Subject: Re: Houston Energy public notice

This should go straight to council since the CZAC has seen it.

Earl,
Do you plan to put this on your agenda for this month or will CZAC look at it next month? I'm not sure of your deadlines.
Thanks,
Sandra

Go ahead and send a letter of objection, this needs to go back to council, it's been changed dramatically since the council issued its opinion. The local councilman may even want to do another town hall meeting, perhaps you should forward this.

Earl,
Please review the attached public notice and advise if there is anything we need to do.
Thanks,
