1. CONTRACT WITH CONTRACTOR: The Division hereby agrees to contract with the Contractor and the Contractor hereby agrees to perform the services under this agreement in accordance with LCDBG/Division/applicable federal regulations to the establishing of programs and activities. All exhibits or regulations referred to in this contract or attached hereto are by reference made part of this contract.

2. DURATION OF CONTRACT: This contract shall be for a period commencing on the date entered above and ending not more than three years later.

3. RECORDS, REPORTS, AND EVALUATIONS: The Contractor agrees to prepare, retain, report and allow Division inspection for purposes of evaluation, records as may be required by the Division for program management purposes. Such records will contain the documents as required by laws contained in Exhibit D.

Upon completion of this contract, or if terminated earlier, all records, reports, worksheets or any other materials related to this contract shall become the property of the Division. All such books, records and other documents shall be available at the offices of the Contractor (except that books, records, and other documents of a Participating Party may be maintained at the offices of such Participating Party) for inspection, copying, audit and examination at all reasonable times by any duly authorized representative of the State, HUD or the Comptroller General of the United States. Any duly authorized representative of the State shall, at all reasonable times, have access to all portions of the Project.

The rights of access and inspection provided in this paragraph shall continue until completion of all close-out procedures respecting this contract and until the final settlement and conclusion of all

issues arising out of this contract. The records shall be kept for a minimum of four years from the date of final close-out.

4. AUDITS and/or FINANCIAL REPORTS: The Contractor shall furnish the Division with one (1) copy of all audits or applicable financial reports covering funds awarded under this contract. Financial reports shall be prepared by an independent certified public accountant or the Legislative Auditor of the State of Louisiana. The financial report shall be sent within thirty (30) days after completion, but no later than six (6) months after the end of the period (R.S. 24:513A). Contractors whose total federal financial assistance during the Contractor's fiscal year meets the threshold amounts established by OMB Circular A-133 as provided by Title 31 USC Chapter 75 shall have either a single audit (including all required schedules) or a program-specific audit made for such fiscal year in accordance with the requirements of this chapter. Local governments and Parish Police Juries that expend less than the federal threshold shall be exempt from federal requirements. However, state requirements mandate that local governments and Parish Police Juries must still submit financial statements in compliance with financial and compliance audit requirements established by R.S. 24:513.

In addition, audit engagement agreements for audits of local governmental entities or for federal programs administered by such entities must be approved by the Legislative Auditor prior to commencement of the audits.

Failure to comply with all financial report requirements may cause loss of participation in this program and reimbursement of contract funds.

As a part of this agreement and acceptance of their funds, the Contractor agrees to submit to the Division a copy of the most recently completed financial report or audit prior to the receipt of the executed contract.

5. CHANGES: The Division may, from time to time, request changes in the scope of services of the Contractor to be performed hereunder. Such changes, including an increase or decrease in the amount of the Contractor's allocation, must be incorporated as written amendments to this contract. These changes may include the waiver of certain rules and regulations where the Division deems it appropriate.

6. TERMINATION OR SUSPENSION FOR CAUSE OR CONVENIENCE: The Division may, after giving thirty (30) days written notice terminate this contract and payment in whole or part for convenience or cause. Cause shall include but not be limited to:

- (1) failure, for any reason, of the Contractor to fulfill in a timely and proper manner its obligations under this contract, including compliance with approved programs and

attached conditions, exhibits, and such statutes, Executive Orders, and federal directives as may become generally applicable at any time;

- (2) submission by the Contractor to the Division or its Auditors, of reports that are incorrect or incomplete in any material respect;
- (3) ineffective or improper use of funds provided under this contract;
- (4) suspension or termination of the grant from the U. S. Department of HUD to the Division, under which this contract is made, or the portion thereof delegated by this contract.

The Division, where appropriate, may suspend the contract or payment from time to time in lieu of termination based on reasons indicated above. There may be a suspension of payment when a term of the contract has not been resolved by the next payment period.

The Division may also assign and transfer this contract when required.

If the Contractor is unable or unwilling to comply with such additional conditions as may be lawfully applied to the grant received from the Division, the Contractor shall terminate the contract by giving reasonable written notice to the Division, signifying the effective date thereof. In the event of any termination, or suspension, all property and finished or unfinished documents, data, studies, and reports purchased or prepared by the Contractor under this contract shall become the property of the Division. The Contractor shall be entitled to compensation for any unreimbursed expenses reasonably and necessarily incurred in satisfactory performance of the contract. Notwithstanding the above, the Contractor shall not be relieved of liability to the Division for damages sustained by the Division by virtue of any breach of the contract by the Contractor and the Division may withhold any reimbursement to the Contractor for the purposes of setoff until such time as the exact amount of damages due the Division from the Contractor is agreed upon or otherwise determined. The Division may authorize the Contractor to continue with its own funds for the project until a question is resolved with the understanding that a satisfactory resolution will cause the Division to reimburse funds.

7. PROHIBITION AGAINST ASSIGNMENT: Contractor shall not assign any interest in this agreement, and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of the Division thereto, provided however, the claims for money due or to become due to the Contractor from the Division under this agreement may be assigned to a bank, trust company or other financial institution without such prior written consent. Notice of any such assignment or transfer shall be furnished promptly to the Division and its Office of Contractual Review.

8. LEGAL AUTHORITY: The Contractor assures and guarantees that it possesses the legal authority, pursuant to any proper, appropriate and official motion, resolution or action passed or taken,

giving the Contractor legal authority to enter into this agreement, receive funds, authorized by this agreement and to perform the services the Contractor has obligated itself to perform under this agreement.

9. COMPLIANCE WITH FEDERAL, STATE AND LOCAL GUIDELINES: The Contractor hereby binds itself, certifies, and gives its assurance that it will comply with all federal and State regulations, policies, guidelines and requirements, as they relate to the application, acceptance and use of state and federal resources for the State assisted project.

The Contractor further agrees to comply with applicable laws, ordinances, and codes of the State and federal and local governments.

The Contractor has obtained, or has reasonable assurances that it will obtain, all federal, State and local government approvals and reviews required by law to be obtained by the Contractor for the Project; and all Participating Parties have obtained, or the Contractor has reasonable assurances that such Participating Parties will obtain, all such approvals and reviews required by law to be obtained by the Participating Parties for the Project.

Contractor hereby agrees that the responsibility for payment of taxes from the funds thus received under this agreement and/or legislative appropriation shall be said Contractor's obligation and identified under tax identification number 72-6001208.

10. NONDISCRIMINATION: Contractor assures that it is in compliance with all applicable Civil Rights Legislation and Executive Orders, both federal and State.

11. COMPLIANCE WITH APPROVED PROGRAM: All activities authorized by this agreement will be performed in accordance with the approved work program and time schedule as described in the grant application, (including any amendments which have occurred), Exhibits A, B, C, and D, the grant conditions and relevant LCDBG directives. If any activities authorized by this agreement are not performed in accordance with any part of this agreement or if unauthorized activities are performed, the DOA LCDBG Representative may require that any or all grant funds paid-out to Contractor be returned to the Division. Dollar amounts expended for each activity may not exceed those specified in Exhibit B. The release of funds for this contract is conditioned upon approval of the environmental requirements as established by federal regulations (24 C.F.R., 58.71), and other contract conditions listed in Exhibit A.

12. COVENANT AGAINST CONTINGENT FEES AND CONFLICT OF INTEREST: The Contractor warrants that no person or selling agency or other organization has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee. For breach or violation of this warrant the Division shall have

the right to annul this contract without liability or, in its discretion, to deduct from the contract or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee, or to seek such other remedies as legally may be available.

No member, officer, or employee of the Contractor, or its designees, or agents, no consultant, no member of the governing body of the Contractor or the locality in which the program is situated, and no other public official of the Contractor or such locality or localities, who exercises or has exercised any functions or responsibilities with respect to the project during his or her tenure, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed in connection with the Project or in any activity or benefit, which is part of this Project.

However, upon written request of the Contractor, the State may agree in writing to waive a conflict otherwise prohibited by this provision whenever there has been full public disclosure of the conflict of interest, and the State determines that undue hardship will result either to the Contractor or the person affected by applying the prohibition and that the granting of a waiver is in the public interest. No such request for waiver shall be made by Contractor which would, in any way, permit a violation of State or local law or any charter provision of the Contractor.

13. SCHEDULE OF PAYMENT: In consideration of the various obligations undertaken by the Contractor pursuant to this contract, and in consideration of the obligations to be undertaken by Participating Parties, as represented by the Contractor in the Application, the State agrees, subject to the terms and conditions set forth herein, to provide the Contractor with contract funds in the amount of \$675,950.

14. PROGRAM INCOME: Any income earned as a result of this program will either be retained by the local government or submitted to the state. As soon as you are aware of any income that has or will be received as a result of this project, you must contact the Office of Community Development for instructions and guidance.

15. FISCAL FUNDING: The continuation of this contract is contingent upon the appropriation of funds to fulfill the requirements of the contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of the contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

16. REMEDIES FOR DEFAULT: Any claim or controversy arising out of this contract shall be resolved by the provisions of R.S. 39:1524 and 1525.

Incurring Cost for Project Activities

The use of grant funds is conditioned upon the Contractor incurring costs in accordance with this contract or as otherwise approved by the State in writing. The incurring of costs to be paid out of contract funds shall be governed by the following:

(1) No costs incurred prior to the date of authorization to incur costs may be paid out of contract funds other than approved pre-agreement costs.

(2) After the date of authorization to incur costs but before the transmittal of the fully executed contract and release of funds, eligible project costs, including but not limited to costs of Environmental Studies, preparation of architectural and engineering construction drawings, and procurement of professionals may be incurred.

(3) Except as permitted by 24 C.F.R. Part 58, no other costs to be paid out of contract funds may be incurred by the Contractor or any Participating Party until the following conditions are met: (a) all environmental conditions of 24 C.F.R. Part 58 have been fully satisfied and the State has issued the environmental releases required by that Part, (b) a written approval by the State is received of required documentation as specified in Paragraph 11 and Exhibit A of this contract, if any, and (c) written authorization from the State is received to draw funds. All contract conditions must be cleared within six (6) months of the date of authorization to incur costs. Failure on the part of the Contractor to comply with conditions may result in disallowance by the Division of expenditures under the contract, or termination of the grant.

(4) After the Contractor has satisfied all of the environmental and other contract conditions specified in Paragraph 11 and Exhibit A and the State has transmitted a fully executed contract and released funds for the project activities, the Contractor and the Participating Parties may incur any and all eligible costs to be paid out of grant funds.

(5) If the Contractor's grant application included other funds for the purpose of receiving one rating point, include a firm letter of commitment with Exhibit A. The dollar amount of the other funds expended for construction shall be no less than ten percent (10%) of the final bid price, including all change orders, for the construction project. These other funds must be expended in a pro rata manner with the expenditure of any LCDBG funds for project construction as required by the Division.

(6) All work under the terms of this contract must have been completed by midnight of that day occurring three years from the date of this contract. Any work taking place more than three years after the date of this contract, with the exception of administrative closeout procedures and audit

requirements, will not be paid for out of the LCDBG funds awarded in this contract unless this contract has been amended with the approval of the Division of Administration. All lien contingencies must be liquidated ninety (90) days from contract termination date.

Procedures for Requisitioning Payments

There will be only three requisitions per month for housing rehabilitation grants and two per month for all other grants. The amount of each requisition should be in accordance with current LCDBG guidelines.

Unobligated funds remaining at the completion of the contract period specified in page 1, paragraph 2 of this contract shall revert to the State for reuse in other eligible communities.

Budget reconciliations must be submitted in accordance with LCDBG program requirements.
