of the magnitude and complexity of the Project; or as determined by the DOTD Responsible Charge;
- Provide assistance or clarification to DOTD and its consultants, as requested;
- Attend project meetings as determined by the DOTD Responsible Charge; and shall attend the Project's "Final Inspection";
- Be aware of the qualifications, assignments and on-the-job performance of the agency and consultant staff at all Stage/Phases of the Project as requested by the DOTD Responsible Charge;
- Review QA/QC forms, Plan Constructability/Biddability Review form, and other current DOTD quality assurance documents as requested by the DOTD Responsible Charge

ARTICLE IV: PERIOD OF PERFORMANCE

If the Tables indicate that Federal funds are used for an authorized Stage/Phase of the project, a period of performance is required for the authorized Stage/Phase. As per 2 CFR 200.309, the Period of Performance is a period when project costs can be incurred; specifically, a project Stage/Phase authorization start and end date. Any additional costs incurred after the end date are not eligible for reimbursement. The Project Manager will send the LPA a Period of Performance written notification which will provide begin and end dates for each authorized project Stage/Phase and any updates associated with the dates.

ARTICLE V: CONSULTANT SELECTION

If the Funding Tables indicate that Federal funds are used for a Stage/Phase of the project in which consulting services will be performed, DOTD shall advertise and select a consulting firm for the performance of the services necessary to fulfill the scope of work unless the Entity has a selection process which has been previously approved by FHWA and DOTD for the designated Stage/Phase. Following the selection of the consulting firm by DOTD, if applicable, and if the Responsibility Table specifies that the Entity holds the contract, the Entity shall enter into a contract (prepared by DOTD) with the consulting firm for the performance of all services required for the Stage/Phase. The Entity may make a non-binding recommendation to the DOTD Secretary on the consultant shortlist. If the Entity makes a selection pursuant to its approved procedures, the Entity shall submit to DOTD the draft contract for approval prior to execution. No sub-consultants shall be added to the Project without prior approval of the DOTD Consultant Contract Services Administrator. The specified services will be performed by the selected consultant under the direct supervision of the LPA Responsible Charge, who will have charge and control of the Project at all times.

Formal written notification from DOTD of federal authorization is required prior to the issuance of an NTP by the Entity. Any costs which the Entity expects to be reimbursed prior to such authorization will not be compensable prior to the NTP date or if performed outside of the period of performance of this agreement.

The Entity shall be responsible for any contract costs attributable to the errors or omissions of its consultants or sub-consultants.

If **DOTD** is designated as being responsible to complete the Stage/Phase, as per the Responsibility Table, DOTD will perform the specified services.

As per the Funding Table, if the **Entity** is responsible for all costs associated with a

Stage/Phase, and the Responsibility Table indicates the Entity is the contract holder, the Entity shall either conduct the specified services or advertise and select a consulting firm (if not previously selected) for the performance of services necessary to fulfill the scope of work for the designated Stage/Phase. If a consulting firm is selected, the Entity shall enter into a contract with the selected firm for the performance of the services. The Entity is prohibited from selecting or approving any consultant or sub-consultant who is on DOTD's disqualified list or who has been debarred pursuant to LSA-R.S. 48:295.1 et seq.

ARTICLE VI: ENVIRONMENTAL PROCESS

If it is specified in the Funding Table, the environmental process is eligible as a project cost.

The Responsibility Table defines whether DOTD or the Entity shall be obligated to complete the work specified in this Article.

The Project will be developed in accordance with the National Environmental Policy Act (NEPA), as amended, and its associated regulations. Additionally, the Project will comply with all applicable State and Federal laws, regulations, rules and guidelines, in particular 23 CFR Parts 771, 772, and 774, along with the latest version of DOTD's "Stage/Phase 1: Manual of Standard Practice" and "Environmental Manual of Standard Practice." All Stage/Phase 1, environmental documents, and public involvement proposals, prepared by or for the Entity, shall be developed under these requirements and shall be submitted to DOTD for review and comment prior to submittal to any agency.

ARTICLE VII: PRE-CONSTRUCTION ENGINEERING

If it is specified in the Funding Table, pre-construction engineering is eligible as a project cost.

The Responsibility Table defines whether DOTD or the Entity shall be obligated to complete the work specified in this Article. In the event that the Entity is obligated to complete this work and contracts with a third party to perform the work, and DOTD is obligated to complete any subsequent work, DOTD and the Entity agree that any rights that the Entity may have to recover from the provider of pre-construction engineering services shall be transferred to DOTD.

The Engineer of Record shall make all necessary surveys, prepare plans, technical specifications and cost estimates and complete any and all required documentation for the Project in accordance with the applicable requirements of the latest edition of the Louisiana Standard Specifications for Roads and Bridges, applicable requirements of 23 CFR Part

630 (“Preconstruction Procedures”), and the following specific requirements:

The design standards shall comply with the criteria prescribed in 23 CFR Part 625 (“Design Standards For Highways”) and DOTD guidelines. The format of the plans shall conform to the latest standards used by DOTD in the preparation of its contract plans for items of work of similar character. Conformance to the applicable Publications and Manuals found on the DOTD website is required. The deliverables must incorporate all applicable *accessibility* codes and all related regulations including but not limited to: ADAAG, 2010 ADA Standards for Accessible Design, MUTCD, PROWAG, Section 504 of the

Rehabilitation Act of 1973, 23 CFR 450, State DOT Regulations, USDOT, 49 CFR Part 37. For information on acronyms see the LPA Manual located on the DOTD website (http://wwwsp.dotd.la.gov/Inside_LaDOTD/Divisions/Administration/LPA/Pages/default.aspx).

The standard procedures and expectations to be used for this Project will be identified in the kickoff/pre-design meeting.

For projects including lighting systems, the Entity will execute a lighting agreement. The Entity shall also provide DOTD with documentation of the utility/electrical service account in the Entity’s name where projects are built on state rights-of-way.

ARTICLE VIII: RIGHT-OF-WAY ACQUISITION AND RELOCATION

If it is specified in the Funding Table, right-of-way acquisition is eligible as a project cost.

The Responsibility Table defines whether DOTD or the Entity shall be obligated to complete the work specified in this Article.

If right-of-way is required for this Project, acquisition of all real property and property rights required for this Project shall be in accordance with all applicable State and Federal laws, including Title 49 CFR, Part 24 as amended; Title 23 CFR, Part 710 as amended; DOTD’s Right-of-Way Manual; DOTD’s LPA Right-of-Way Manual; DOTD’s Guide to Title Abstracting and any additional written instructions as given by the DOTD Real Estate Section.

Design surveys, right-of-way surveys and the preparation of right-of-way maps shall be performed in accordance with the requirements specified in the current edition of the “Location & Survey Manual.”

The Entity shall sign and submit the LPA Assurance Letter to the DOTD Real Estate

Section annually. As soon as it is known that the acquisition of right-of-way is required for this Project, the Entity shall contact the DOTD Real Estate Section for guidance.

DOTD or the Entity, as per the Responsibility Table, shall ensure that the design of the Project is constrained by the existing right-of-way or the right-of-way acquired for the Project, as shown on the construction plans. When applicable, the Entity will send to the Project Manager a letter certifying that the Project can be built within the right-of-way.

If right-of-way was acquired by the Entity, the letter should also state that the acquisition was performed according to state and federal guidelines, as mentioned above, and it is understood that liability and any costs incurred due to insufficient right-of-way are the responsibility of the Entity.

ARTICLE IX: TRANSFER AND ACCEPTANCE OF RIGHT-OF-WAY

If the Responsibility Table indicates that parcels of land shall be acquired by DOTD as right-of-way for the Project and if the roadway shall not remain in the State Highway System after completion and acceptance of the Project, these parcels shall be transferred by DOTD, in full ownership, to the Entity, upon the Final Acceptance of the Project by the DOTD Chief Engineer. The consideration for this transfer of ownership is the incorporation of the property and its improvements, if any, into the Entity's road system and the assumption by the Entity of the obligations to maintain and operate the property and its improvements, if any, at its sole cost and expense.

If the Responsibility Table indicates that parcels of land shall be acquired by the Entity as right-of-way for the Project and the roadway shall not remain in the Entity's Highway System after completion and acceptance of the Project, these parcels shall be transferred by the Entity to DOTD, in full ownership, upon final inspection and acceptance of the Project by the DOTD. The consideration for this transfer of ownership is the incorporation of the property and its improvements, if any, into the State Highway System and the assumption by the State of the obligations to maintain and operate the property and its improvements, if any, at DOTD's sole cost and expense.

Furthermore, both DOTD and the Entity agree to hold harmless and indemnify and defend the other party against any claims of third persons for loss or damage to persons or property resulting from the failure to maintain or to properly sign or provide and maintain signals or other traffic control devices on the property acquired pursuant to this Agreement.

ARTICLE X: PERMITS

The Responsibility Table defines whether DOTD or the Entity shall be obligated to obtain

the permits and the approvals necessary for the Project, whether from private or public individuals and pursuant to local, State or Federal rules, regulations, or laws.

ARTICLE XI: UTILITY RELOCATION/RAILROAD COORDINATION

If specified in the Funding Table, companies that have compensable interest and whose utilities must be relocated will be reimbursed relocation costs from project funds.

The responsible party, as defined in the Responsibility Table, shall be obligated to obtain, from affected utility companies or railroads, all agreements and designs of any required systems or relocations.

Entity will be required to obtain relocation and other necessary agreements related to utilities or railroads on Entity owned routes. The Entity will be required to submit a Utility Assurance Letter to the DOTD Project Manager prior to the letting of the Project.

The Entity is responsible for any and all costs associated with utility relocations, adjustments and construction time delays on non-state routes after the project is awarded.

If the Entity is the responsible party, then it shall comply with all utility relocation processes as specified in the LPA Manual.

DOTD will obtain agreements to relocate utilities and coordinate with railroads on state routes.

ARTICLE XII: BIDS FOR CONSTRUCTION

DOTD shall prepare construction proposals, advertise for and receive bids for the work, and award the contract to the lowest responsible bidder. Construction contracts will be prepared by DOTD after the award of contract.

For Entity held contracts, DOTD will advertise for and receive bids for the work in accordance with DOTD's standard procedures. All such bids will be properly tabulated, extended, and summarized to determine the official low bidder. DOTD will then submit copies of the official bid tabulations to the Entity for review and comment while the DOTD Review Committee will concurrently analyze the bids. The award of the contract shall comply with all applicable State and Federal laws and the latest edition of the Louisiana Standard Specifications for Roads and Bridges. The Entity will be notified when the official low bid is greater than the estimated construction costs. The contract will be awarded by DOTD on behalf of the Entity following the favorable recommendation of award by the DOTD Review Committee and concurrence by the Federal Highway

Administration (FHWA) and the Entity. The Entity is responsible for all costs above the amounts shown in their MPO's TIP and must acknowledge this with an approval letter, unless additional state/Federal funds are made available. DOTD will transmit the construction contract to the Entity for its further handling toward execution. The Entity will be responsible for construction contract recordation with the Clerk of Court in the Project's parish. A receipt of filing shall be sent to DOTD Financial Services Section. DOTD will, at the proper time, inform the Entity in writing to issue to the contractor an official NTP for construction.

ARTICLE XIII: CONSTRUCTION ENGINEERING AND INSPECTION

If it is specified in the Funding Table, construction engineering and inspection is eligible as a project cost.

The Responsibility Table defines whether DOTD or the Entity shall be obligated, to complete the work specified in this Article.

If DOTD is obligated to complete the work specified in this Article, DOTD will perform the construction engineering and inspection using funds as specified in the Funding Table.

If the Entity is obligated to complete the work specified in this Article, the Entity will either perform the construction engineering and inspection with in-house staff or will hire a consultant to perform the work. If federal funds are specified in the Funding Table for construction engineering and inspection, the selection of any consultant will be as provided in Article V, above. The construction engineering and inspection must be performed by a professional licensed to perform the type of work being performed.

DOTD will assign a representative from a District Office to serve as the District Project Coordinator during project construction. The District Project Coordinator will make intermittent trips to the construction site to ensure that the construction contractor is following established construction procedures and that applicable federal and state requirements are being enforced. The District Project Coordinator will advise the LPA Responsible Charge of any discrepancies noted and, if necessary, will direct that appropriate remedial action be taken. Failure to comply with such directives will result in the withholding of Federal funds by DOTD until corrective measures are taken by the Entity.

Except where a deviation has been mutually agreed to in writing by both DOTD and the Entity, the following specific requirements shall apply:

1. When it is stipulated in the latest edition of the Louisiana Standard Specifications

for Roads and Bridges that approval by the Project Engineer or DOTD is required for equipment and/or construction procedures, such approval must be obtained through the DOTD Construction Section. All DOTD policies and procedures for obtaining such approval shall be followed.

2. All construction inspection personnel utilized by the Entity and/or the Entity's consultant must meet the same qualifications required of DOTD construction personnel. When certification in a specific area is required, these personnel must meet the certification requirements of DOTD. Construction inspection personnel shall be responsible for ensuring conformity with the plans and specifications.

3. All construction procedures must be in accordance with DOTD guidelines and policies established by the latest editions of the Construction Contract Administration Manual, the Engineering Directives and Standard Manual (EDSM), and any applicable memoranda. DOTD shall make these documents available to the Entity for use by project personnel.

4. Construction documentation shall be performed in Site Manager by the Entity or the Entity's consultant. All documentation of pay quantities must conform to the requirements of DOTD as outlined in the Construction Contract Administration Manual, latest edition. DOTD shall make these documents available to the Entity for use by project personnel.

5. Quality assurance personnel must follow appropriate quality assurance manuals for all materials to be tested and ensure that proper sampling and testing methods are used. Sampling shall be done in accordance with DOTD's Sampling Manual or as directed by DOTD through Site Manager Materials.

6. If the Entity is obligated to perform testing, as per the Responsibility Table, the Entity will be responsible for all costs associated with the material testing, and any utilized laboratory must be accredited and approved by DOTD. Approved accreditation companies are listed on the Materials Lab website. DOTD may, in its sole discretion, if appropriate and if requested by the Entity, perform testing at its Material Testing lab.

7. All laboratory personnel utilized by the Entity and/or the Entity's consultant must meet the same qualifications required of DOTD laboratory personnel. When certification in a specific area is required, these personnel must meet the certification requirements of DOTD.

8. Shop drawing review is the responsibility of the design engineer.

9. The Entity or the Entity's consultant shall prepare and submit the final records to DOTD within a maximum of 30 days from the date of recordation of the acceptance of the project for projects under \$2 million and 60 day for projects over \$2 million.

The Consultant and/or the Entity shall be required to comply with all parts of this section while performing duties as Project Engineer.

ARTICLE XIV: SUBCONTRACTING

Any subcontracting performed under this Project with state or federal funds either by consulting engineers engaged by the Entity or the construction contractor must have the prior written consent of DOTD. In the event that the consultant or the contractor elects to sublet any of the services required under this contract, it must take affirmative steps to utilize Disadvantaged Business Enterprises (DBE) as sources of supplies, equipment, construction, and services. Affirmative steps shall include the following:

- (a) Including qualified DBE on solicitation lists.
- (b) Assuring that DBE are solicited whenever they are potential sources.
- (c) When economically feasible, dividing total requirements into smaller tasks or quantities so as to permit maximum DBE participation.
- (d) Where the requirement permits, establishing delivery schedules which will encourage participation by DBE.
- (e) Using the services and assistance of the Office of Disadvantaged Business Enterprise of the Department of Commerce and the Community Services Administration as required.

Also, the Contractor is encouraged to procure goods and services from labor surplus areas.

ARTICLE XV: DBE REQUIREMENTS

It is the policy of DOTD that it shall not discriminate on the basis of race, color, national origin, or gender in the award of any United States Department of Transportation (US DOT) financially assisted contracts or in the administration of its DBE program or the requirements of 49 CFR Part 26. DOTD shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of US DOT assisted contracts. The DBE program, as required by 49 CFR Part 26 and as approved by US DOT, is incorporated by reference in this agreement. Implementation of this program

is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement.

The Entity or its consultant agrees to ensure that the “Required Contract Provisions for DBE Participation in Federal Aid Construction Contracts” are adhered to for the duration of this Project. These contract provisions shall apply to any project with a DBE Goal and must be included in the requirements of any contract or subcontract. Failure to carry out the requirements set forth shall constitute a breach of this agreement and, after notification by DOTD, may result in DOTD withholding funds, termination of this agreement by DOTD, or other such remedy as DOTD deems appropriate.

DOTD will include as part of the solicitation of bids a current list containing the names of firms that have been certified as eligible to participate as a DBE on US DOT assisted contracts. This list indicates the project numbers and letting date for which this list is effective. Only DBEs listed on this list may be utilized to meet the established DBE goal for these projects. It is the Entity or its contractor’s responsibility to monitor that only the certified DBEs committed to this Project are performing the work items they were approved for.

The above requirements shall be included in all contract and/or subcontracts entered into by the Entity or its contractor.

ARTICLE XVI: DIRECT AND INDIRECT COSTS

Any DOTD direct or indirect costs associated with this Project may be charged to this Project.

If the Entity is indicated in the Responsibility Table as being responsible for a Stage/Phase, the Entity may be eligible for reimbursement of direct and/or indirect costs incurred related to administration of the contract for such Stage/Phase. Per 2 CFR 200, an Entity must establish and maintain effective internal controls over Federal award to provide reasonable assurance that awards are being managed in compliance with federal laws and regulations. The Entity must verify this to DOTD by completing and signing the Risk Assessment form. The Entity’s failure to comply with these requirements may result in Agreement termination.

As per 2 CFR 200 the Entity may receive indirect costs if it has a financial tracking system that can track direct costs incurred by the project. An Entity that has never received a negotiated indirect cost rate may elect to charge a de minimis rate of 10% of modified total direct costs as per 2CFR 200.68 Modified Total Direct Cost (MTDC). If chosen, this methodology once elected must be used consistently for all Federal awards until such time

as the Entity chooses to negotiate for a rate, which the Entity may apply to do at any time.

Allowable direct and indirect costs: Determination of allowable direct and indirect costs will be made in accordance with the applicable Federal cost principles, e.g. 2 C.F.R. Part 200 Subpart E.

Disallowed direct and indirect costs: Those charges determined to not be allowed in accordance with the applicable Federal cost principles or other conditions contained in this Agreement.

ARTICLE XVII: RECORD RETENTION

The Entity and all others employed by it in connection with this Project shall maintain all books, documents, papers, accounting records, and other evidence pertaining to this Project, including all records pertaining to costs incurred relative to the contracts initiated due to their participation Stage/Phases for this Project, and shall keep such material available at its offices at all reasonable times during the contract period and for five years from the date of final payment under the Project, for inspection by DOTD and/or Legislative Auditor, FHWA, or any authorized representative of the Federal Government under State and Federal Regulations effective as of the date of this Agreement and copies thereof shall be furnished if requested. If documents are not produced, the Entity will be required to refund the Federal Funds.

For all Stage/Phases for which the Entity is designated as being responsible, as per the Responsibility Table, the final invoice and audit shall be hand delivered to DOTD.

Record retention may extend beyond 5-years if any of the following apply:

- (a) If any litigation, claim, or audit is started before the expiration of the 5-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken.
- (b) When the Entity is notified in writing by FHWA, cognizant agency for audit, oversight agency for audit, cognizant agency for indirect costs, or pass-through Entity to extend the retention period.
- (c) Records for real property and equipment acquired with Federal funds must be retained for 3 years after final disposition.

ARTICLE XVIII: CANCELLATION

The terms of this Agreement shall be binding upon the parties hereto until the work has been completed and accepted and all payments required to be made have been made; however, this Agreement may be terminated under any or all of the following conditions:

1. By mutual agreement and consent of the parties hereto.
2. By the Entity should it desire to cancel the Project prior to the receipt of bids, provided any Federal/State costs that have been incurred for the development of the Project shall be repaid by the Entity.
3. By DOTD due to the withdrawal, reduction, or unavailability of State or Federal funding for the Project.
4. By DOTD due to failure by the Entity to progress the Project forward or follow the specific program guidelines (link found on the LPA website). The Program Manager will provide the Entity with written notice specifying such failure. If within 60 days after receipt of such notice, the Entity has not either corrected such failure, or, in the event it cannot be corrected within 60 days, begun in good faith to correct said failure and thereafter proceeded diligently to complete such correction, then DOTD shall terminate the Agreement on the date specified in such notice. Any Federal/State costs that have been incurred for the development of the Project shall be repaid by the Entity to DOTD. The Entity will not be eligible for other LPA projects for a minimum of 12 months or until any repayment is rendered.
5. If the project has not progressed to construction within the time periods provided for below, then the Project will be cancelled and all expended Federal funds must be refunded to DOTD.

(1) Project for acquisition of rights-of-way. In the event that actual construction on this right-of-way is not undertaken by the close of the twentieth fiscal year following the fiscal year in which the project is authorized, the Entity will repay to DOTD the sum or sums of Federal funds paid under the terms of this agreement.

(2) Preliminary engineering project. In the event that right-of-way acquisition, or actual construction, for which this preliminary engineering is undertaken is not started by the close of the tenth fiscal year following the fiscal year in which the project is authorized, the Entity will repay to DOTD the sum or sums of Federal funds paid to the transportation department under the terms of the agreement.

6. Failure to comply with the requirements of 2 C.F.R. 200.302 and Title 23, U.S.C.

ARTICLE XIX: COMPLIANCE WITH CIVIL RIGHTS

The Entity agrees to abide by the requirements of the following as applicable: Titles VI and VII of the Civil Rights Act of 1964, as amended; the Equal Employment Opportunity Act of 1972, as amended; Federal Executive Order 11246, as amended; Section 504 of the Rehabilitation Act of 1973, as amended; the Vietnam Era Veteran's Readjustment Assistance Act of 1974, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975; the Americans with Disabilities Act of 1990, as amended; and Title II of the Genetic Information Nondiscrimination Act of 2008.

The Entity agrees not to discriminate in its employment practices, and shall render services under this Contract without regard to race, color, age religion, sex, gender identity, national origin, veteran status, genetic information, political affiliation or disabilities.

Any act of discrimination committed by the Entity, or failure to comply with these statutory obligations when applicable shall be grounds for termination of this Agreement.

ARTICLE XX: INDEMNIFICATION

The Entity shall indemnify, save harmless and defend DOTD against any and all claims, losses, liabilities, demands, suits, causes of action, damages, and judgments of sums of money growing out of, resulting from, or by reason of any act or omission of the Entity, its agents, servants, independent contractors, or employees while engaged in, about, or in connection with the discharge or performance of the terms of this Agreement. Such indemnification shall include reasonable attorney's fees and court costs. The Entity shall provide and bear the expense of all personal and professional insurance related to its duties arising under this Agreement.

If the Project includes sidewalks, landscaping, shared use paths, lighting, or any other non-roadway enhancement, the Entity shall indemnify, save harmless and defend DOTD against any and all claims, losses, liabilities, demands, suits, causes of action, damages, and judgments of sums of money growing out of the installation and the use of these items. Such indemnification shall include reasonable attorney's fees and court costs. The Entity shall provide and bear the expense of all personal and professional insurance related to its duties arising under this Agreement.

ARTICLE XXI: CONSTRUCTION, FINAL INSPECTION AND MAINTENANCE

Construction– DOTD

In the event that DOTD is designated as being responsible to perform Construction, as per the Responsibility Table, the following provisions shall apply:

If **DOTD** is the roadway owner of any control section of the Project, as per the Responsibility Table, then upon the Final Acceptance of the Project by DOTD and delivery of the Final Acceptance to the Entity, DOTD shall assume the ownership and maintenance of the specified improvement at its expense in a manner satisfactory to FHWA. The Final Acceptance shall be recorded by DOTD in the appropriate parish. Before making the final inspection, DOTD shall notify the Entity so that they may have representatives present for such inspection.

If the **Entity** is the roadway owner of any control sections of the Project, as per the Responsibility Table, then upon the Final Acceptance of the Project and delivery of the Final Acceptance to the Entity, the Entity shall assume the ownership and maintenance of the specified improvement at its expense in a manner satisfactory to FHWA. The Final Acceptance shall be recorded by DOTD in the appropriate parish. Before making the final inspection, DOTD shall notify Entity so that they may have representatives present for such inspection.

If the Project includes sidewalks, landscaping, shared use paths, lighting, or any other non-roadway enhancement, whether such improvements are located on right-of-way owned by DOTD or the Entity, upon the Final Acceptance of the Project, the Entity shall assume the ownership and maintenance of all such improvements at its expense in a manner satisfactory to FHWA.

If the Entity is the roadway owner of a control section, as per the Responsibility Table, title to that control section right-of-way shall be vested in the Entity but shall be subject to DOTD and FHWA requirements and regulations concerning abandonment, disposal, encroachments and/or uses for non-highway purposes.

Construction– Entity

In the event that the Entity is designated as being responsible to perform Construction, as per the Responsibility Table, the following provisions shall apply:

If **DOTD** is the roadway owner of any control section of the Project, as per the Responsibility Table, then before making the final inspection, the Entity shall notify

DOTD's District Administrator and District Project Coordinator so that they may have representatives present for such inspection. Upon completion and Final Acceptance of the Project, the Entity will adopt a resolution granting a Final Acceptance to the contractor and record it with the Clerk of Court in the appropriate parish. The receipt of filing from the courthouse must be sent to the DOTD Construction Section. Upon delivery of the Final Acceptance to DOTD, DOTD shall assume the ownership and maintenance of the specified improvement at its expense in a manner satisfactory to FHWA. The Final Acceptance shall be recorded by the Entity in the appropriate parish. Before making the final inspection, the Entity shall notify DOTD so that they may have representatives present for such inspection.

If the **Entity** is the roadway owner of any control sections of the Project, as per the Responsibility Table, before making the final inspection, the Entity shall notify DOTD's District Administrator and District Project Coordinator so that they may have representatives present for such inspection. Upon completion and Final Acceptance of the Project, the Entity will adopt a resolution granting a Final Acceptance to the contractor and record it with the Clerk of Court in the appropriate parish. The receipt of filing from the courthouse must be sent to the DOTD Construction Section. Upon delivery of the Final Acceptance to DOTD, the Entity shall assume the ownership and maintenance of the specified improvement at its expense in a manner satisfactory to DOTD and FHWA.

If the Project includes sidewalks, landscaping, shared use paths, lighting, or any other non-roadway enhancement, then upon the Final Acceptance of the Project and delivery of the Final Acceptance to DOTD, the Entity shall assume the ownership and maintenance of all such improvements at its expense in a manner satisfactory to FHWA.

If the Entity is the roadway owner of a control section, as per the Responsibility Table, title to that control section right-of-way shall be vested in the Entity but shall be subject to DOTD and FHWA requirements and regulations concerning abandonment, disposal, encroachments and/or uses for non-highway purposes.

ARTICLE XXII: HOUSE BILL 1 COMPLIANCE

The Entity shall fully comply with the provisions of House Bill 1, if applicable, by submitting to DOTD, for approval, the comprehensive budget for the Project showing all anticipated uses of the funds appropriated, an estimate of the duration of the Project, and a plan showing specific goals and objectives for the use of the appropriated funds, including measures of performance.

The Entity understands and agrees that no funds will be transferred to the Entity prior to receipt and approval by DOTD of the submissions required by House Bill 1.

**LIGHTING AGREEMENT
STATE PROJECT NO. H.013494
FEDERAL AID PROJECT NO. H013494
LA 52 (PH1): BLUEBERRY HILL – ANGUS DR
ST. CHARLES PARISH**

THIS AGREEMENT, is made and executed in three originals on this _____ day of _____, 20__, by and between the **Louisiana Department of Transportation and Development**, through its Secretary, hereinafter referred to as **DOTD**, and **St. Charles Parish**, a political subdivision of the State of Louisiana, hereinafter referred to as **Entity**.

WITNESSETH That:

WHEREAS, the Entity proposes to construct and install a roadway lighting system along LA 52 from Blueberry Hill Street to Angus Drive (hereinafter, sometimes referred to as the “Project”), provided that, upon completion of the system, Entity will assume ownership and all liability and responsibility for said system, including all future maintenance and operation costs thereof; and

WHEREAS, the DOTD is agreeable to the installation of the roadway lighting system; and

WHEREAS, after the construction contract is complete, Entity agrees to assume ownership and all liability and responsibility for said system, including, but not limited to, all maintenance and operation and the costs thereof, to include, but not be limited to, repair, replacement and energy costs, in accordance with the provisions set forth hereinafter; and

NOW, THEREFORE, in consideration of the premises and mutual dependent covenants herein contained, the parties hereto agree as follows:

ARTICLE I: PROJECT IDENTIFICATION

The recitals set forth above are hereby incorporated herein and expressly made a part of this Agreement.

For purposes of identification and record keeping, State and Federal Project Numbers have been assigned to this project as follows: **State Project No. H.013494 and Federal Project No. H013494.**

ARTICLE II: SCOPE OF SERVICES

Entity shall, at its expense, prepare complete plans and specifications for the proposed Project within the limits established in the above preamble. DOTD will construct, install and supervise the construction and/or installation of the Project.

The goal of the Project is to construct a highway lighting system at the above specified location that meets the objectives, deliverables and performance measures as determined and dictated by the Project plans and specifications for State Project No. H.013494 and Federal Aid Project No. H013494, which are incorporated herein by reference.

ARTICLE III: FUNDING/PAYMENT

The estimated construction cost is the amount shown in the most current approved Transportation Improvement Program (TIP) including subsequent modifications and amendments. Entity agrees to pay to the order of DOTD, 20% of the estimated construction cost of the project, prior to advertisement for construction.

The parties agree that the estimated project costs payable to DOTD represent the estimated amounts necessary to construct this project and that cost underruns or overruns may occur. After completion and final acceptance of the project and expiration of the forty-five (45) day lien period, final costs shall be determined. If the final calculation of costs determines that there is an overrun, then Entity shall pay its proportionate share of the amount of the overrun to DOTD immediately upon receipt of an invoice. If, however, the final calculation of costs determines that Entity overpaid DOTD, then DOTD shall reimburse Entity the proportionate share of the underrun relative to the matching funds paid by Entity not later than thirty (30) days after completion of the final estimate.

ARTICLE IV: PRECONSTRUCTION OBLIGATIONS OF ENTITY

Prior to the construction and installation of the lighting system, Entity shall submit to DOTD for approval a copy of its Operational Plan which covers managing, financing, inspecting, and repairing the system, all as outlined in the latest edition of the DOTD publication "A GUIDE TO CONSTRUCTING, OPERATING, AND MAINTAINING HIGHWAY LIGHTING SYSTEMS". Entity shall provide DOTD with documentation of the utility services account in Entity's name.

ARTICLE V: FINAL ACCEPTANCE AND TRANSFER

The DOTD shall be responsible for making the final inspection and Final Acceptance of the project. Before making final inspection, DOTD shall give Entity a minimum of two (2) weeks notification, so that Entity may have representatives present to participate in the final inspection. DOTD shall provide Entity with a copy of the Final Acceptance letter. Entity shall record the Final Acceptance letter in the conveyance records of the Parish of St. Charles, and shall provide a

certified copy of said recordation to DOTD project manager. Entity shall record this Agreement and provide a certified copy of said recordation to the DOTD permit section at the time of permit application.

Upon completion and Final Acceptance of the lighting system by DOTD, Entity will immediately assume ownership of the lighting system and shall be responsible for all maintenance, operation and repair of the lighting system at Entity's sole expense for as long as the right-of-way upon which the project is located remains in the State Highway System, including, but not limited to, the energizing of the system and the repair and/or replacement of any elements of the system which may malfunction or become damaged.

Entity hereby takes notice that upon issuance of the Final Acceptance the one (1) year warranty period begins, and in order to maintain the viability of said warranty, all work performed during the warranty period should be one performed by the construction contractor.

Entity agrees that, at any time after Final Acceptance, Entity shall be responsible for marking the field location and depth of all underground conduits and components of the lighting system within DOTD's right of way within forty-eight (48) hours, excluding weekends and holidays, of receiving written request for same from DOTD.

The party constructing the system shall provide the other party with a copy of the as-built plans indicating the location and depth of the lighting system's underground conduits and components.

ARTICLE VI: AMENDMENTS/MODIFICATIONS

This Agreement may be amended or modified at any time by mutual consent of the parties, provided, however, that any modification, amendment, alteration, variation, or waiver of any provision(s) of this Agreement shall be valid only when it has been reduced to writing and executed by all parties.

Any permit required by this Agreement may be modified as provided by law.

ARTICLE VII: TERM

This Agreement shall commence on the date first written above and shall remain in effect until all the work has been completed and accepted, all payments required to be made have been made, and all obligations and conditions contained herein have been satisfied.

ARTICLE VIII: TERMINATION

This Agreement may be terminated under any of the following conditions:

1. By mutual written agreement and consent of the parties hereto; or

2. By DOTD by giving thirty (30) days written notice to Entity; or
3. By Entity should it desire to cancel the Project prior to the advertisement thereof, provided any federal/state costs that have been incurred for the development of the project shall be repaid by Entity.

ARTICLE IX: NONASSIGNABILITY

Neither DOTD nor Entity shall assign any interest in this Agreement by assignment, transfer, or novation, without prior written consent of the other party.

ARTICLE X: RECORD KEEPING/AUDITS

The parties will maintain all documents, papers, file books, accounting records, appropriate financial records and other evidence related to costs incurred relative to this Agreement. All such records shall be maintained by the parties for a period of five (5) years following completion and Final Acceptance of the Project.

It is hereby agreed that the Legislative Auditor of the State of Louisiana and/or the Office of the Governor, Division of Administration auditors shall have the option of auditing all accounts of the parties that relate to this Agreement. The parties shall be audited in accordance with La. R.S. 24:513, as applicable.

ARTICLE XI: INDEMNIFICATION/NO THIRD PARTY BENEFICIARY

Entity shall indemnify and save harmless DOTD against any and all claims, losses, liabilities, demands, suits, causes of action, damages, and judgments of sums of money growing out of, resulting from, or by reason of any act or omission of Entity, its agents, servants, independent contractors, or employees while engaged in, about, or in connection with the discharge or performance of the terms of this Agreement or in connection with the services required or performed by Entity or resulting from the ownership, possession or control of the Project.

DOTD shall indemnify and save harmless Entity against any and all claims, losses, liabilities, demands, suits, causes of action, damages, and judgments of sums of money growing out of, resulting from, or by reason of any act or omission of DOTD, its agents, servants, independent contractors, or employees while engaged in, about, or in connection with the discharge or performance of the terms of this Agreement.

Nothing herein is intended, nor shall be deemed to create a third party beneficiary to or for any obligation by DOTD or Entity herein or to authorize any third person to have any action against DOTD or Entity arising out of this Agreement.

ARTICLE XII: COMPLIANCE WITH CIVIL RIGHTS

The Entity agrees to abide by the requirements of the following as applicable: Titles VI and VII of the Civil Rights Act of 1964, as amended; the Equal Employment Opportunity Act of 1972, as amended; Federal Executive Order 11246, as amended; Section 504 of the Rehabilitation Act of 1973, as amended; the Vietnam Era Veteran's Readjustment Assistance Act of 1974, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975; the Americans with Disabilities Act of 1990, as amended; and Title II of the Genetic Information Nondiscrimination Act of 2008.

The Entity agrees not to discriminate in its employment practices, and shall render services under this Contract without regard to race, color, age, religion, sex, gender identity, national origin, veteran status, genetic information, political affiliation or disabilities.

Any act of discrimination committed by the Entity, or failure to comply with these statutory obligations when applicable shall be grounds for termination of this Agreement.

ARTICLE XIII: LEGAL COMPLIANCE

The parties shall comply with all federal, state, and local laws, regulations, and ordinances, including specifically, but not limited to, the Louisiana Code of Ethics (La. R.S. 42:1101, *et seq.*), in carrying out the provisions of this Agreement.

ARTICLE XIV: FISCAL FUNDING

The continuation of this Agreement is contingent upon the appropriation of funds to fulfill the requirements of the contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of the contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

ARTICLE XV: SEVERABILITY

If any term, covenant, condition, or provision of this Contract or the application thereof to any person or circumstance shall, at any time or to any extent, be invalid or unenforceable, the remainder of this Contract or the application of such term, covenant, condition or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each term, covenant, condition, and provision of this Contract shall be valid and enforced to the fullest extent permitted by law.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed by their respective officers thereunto duly authorized as of the day and year first above written.

**STATE OF LOUISIANA
LOUISIANA DEPARTMENT OF TRANSPORTATION AND DEVELOPMENT**

**SIDEWALK AGREEMENT
STATE PROJECT NO. H.013494
LA 52 (PH1): BLUEBERRY HILL – ANGUS DR
ST. CHARLES PARISH**

THIS AGREEMENT, made and executed in three (3) originals on this _____ day of _____, 201__, by and between the **Louisiana Department of Transportation and Development**, hereinafter referred to as “**DOTD**”, and **St. Charles Parish**, a political subdivision of the State of Louisiana, hereinafter referred to as “**Entity**”;

WITNESSETH: That;

WHEREAS, the Entity is presently preparing plans for the removal and the replacement of the existing roadway and installation of subsurface drainage, lighting and landscaping between Blueberry Hill Street to Angus Drive, including the replacement of sidewalks where sidewalks presently exist and construction of new sidewalks; and

WHEREAS, the Entity has requested to include in its plans and construction the installation of sidewalks at designated area along LA 52; and

WHEREAS, the DOTD is agreeable to the Entity’s request provided the Entity assumes 20% of the cost of construction of the sidewalks and upon completion of construction agrees to maintain that portion of the sidewalks;

NOW, THEREFORE, in consideration of the premises and mutual dependent covenants herein contained, the parties hereto agree as follows:

ARTICLE I

For the purpose of identification, the construction of the project including the proposed sidewalks will be designated as **State Project No. H.013454** and **Federal Project No. H013454**.

ARTICLE II

The DOTD will furnish all services incidental to the acquisition of all servitudes which may be required for the construction of the sidewalks along the project described herein.

ARTICLE III

The Entity shall, at its expense, prepare complete plans and specifications for the proposed concrete sidewalk within the limits established in the preamble; DOTD will advertise for and receive bids for the construction of the sidewalk; and will enter into a contract and supervise the construction of the sidewalk.

ARTICLE IV

While the DOTD's engineers shall be charged with the supervision of construction, the right shall be reserved to the Entity to inspect the additional work, as covered herein, at any time during construction. Nothing, however, in this agreement shall be construed to make the Entity a party to the contract between DOTD and its contractor.

ARTICLE V

The Entity shall, upon demand of the DOTD, pay 20% of the cost of construction of the sidewalk as provided below.

Upon receipt of bids by the DOTD and concurrence in the award of contract by the Entity to the low bidder, the Entity shall, upon demand of the DOTD, deposit with the DOTD 20% of the amount of the contract cost for the sidewalk based on the contract bid prices. Overruns and/or underruns in the cost of the sidewalk construction will be determined after completion of the construction and the proper party will be reimbursed accordingly.

ARTICLE VI

The Entity shall hold the DOTD, its officers, agents and employees, harmless from any and all liability or claim for damages arising out of the project including death or injuries to third parties, which claims arise out of negligence of the Entity, its officers, agents or employees. The Entity shall indemnify, save harmless, and defend DOTD, its officers, agents and employees, against any and all claims, demands, suits and judgments for sums of money allegedly due to any party for loss of life or injury or damage to persons or property growing out of, resulting from, or by reason of, any act or omission, operation or work of the Entity, its agents, servants or employees while engaged upon or in connection with the obligations assumed herein or the services required or performed by the Entity or resulting from the ownership, possession or control of the sidewalks.

ARTICLE VII

The Entity agrees to abide by the requirements of the following as applicable: Titles VI and VII of the Civil Rights Act of 1964, as amended; the Equal Employment Opportunity Act of 1972, as amended; Federal Executive Order 11246, as amended; Section 504 of the Rehabilitation Act of 1973, as amended; the Vietnam Era Veteran's Readjustment Assistance Act of 1974, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975; the Americans with Disabilities Act of 1990, as amended; and Title II of the Genetic Information Nondiscrimination Act of 2008.

The Entity agrees not to discriminate in its employment practices, and shall render services under this Contract without regard to race, color, age religion, sex, gender identity, national origin, veteran status, genetic information, political affiliation or disabilities.

Any act of discrimination committed by the Entity, or failure to comply with these statutory obligations when applicable shall be grounds for termination of this Agreement.

ARTICLE VIII

Upon completion of construction of the Project, the Entity shall assume ownership of and shall be responsible for all maintenance and operation of all sidewalks installed under this Project.

ARTICLE IX

This agreement shall be binding upon and inure to the benefit of the parties hereto, their successors and assigns.

St. Charles Parish

Dear Mr. Edwards:

Transmitted herewith are three originals of the proposed document between the Department of Transportation and Development (DOTD) and St. Charles Parish.

Please have the documents signed and witnessed in the appropriate places. If a signature is required from Regional Planning Commission, send all the original signed documents to the following address for their signatures:

Mr. Jeffrey W. Roesel, Executive Director
Regional Planning Commission
10 Veterans Memorial Blvd.
New Orleans, LA 70124-1162

After all required signatures have been obtained, the signed documents may be forwarded to Attn: Susan Williams at 1201 Capitol Access Road, Room 405KK, Baton Rouge, LA 70802, undated. If you have any questions or comments, please contact **Susan Williams at (225) 379-1431** or email at **susan.williams@la.gov**.

To satisfy our legal requirements, please furnish us with a current Original Resolution authorizing the signatory party to execute these documents on behalf of St. Charles Parish.

Sincerely,

Kathy Ward
