Dear Resident:

All-Way Stop signs were recently installed at the intersections of Asphodel Drive and Bocage Drive, and at Asphodel Drive and Ashland Drive. It has been requested that the residents living on Asphodel Drive be given the opportunity to advise if they would like for the All-Way Stop signs that were installed to remain or be removed.

Please fill out below and return this letter to the Council Office in the enclosed self-addressed stamped envelope no later than June 15th. **Your response is very important and will be used in determining if the added signs will remain or be removed. The majority count for each location will be used in determining if they will stay or be removed.**

Sincerely,

PAUL J. HOGAN, PE
