SECTION 00500**CONTRACT**

This agreement entered into this _____ day of _____, 20 _____, by Barriere Construction Co, LLC hereinafter called the "Contractor", whose business address is P.O. Box 1576 (1268 LA-3127) Boutte, LA 70039 and the St. Charles Parish, hereinafter called the "Owner".

Owner and Contractor, in consideration of premises and the mutual covenants; consideration and agreement herein contained, agree as follows:

ARTICLE 1**STATEMENT OF WORK**

1.01 Contractor shall furnish all labor and materials and perform the work required to build, construct and complete in a thorough and workmanlike manner in connection with the following:

Project Name: Road Maintenance 2022-23 Project Number: P220501

1.02 The abovementioned work shall be completed in strict accordance with Contract Documents prepared by: Digital Engineering & Imaging, Inc., located at 527 W. Esplanade Ave. Suite 200, Kenner, LA 70065

1.03 It is recognized by the parties herein that said Contract Documents including by way of example and not of limitation, the Drawings and Specifications dated April 19, 2023, Addenda number(s) 1, the Instruction to Bidders, Supplemental Instructions to Bidders, Louisiana Uniform Public Works Bid Form, General Conditions, Supplementary Conditions (if applicable), any Addenda thereto, impose duties and obligations upon the parties herein, and said parties thereby agree that they shall be bound by said duties and obligations. For these purposes, all of the provisions contained in the aforementioned Contract Documents are incorporated herein by reference with the same force and effect as though said Contract Documents were herein set out in full.

1.04 The Work is generally described as follows: repair and/or overlay of existing asphalt streets.

ARTICLE 2

ENGINEER

- 2.01 The Project has been designed by Digital Engineering & Imaging, Inc. who is hereinafter called "Engineer" and who will assume all duties and responsibilities and have the rights and authority assigned to Engineer in the Contract Documents in connection with completion of the Work in accordance with the Contract Documents.

ARTICLE 3

CONTRACT TIME

- 3.01 The Contractor shall complete the Work under the Contract within 90 calendar days from the date stated in the Notice to Proceed.

ARTICLE 4

LIQUIDATED DAMAGES

- 4.01 Owner and Contractor recognize that the Owner will suffer direct financial loss if Work is not completed within the Contract Time specified plus any extensions thereof allowed in accordance with these General Conditions of this Contract, and therefore, time is of the essence. They also recognize the delays, expense and difficulties involved in proving in a legal proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of requiring any such proof, Contractor and Surety agree to forfeit and pay Owner five hundred dollars \$500 per day as Liquidated Damages for delay (but not as a penalty). Such Liquidated Damages will be assessed for each calendar day that expires after the Contract Time. This amount represents a reasonable estimate of Owner's expenses for extended delays and the costs associated therein. This provision shall be effective between the parties ipso facto and without demand or putting in default, it being specifically agreed that the Contractor by his mere failure to complete the work on or before the date specified shall be deemed in default.

ARTICLE 5

CONTRACT PRICE

- 5.01 The Owner will pay and the Contractor will accept in full consideration for the performance of the Contract the sum of:
- a) (\$ 2,499,902.45) Two Million Four Hundred Ninety-Nine Thousand Nine Hundred Two Dollars and Forty-Five Cents based on unit prices specified within this contract document. Contract price is firm and subject only to modification by written Change Order agreed to and signed by both parties and the Engineer and approved by the St. Charles Parish Council.

ARTICLE 6

PAYMENT PROCEDURES

- 6.01 Contractor shall submit Applications for Payment to the Engineer in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.
- 6.02 Progress Payments. Progress payments will be based upon estimated quantities of contract unit price items or upon estimated percentages of completion of the schedule of lump sum values of labor and materials incorporated into the Work or suitably stored, on the last day of each month or other mutually agreed regular monthly date ending the progress payment period, less retainage.
- 6.03 Application for Payment Form. The form of the Application for Payment must be suitable to the Owner. The Owner reserves the right to withhold payment until the form of Application for Payment is deemed acceptable by the Owner.
- 6.04 Retainage. Per Paragraph 15.01.D retainage shall be withheld and payments will be made by the Owner in the payment amount of:
- a) Ninety percent (90%) of the approved payment applications for projects with contract of less than \$500,000.00; or
- b) Ninety-five percent (95%) of the approved payment applications for projects with contract prices of \$500,000.01 or greater.
- 6.05 The normal retainage shall not be due the Contractor until after Substantial Completion and expiration of the forty-five (45) day lien period and submission to the Engineer of a clear lien certificate and invoice for retainage.

- 6.06 Final Payment. Upon the final completion of all Work, the Contractor may request a final inspection and may make a final Application for Payment as provided by Paragraph 15.06 of the General Conditions.
- 6.07 Final Acceptance. When Final Acceptance is granted by the Owner, the Owner shall file the certificate with the Recorder of Mortgages for St. Charles Parish.
- 6.08 At the expiration of the lien period the Contractor shall obtain a certificate from the Recorder of Mortgages of the Parish of St. Charles that the Contract is clear of any liens or privileges, and said certificate shall be presented to the Owner for final payment and release of retainage, less any such sums as may be lawfully withheld under the Contract.
- 6.09 Claims. Pursuant to La. R.S. 38:2242, when the Owner receives any claim of nonpayment arising out of the Contract, the Owner shall deduct such claim from the Contract Sum. The Contractor, or any interested party, may deposit security, in accordance with La. R.S. 38:2242.2, guaranteeing payment of the claim with the Recorder of Mortgages for St. Charles Parish. When the Owner receives original proof of such guarantee from the Recorder of Mortgages, the claim deduction will be added back to the Contract Sum.

ARTICLE 7

CONTRACTOR'S REPRESENTATIONS

- 7.01 In order to induce Owner to enter into this Agreement, Contractor makes the following representations:
- 7.02 Contractor has familiarized itself with the nature and extent of the Contract Documents, Work, site, locality, and all local conditions and laws and regulations that in any manner may affect cost, progress, performance or finishing of the Work.

SECTION 00500**CONTRACT**

This agreement entered into this _____ day of _____, 2023, by Sealevel Construction, Inc., hereinafter called the "Contractor", whose business address is P.O. Box 1037, Thibodaux, LA 70302, and the St. Charles Parish, hereinafter called the "Owner".

Owner and Contractor, in consideration of premises and the mutual covenants; consideration and agreement herein contained, agree as follows:

ARTICLE 1**STATEMENT OF WORK**

- 1.01 Contractor shall furnish all labor and materials and perform all of the work required to build, construct and complete in a thorough and workmanlike manner:

Project Name: Destrehan Pump Station (P.S.) No. 2 Conveyance Improvements
Project Number: P181101

- 1.02 The abovementioned work shall be completed in strict accordance with Contract Documents prepared by: Picciola & Associates, Inc. located at 115 Picciola Parkway (P.O. Box 687), Cut Off, LA 70345.
- 1.03 It is recognized by the parties herein that said Contract Documents including by way of example and not of limitation, the Drawings and Specifications dated March 17, 2023, Addenda number(s) 1, 2, & 3, the Instruction to Bidders, Supplemental Instructions to Bidders, Louisiana Uniform Public Works Bid Form, General Conditions, Supplementary Conditions (if applicable), any Addenda thereto, impose duties and obligations upon the parties herein, and said parties thereby agree that they shall be bound by said duties and obligations. For these purposes, all of the provisions contained in the aforementioned Contract Documents are incorporated herein by reference with the same force and effect as though said Contract Documents were herein set out in full.
- 1.04 The Work is generally described as follows: Increased pump station sump area, structural modifications to the existing pump station to increase intake water flow, modifications to the proposed additional trash screen bays, modifications to the proposed pump station bridge over trash screen bays and concrete revetment bottom and steel sheet pile bulkhead along Dunleith Canal to increase the basin cross sectional area. Refer to Plans and Specifications for complete scope and details.

ARTICLE 2**ENGINEER**

- 2.01 The Project has been designed by Picciola & Associates, Inc. who is hereinafter called "Engineer" and who will assume all duties and responsibilities and have the rights and authority assigned to Engineer in the Contract Documents in connection with completion of the Work in accordance with the Contract Documents.

ARTICLE 3**CONTRACT TIME**

- 3.01 The Contractor shall complete all of the Work under the Contract within 240 calendar days from the date stated in the Notice to Proceed.

ARTICLE 4**LIQUIDATED DAMAGES**

- 4.01 Owner and Contractor recognize that the Owner will suffer direct financial loss if Work is not completed within the Contract Time specified plus any extensions thereof allowed in accordance with these General Conditions of this Contract, and therefore, time is of the essence. They also recognize the delays, expense and difficulties involved in proving in a legal proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of requiring any such proof, Contractor and Surety agree to forfeit and pay Owner One Thousand dollars \$1,000.00 per day as Liquidated Damages for delay (but not as a penalty). Such Liquidated Damages will be assessed for each calendar day that expires after the Contract Time. This amount represents a reasonable estimate of Owner's expenses for extended delays and the costs associated therein. This provision shall be effective between the parties ipso facto and without demand or putting in default, it being specifically agreed that the Contractor by his mere failure to complete the work on or before the date specified shall be deemed in default.

ARTICLE 5**CONTRACT PRICE**

- 5.01 The Owner will pay and the Contractor will accept in full consideration for the performance of the Contract the sum of:
- a) (\$9,190,697.00) Nine million one hundred ninety thousand six hundred ninety-seven Dollars based on unit prices specified within this contract document. Contract price is firm and subject only to modification by written Change Order agreed to and signed by both parties and the Engineer and approved by the St. Charles Parish Council.

ARTICLE 6

PAYMENT PROCEDURES

- 6.01 Contractor shall submit Applications for Payment to the Engineer in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.
- 6.02 Progress Payments. Progress payments will be based upon estimated quantities of contract unit price items or upon estimated percentages of completion of the schedule of lump sum values of labor and materials incorporated into the Work or suitably stored, on the last day of each month or other mutually agreed regular monthly date ending the progress payment period, less retainage.
- 6.03 Application for Payment Form. The form of the Application for Payment must be suitable to the Owner. The Owner reserves the right to withhold payment until the form of Application for Payment is deemed acceptable by the Owner.
- 6.04 Retainage. Per Paragraph 15.01.D retainage shall be withheld and payments will be made by the Owner in the payment amount of:
- a) Ninety percent (90%) of the approved payment applications for projects with contract of less than \$500,000.00; or
 - b) Ninety-five percent (95%) of the approved payment applications for projects with contract prices of \$500,000.01 or greater.
- 6.05 The normal retainage shall not be due the Contractor until after Substantial Completion and expiration of the forty-five (45) day lien period and submission to the Engineer of a clear lien certificate and invoice for retainage.
- 6.06 Final Payment. Upon the final completion of all Work, the Contractor may request a final inspection and may make a final Application for Payment as provided by Paragraph 15.06 of the General Conditions.
- 6.07 Final Acceptance. When Final Acceptance is granted by the Owner, the Owner shall file the certificate with the Recorder of Mortgages for St. Charles Parish.
- 6.08 At the expiration of the lien period the Contractor shall obtain a certificate from the Recorder of Mortgages of the Parish of St. Charles that the Contract is clear of any liens or privileges, and said certificate shall be presented to the Owner for final payment and release of retainage, less any such sums as may be lawfully withheld under the Contract.

- 6.09 Claims. Pursuant to La. R.S. 38:2242, when the Owner receives any claim of nonpayment arising out of the Contract, the Owner shall deduct such claim from the Contract Sum. The Contractor, or any interested party, may deposit security, in accordance with La. R.S. 38:2242.2, guaranteeing payment of the claim with the Recorder of Mortgages for St. Charles Parish. When the Owner receives original proof of such guarantee from the Recorder of Mortgages, the claim deduction will be added back to the Contract Sum.
