Application Information #573

Application Type: CWF
Current Status: Submitted for Review

Applicant Entity: St. Charles Parish Government
Population Category:

Maximum grant ceiling amounts are based on the following population ranges:

- Villages (1-999) are eligible to apply for up to \$25,000.
- Towns (1,000-4,999) are eligible to apply for up to \$35,000.
- Cities (5,000-35,000) are eligible to apply for up to \$50,000.
- Parishes are eligible to apply for up to \$100,000.

(If a parish's incorporated communities' combined maximum ceiling amounts are less than the allocation for the entire parish area, the parish can then apply for more than \$100,000.)

House District:

Senate District:

Other Project Participants:
 Enter the name of all other entities involved in the proposed project(s).

Project Beneficiaries:
 Enter an estimate of the number of citizens that will benefit from the proposed project(s).

Is the proposed project located on and/or involve publicly owned property?* Yes No

* - Please note that grant funds cannot be used for improvements on or to private property.

Budget Summary

Complete the chart below for all costs identified with the proposed project(s).

Spending Category	Amount Requested from Program	Amount of Match by Local Government	Specify Other Funds and Source (Source - Amount)		Total
Construction Costs	<input type="text" value="0.00"/>	<input type="text" value="0.00"/>	-- Select Source -- <input type="text" value="0.00"/>	<input type="text" value="0.00"/>	<input type="text" value="0.00"/>
Acquisition of real property and/or equipment	<input type="text" value="170,000.00"/>	<input type="text" value="13,000.00"/>	-- Select Source -- <input type="text" value="0.00"/>	<input type="text" value="0.00"/>	<input type="text" value="183,000.00"/>
Engineering Costs	<input type="text" value="0.00"/>	<input type="text" value="0.00"/>	-- Select Source -- <input type="text" value="0.00"/>	<input type="text" value="0.00"/>	<input type="text" value="0.00"/>
Other Project Costs*	<input type="text" value="0.00"/>	<input type="text" value="0.00"/>	-- Select Source -- <input type="text" value="0.00"/>	<input type="text" value="0.00"/>	<input type="text" value="0.00"/>
Project Total	<input type="text" value="170,000.00"/>	<input type="text" value="13,000.00"/>	<input type="text" value="0.00"/>	<input type="text" value="0.00"/>	<input type="text" value="183,000.00"/>

In the text box below, provide a description of the Other Project Costs if applicable:

N/A

Project Description

In the text box below, provide a narrative addressing the following:

- Detailed description of the proposed project(s). Specify the use of funds and location of the project(s). Itemize any equipment to be purchased. For water lines, how many feet, miles, or blocks?
- Describe how proposed project(s) will improve health, safety, living conditions, and quality of life of the community.
- List physical address(es) of proposed project(s)

The purpose of the Water Meter Replacement Project - Phase IV is to replace 500 existing Sensus ½ inch water meters with Master Meter Allegro series meters. The existing Sensus meters were installed in the late 1980's, and, as with old meters, they are no longer reading accurately and have to be manually read each month by St. Charles Parish Waterworks staff. Installing new Master Meter Allegro series meters will allow St. Charles Parish Waterworks to read the meters using its existing drive-by meter reading system and, in the future, convert the same meters to a fixed base meter reading system. The

Required Documentation

The items below must be uploaded to the portal in order for the application to be submitted.
