

RECOMMENDATIONS AT A GLANCE

St Charles Parish Local Coastal Program Document

Coastal Zone Management Section Recommendation:

Approval

Coastal Zone Advisory Committee Recommendation:

Approval as Amended

Motion by: Smith **Second by:** Thigpen

The foregoing having been submitted to a vote, the vote thereon was as follows:

YEAS: Cambre, Oubre, Smith, Thigpen, Waguespack

NAYS: None

ABSENT: Matherne, Melancon, Carlson

Recommendation: Approval as amended, including public comments at CZAC and Council Meeting.

Comments:

Mr. Milton Allemand of Hahnville spoke to the CZAC about the comments he had sent in and seemed satisfied with the address of most of them. He cautioned both the committee and the council to note that the 2030 Plan is not perfect and that as levees are built both that plan and this one would need to be revisited. He praise the document for its plead to higher forms of government to consider the effect of higher mitigation costs on public projects such as flood protection.
