Subject: FW: 2020-18-R going forward to Council on Monday
Date: Wednesday, December 16, 2020 3:09:09 PM

Wendy,

Ms. Bourgeois suggested on Thursday that Mr. Bourgeois would have additional information to me on Friday. I didn't receive anything Friday and still have not received additional information or a request to withdraw. I'll keep trying through the holidays since they have said they have documents to add.

Can you please forward what we currently have with the ordinance and recommendation at a glance for introduction at Council?

Thank you.
marny

Bruce and Lorna,
I hope your holidays are shaping up nicely. It has been such a hectic year!

The law requires us to forward rezone requests to the Parish Council in a timely fashion.

I have to forward it as-is on Monday so it meets the schedule requirement.

If you have anything to add to it, for example, documentation that DEQ does not object to residential uses developing on top of a former landfill, please send by Monday at noon.

Have a great weekend.
marny
