DISCLAIMER: COVID-19 data are reported as timely, accurately, and completely as made available to us. Data are updated as we receive information that is more complete and may change over time as we learn more. The new case increase may not match the difference between today's and yesterday's total cases because of the daily removal of newly identified duplicates and out of state cases. Points on the map do not represent the actual location of cases or deaths. Cases reported include individuals with
