AGREEMENT

THIS AGREEMENT is effective as of the 27<sup>th</sup> day of April in the year 2000 by and between the Parish of St. Charles, called the OWNER, and Lamar Contractors, Inc., hereinafter called the CONTRACTOR.

OWNER and CONTRACTOR, in consideration of the mutual covenants hereinafter set forth, agree as follows:

ARTICLE 1. WORK

CONTRACTOR shall complete all Work as specified or indicated in the Contract Documents for the above Project. The Work is generally described as follows: Westbank Bridge Park Parking Lot:

The Contract Work generally comprises of the construction of a Portland Cement Concrete parking lot of approximately 7, 700 square yards area, drives, base course, concrete walkways and drainage improvements.

ARTICLE 2. ENGINEER

The Project has been designed by Krebs, LaSalle, LeMieux Consultants, Inc., who is hereinafter called ENGINEER and who will assume all duties and responsibilities and have the rights and authority assigned to ENGINEER in the Contract Documents in connection with completion of the Work in accordance with the Contract Documents.

ARTICLE 3. CONTRACT TIME

- 3.1 The Contractor shall complete all of the Work under the Contract within 60 calendar days from the date of the Notice to Proceed.
- 3.2 Liquidated Damages - OWNER and CONTRACTOR recognize that the OWNER will suffer direct financial loss if Work is not completed within the Contract times specified in Paragraph 3.1 above plus any extensions thereof allowed in accordance with Article 12 of the General Conditions, and therefore, time is of the essence. They also recognize the delays, expense and difficulties involved in proving in a legal proceeding the actual loss suffered by OWNER if the Work is not completed on time. Accordingly, instead of requiring any such proof, CONTRACTOR and Surety agree to forfeit and pay OWNER as stipulated damages for delay (but not as a penalty) the amount of \$300.00 for each calendar day that expires after the Contract Time specified in Paragraph 3.1 for final completion and ready for final

acceptance until the Work is completed. These amounts represent a reasonable estimate of OWNER's expenses for extended delays and for inspection, engineering services and administrative costs associated with such delay. This provision shall be effective between the parties ipso facto and without demand or putting in default, it being specifically agreed that the CONTRACTOR by his mere failure to complete the work on or before the date specified shall be deemed in default.

#### ARTICLE 4. CONTRACT PRICE

**CONTRACT PRICE:** The amount to be paid to the Contractor by the Owner for completion of all work hereunder is a lump sum of Three Hundred Eight Thousand, Nine Hundred Dollars and 35 cents (\$308,900.35). Contract price is firm and subject only to modification by written change order agreed to by both parties.

#### ARTICLE 5. PAYMENT PROCEDURES

CONTRACTOR shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Applications for Payment will be processed by ENGINEER as provided in the General Conditions.

- 5.1 Progress payments. OWNER shall make progress payments which exceed \$5,000 on account of the Contract price on the basis of CONTRACTOR's Applications for Payment, as recommended by ENGINEER, on or about the thirtieth (30th) day following receipt by the OWNER. Applications for Payments less than \$5,000 shall be accumulated until the next payment period or until final payment.

Progress payments will be based upon estimated quantities of completed contract unit price items or upon estimated percentages of completion of the schedule of lump sum values of labor and materials incorporated into the Work on the last day of each month or other mutually agreed regular monthly date ending the progress payment period.

- 5.2 Retainage. Retainage shall be withheld and payments will be made by the OWNER in the payment amount of ninety-five percent (95%) of the approved payment applications.
- 5.3 Final Acceptance and Final Payment. Upon the final completion of all Work, the CONTRACTOR may request a final inspection and may make a final Application for Payment as provided by Paragraph 14.12 of the General Conditions, upon the OWNER's certificate of final acceptance.

Final acceptance of the Work, based upon the certificate of final acceptance, shall be by resolution of the Council of the Parish of St. Charles.

When substantial completion is granted by the Owner, the Certificate of Substantial

Completion is then transmitted to the Contractor for filing with the recorder of mortgages of the Parish of St. Charles. This begins the not less than forty-five (45) day lien period as prescribed for Public Works by Louisiana Revised Statutes 38:2242.

At the expiration of the lien period it is the CONTRACTOR's responsibility to obtain a certificate from the Recorder of Mortgages of the Parish of St. Charles that the Contract is clear of any liens or privileges, and said certificate shall be presented to the OWNER for final payment and release of retainage, less any such sums as may be lawfully withheld under the Contract.

In order to induce OWNER to enter into this Agreement, CONTRACTOR makes the following representations:

In exercising its responsibility with respect to subsurface conditions and physical conditions at the site, CONTRACTOR has or will obtain or perform at no additional cost to the OWNER such additional examinations, investigations, explorations, tests, reports, studies, or similar information or data as may be required by CONTRACTOR for such purposes.
