Subject: NFIP Updates from CSFI

Good afternoon, CSFI stakeholders,

With the NFIP's current reauthorization expiring September 30, and Risk Rating 2.0 set to take effect for new policies on October 1, we want to make you aware of a few developments this week:

- The House-passed stop-gap spending bill includes an extension of the NFIP through December 3, 2021
- A bipartisan group of senators, led by Majority Leader Chuck Schumer (D-NY) and Sen. Bill Cassidy (R-LA), sent a letter to FEMA today, urgently requesting a delay in Risk Rating 2.0 implementation. You can read the letter [here](#).
- Last week, Reps. Bill Pascrell, Jr. (D-NJ) and Garret Graves (R-LA) led a letter signed by 38 members of Congress urging a Risk Rating 2.0 delay. You can read the letter [here](#).

Thanks for your support for our Coalition for Sustainable Flood Insurance efforts and to those of you who were able to sign on to our [letter to Congress](#) this week. We will continue to keep you updated on significant developments and you can also keep up with the latest news on the [CSFI website here](#).

Thank you,
Ileana
